GERMAN REVOLUTIONS LOOM

DETAILS OF FETE ARE FIXED BY BOARD

Gold Trowel Will Be Used By Governor In Laying Arch Cornerstone

AUTOMOBILE TRAFFIC ROUTES ARE DECIDED

No Cooking Will Be Allowed at Park; All Expected to Take Picnic Fare

CARRYING out his belief that no man is too big to come into Orange county to attend a county-wide function, R. L. Bisby, as chairman of the executive committee of the Orange County War Service Recognition Association, is forwarding invitations to President Wilson, Secretary Daniels, Secretary Baker and other men prominent in national war activities to attend the Welcome to Service Men Sept. 9.

Secretary Daniels will be on the coast about that time, and there is just a possibility that President Wilson will be in the West about the same date.

Governor Wm. D. Stephens already has accepted an invitation to attend and deliver an address and to lay the cornerstone of the handsome and permanent memorial arch at the entrance to Orange County Park to be erected by the Board of Supervisors. A gold trowel will be provided for the occasion and Gov. Stephens will retain this as a souvenir of the occasion.

Bisby and Lieut. Norby this morning selected a landing site for planes which will be here on that day from March Field Norby is in charge of the recruiting air squadron now in the city. It is expected that five or six planes will come from March Field on the big day. The landing place is on the mesa just to the right of the last grade leading into Santiago canyon by way of the El Modena Grade.

Committee Meets

The executive committee met yesterday afternoon in the Commercial Club rooms at Orange, with all members present except Postmaster Ahlborn of Anaheim. Those present were Elmer Jahraus of Laguna, E. E. French of Huntington Beach, Major E. J. Marks of Fullerton, F. E. Hallman of Orange, Mrs. A. J. Lawton and R. L. Bisby of Santa Ana and Secretary Jack Wallace of Santa Ana.

Many of the details were discussed and some settled definitely and others passed over for further consideration.

It was decided that in going to the park automobiles would be permitted to travel over the El Modena grade up to 2 o'clock in the afternoon, with return during that time limited to the grades by way of Villa Park. After 2 o'clock machines may return either way. The regulation is to prevent machines returning over the dangerous El Modena grade when there may be heavy travel to the park.

Will Employ Landscape Gardener

The Supervisors will employ a landscape gardner to beautify the grounds by the removal of shrubs, etc., and after the celebration it is planned to devote considerable time to carrying out plans for arranging the park in a more systematic manner and keeping it in the forefront as a public playground.

The memorial arch to be erected will be part of the program. During the ceremony of the cornerstone laying on Admission Day, aeroplanes will drop flowers over the multitude assempled. A firing squad of thirty-two men, formed in a square and facing to all points of the globe, will give the gun salute. Members of the Seventeenth Separate company, national guard will be used. It is the desire of the committee not to burden any of the service men with activities during the day. The wish is to give them a day that they may enjoy as they see fit.

For the presentation of medals, some method will be developed that

WILL INVITE WILSON, DANIELS TO BIG SERVICE MEN'S CELEBRATION

Morgan to Help Build Up Europe

HARRIS & EWING

J. PIERPONT MORGAN

Money King Will Figure Largely In Coming Financial Deals

NEW YORK, June 27.—Perhaps the foremost man in the world of finance in America today is J. Pierpont Morgan, head of the great banking concern that bears his name. During the period of reconstruction in Eureopean countries to come, Mr. Morgan is expected to loom even larger on the financial horizon than he does at present.

Great deals in finance are to be made by the Europeans in getting their business on a solid peace basis. Much of the money needed will be furnished by Americans. Mr. Morgan is leader of the foremost group of these, moneyed men, hence he is expected to figure largely in the big loans to be made.

Morgan is not often seen in public but a photographer caught him in Washington recently and snapped a good likeness, when Mr. Morgan was called as a witness by the Senate committee that was probing the treaty "leak."

OBREGON WOULD BE MEXICO'S PRESIDENT

LOS ANGELES, Cal., June 27.—General Alvaro Obregon, who led Carranza's armies to victory over Villa, announced his candidacy for president of Mexico today. His announcement was in the form of a manifesto published in "Sonora," a Latin-American paper published here. Obregon directed his manifesto be given wide circulation in Mexico.

MOONEY STRIKES ARE PLANNED OVER NATION

NEW YORK, June 27.—A general protest strike to demand the immediate re-trial or release of Thomas J. Mooney will be held in Seattle July 4, James Duncan, president of the Seattle central trades union, stated today.

Duncan stated that protest strikes will be held in various parts of the country beginning July 4 and continuing at specified intervals until Mooney is freed. Detroit unions have voted, 80 to 1, to hold a five days' protest strike, Duncan declared, while California and Oregon workers will walk out en masse, he said.

WILSON MAY REPEAL DRY ACT BELIEF AT CAPITOL

Prohibition Leaders Admit Time Too Short to Pass Enforcement Legislation Before the First of July.

NEW YORK, June 27.—With only three days remaining until war time prohibition is due to go into effect, the prohibition situation today was:

1—Prominent officials and members of congress still believed the president will take some action to repeal war time prohibition as it affects light wines and beer. This action will come up on the signing of the treaty, they claim.

2—Dry leaders in congress admitted that it will be impossible to pass any enforcement legislation for the war time prohibition act in the two legislative days remaining before July 1.

3—The house judiciary committee was expected to formally report to the house today a bill with two distinct sections, one providing for the enforcement of war time prohibition and the other for constitutional prohibition.

4—Should congress approve the house plan, enforcement of the war time act will be more lenient than was previously planned by the house judiciary committee. Only the manufacture and sale of intoxicating liquor are prohibited, but the house bill clearly defines intoxicating liquor under the war time act as any beverage that contains more than one-half of one per cent of alcohol.

5—Although enforcement legislation almost certainly cannot be passed before July 1, drys in congress believe the war time act in itself provides adequate enforcement provisions. While it does not define "intoxicating liquor," the manufacture and sale of liquor is prohibited with penalties of imprisonment from 30 to 90 days and fines of from $100 to $1000.

Wilson's Cablegram Gives Thrill Till All Received

WASHINGTON, June 27.—Early today the telegraph instrument at the White House began to click rapidly.

A cable message was coming from the President to Secretary Tumulty.

"I have decided to life the ban on b——," was the message the operator received. With visions of beer and light wines being saved, the operator excitedly told an assistant to call Secretary Tumulty on the telephone.

But after arousing the secretary, the last word of the message was "bullion."

Enforcement Legislation Formally Given to House

WASHINGTON, June 27.—Enforcement legislation for both war time and constitutional prohibition was formally reported to the House in a bill of two sections by the House judiciary committee today. The vote on reporting the measure was 17 to 2. As the bill now stands the more lenient laws are provided in one section for war time prohibition while the most stringent regulations effect the constitutional section.

The main provisions, however, are not changed from those agreed upon Wednesday. A special rule for consideration of the legislation will be asked but it is practically certain it will not come up in the House until the middle of next week. A minority report will be filed by five members of the committee.

Another eleventh hour move to report a separate bill for war time prohibition failed by a vote of 10 to 6.

NEW AIRPLANE RECORD

PHOENIX, Ariz., June 27.—A new Arizona airplane record today stood to the credit of Captain L. E. Appleby of March field, Riverside. He made the 135 miles from Phoenix to Tucson in 67 minutes. Appleby is here recruiting for the aviation section.

WAGE RATE OF CANNING PLANTS IS GIVEN LIFT

New Scale Fixed By State Commission Going Into Effect on July 1st Will Boost the Payrolls Greatly.

EXPERIENCED women and girls, $13.50 a week or 28 cents an hour.

Inexperienced women, 21 cents an hour.

Inexperienced girls, 18 cents an hour.

Male minors, 25 cents an hour.

The above is a schedule of the minimum wages for women, girls and boys employed in the fruit and vegetable canning industry in California this season, as recently ordered by the Industrial Welfare Commission. The schedule is effective early in July.

The rates of pay prescribed for cannery workers this year are nearly forty per cent higher than last year's minimum wages.

Experienced women and female minors, says a copy of the wage order filed with the county recorder here, shall receive not less than $13.50 a week, or 28 cents an hour, for their labor, in the case of those physically diabled by age or otherwise, and these must have special permits from the Industrial Welfare Commission to work for less and a special minimum will be prescribed for each holder of a special permit.

Inexperienced women must be paid not less than 21 cents an hour, inexperienced female minors not less than 18 cents an hour, and male minors not less than 25 cents an hour.

Minimum Piece Rates

Minimum piece rates, per 100 pounds, are fixed as follows: Asparagus, 22c; cherries, 65c; apricots, 47c; cling peaches, 31c; free peaches, 20c; hand peeling peaches, 50c; pears, 55c; plums, 16c; tomatoes (12 quarts), 4 1-2c.

The rates of pay must be posted on a bulletin board in each plant and a record of each employe and the pay each receives must be kept on approved forms and sent to the commission. If all employes are paid on the piecework basis, more than two-thirds of the workers must receive $13.50 or more a week each.

Ordinarily employes are not permitted to work more than eight hours in any one day, nor more than 48 hours or six days in a week. Sunday is the day of rest unless otherwise prescribed. On ordinary days employes may not work before 6 a. m. or after 10 p. m.

In case of emergency, however, longer hours will be permitted, with pay at 1 1-4 the regular minimum rates for overtime, and double the minimum rates for time over 12 hours in any one day.

"Experienced" workers are those employed for a week or more.

Big Payroll Increase

The new minimum wages, it is predicted, will increase the payroll of the Taylor cannery in Santa Ana approximately $6,000 this season. Practically all of the workers in the California Packing Corporation's plant on East First street average well above this minimum, according to Superintendent J. W. Shumate, and hence the payroll there will not be appreciably affected. The new ruling, however, he said, will force this plant to eliminate the slow workers, and keep only those who can average high in the amount of work done.

The Industrial Welfare Commission has also established new minimum wages for experienced females employed in the mercantile industry of $13.50 a week, or $58.50 a month. Minor learners have three years apprenticeship, starting in at $8 a week for the first six months, and during the five succeeding periods of six months each their pay is advanced to $8.50, $9, $10, $11 and $12, receiving $13.50 after the three years.

Adult learners, 18 and 19 years old,

New Counter Revolution In Budapest Controlled By Forces of Bela Kun

BELA KUN

JOSEPH POGANY

Martial Law Proclaimed By Soviet Head; Armistice After Big Battle

VIENNA, June 27.—A counter revolution has broken out in Budapest.

The battle began when monitors flying the Hungarian national colors bombarded Foreign Minister Bela Kun's headquarters in the Hotel Ungaria from the Danube. This was followed by fierce fighting, which continued through the night. At dawn yesterday an armistice was declared to permit removal of the dead and wounded.

The soviet government proclaimed a state of siege in the capital. Bela Kun, assumed personal command of the soviet forces, has issued a statement claiming the situation is under control.

Hun's right-hand man is Joseph Pogany, minister of war.

Revolt Dies When Leaders Are Captured, Is Reported

COPENHAGEN, June 27.—A counter revolutionary movement against the Hungarian soviet republic in Budapest has been suppressed, according to dispatches received here today.

In addition to street fighting, river monitors bombarded soviet headquarters Tuesday night. Crowds of spectators swarmed the banks of the Danube during the bombardment, cheering and waving flags and handkerchiefs. The revolt was put down when the counter revolutionary leaders were captured, it was said.

The latest advices said order had been restored and that soviet armed guards were patrolling the streets.

BULLETINS

NEW YORK, June 27.—Forty-one cars oranges and 3 cars lemons sold. Orange market strong, prices 25c to 50c higher. In some instances advances were even greater. Averages from $2.80 to $7. Highest price, Alphabetical, $7.30. Lemon market 50 cents higher; averages, $4.49 to $7.20. Weather, rain; 8 a. m., temperature, 70.

VERSAILLES, June 27.—The German delegation to sign the peace treaty will arrive at 9 o'lock tonight, Secretary von Maniel was notified this evening. Previous dispatches had said that the Germans would reach Paris tomorrow morning.

WASHINGTON, June 27.—The House today by a vote of 220 to 0, on its stand that the average army for the next fiscal year must be 300,000 men. Chairman Kahn of the Military committee said that the Senate conference committee had agreed to accept the figure of 350,000 as a compromise.

WASHINGTON, June 27.—The Senate today passed Senator Hiram Johnson's resolution requesting the President to inform the Senate regarding the government's military policy in Siberia.

NEW YORK, June 27.—One seaman was lost and the schooner Friendship, bound for South America with a cargo of linseed, was badly damaged in a collision with the Japanese steamer Tsuruga Maru off Sulpin Light early today.

NATION LEAGUE FOES MAY ASK AMENDMENTS

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, June 27.—Senator Borah made it plain today that he will not be satisfied with any plan regarding the League of Nations which he does not regard as meeting the issue of Americanism vs. internationalism without equivocation.

If Chairman Hays of the Republican National committee comes out for a program of effective amendment, Borah and those who are with him against any league, may be expected to support that program, it was learned.

Some of them are beginning to realize, they admitted today, that a league in some form is inevitable.

Intimations were allowed to seep out from Republican circles today that 51 votes have been pledged against Article 10 (the Monroe Doctrine clause) of the league covenant. Inasmuch as at least two Republicans, McNary and McCumber, have already announced they will vote for Article 10 as it stands, the "pledged" vote must include at least four Democrats.

Administration forces said there are only two Democrats at all likely to vote even for amendments—Reed and Gore.

From cities which have been mentioned as probable stopping places in President Wilson's projected tour, invitations are coming in to Borah and Johnson, they said today, to appear in answer to the president's arguments.

POINDEXTER WILL BE OUT FOR PRESIDENCY

SPOKANE, Wash., June 27.—United States Senator Miles Poindexter is to be formally named a candidate for the presidency of the United States.

A call by prominent Republicans asks that Poindexter clubs be formed all over the state on the evening of July 5.

CUMMINGS TALKS FOR LEAGUE OF NATIONS

LOS ANGELES, June 27.—Opposition to the League of Nations in the United States is born of jealousy more than anything else, Homer S. Cummings, national Democratic chairman, told a mass meeting here last night.

He praised the league plan and President Wilson's foreign policies.

ACTION TO CLEAR UP SHIP STRIKE ISSUES

SAN PEDRO, June 27.—Action designed to make clear the issues involved in the strike of 6000 employes of the Los Angeles Shipbuilding and Dry Dock Company, was taken by the strike committee today. A statement was issued outlining the men's demands. It was then announced that a contract between the company and the men would be drawn up immediately and presented to the company with notice that the strike could not end until the contract is signed.

CONTROL BY ROYALISTS BELIEVED SOUGHT

Escape of Former Crown Prince From Holland Is Significant

PEACE DELEGATES ON WAY TO VERSAILLES

Foreign Minister Mueller and Colonial Minister Bell Are to Sign

By FRED S. FERGUSON
(United Press Staff Correspondent)

PARIS, June 27.—With every preparation completed for signing the peace treaty in Versailles at 3 o'clock tomorrow afternoon, the allied delegates today turned their attention to the internal situation in Germany.

Communist uprisings in Berlin and Hamburg, together with the reported escape of the former crown prince from Holland into Germany were regarded as possibly significant in view of the last ditch fight made by the German government against unconditional acceptance of the terms.

Germany, it was believed in some quarters, is on the verge of a counter revolution and possibly two. While the present government's attention is directed toward the radical revolts in Berlin and Hamburg, it was thought the royalists in the eastern territories might seize the opportunity to attempt a restoration of the empire.

Success Is Doubted

Success of either possible movement is doubted here, but it was admitted that further internal disorder in Germany at this time would prove embarrassing to the Allies.

What part the former crown prince might play in a royalist counter revolution was the basis for considerable speculation. Although known to be unpopular even with the majority of the militarists, it was pointed out that he, as the Hohenzollern heir, is the most eligible candidate for the throne in the event an attempt is made to restore the empire.

The new German delegation which will sign the treaty was en route to Versailles from Berlin today. A change in the personnel was necessitated at the last moment through withdrawal of Herr Giesberts and Herr Leinert. As now constituted it consists of Foreign Minister Mueller and Colonial Minister Bell.

Accompanied by a small staff of assistants, these two officials were scheduled to arrive here at 7 o'clock tomorrow morning, the ceremony beginning in the palace at Versailles eight hours later.

German Peace Delegation Leaves Berlin For France

VERSAILLES, June 27.—The German delegation which will sign the peace treaty left Berlin at midnight and will arrive in Paris at 7 o'clock tomorrow morning, it was officially announced today. The party was scheduled to reach Dusseldorf at 3 o'clock this afternoon. Foreign Minister Mueller and Colonial Minister Bell, the German signatories, are accompanied by three high officials, including Herr Schmidt ,intimate councillor and expert on international law and Herr Krause, economic expert. There are also three legation secretaries in the party.

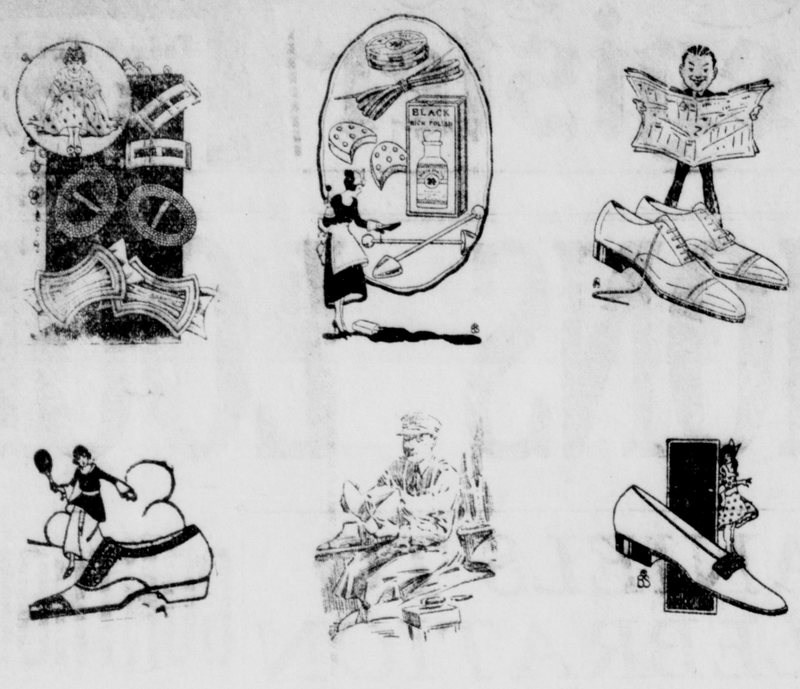

Herr Giesberts and Herr Leinert, who had been appointed to sign with Mueller, withdrew at the last moment.

Dutch Government Says Crown Prince on Island

THE HAGUE, June 27.—The Dutch government officially announced today that the former German crown prince is still on the island of Wieringen.

The former crown prince was reported to have escaped from his place

STEPHENS WAITING FOR OTHER STATES

SACRAMENTO, June 27.—In a letter to Mrs. Seward A. Simons of Los Angeles, Governor Stephens advises, as a friend of the suffrage cause, that ratification of the proposed constitutional amendment can more speedily be effected if California will await the development of a general movement among the states rather than singly to ratify the amendment at this time.

Governor Stephens expressed his views as follows:

"I note what you have to say about the national suffrage amendment, and rejoice with you in its having been passed by Congress.

"I am ready to call a special session of the Legislature at any time to ratify said amendment, provided I have assurance that enough other governors are ready to do likewise.

"I enclose a copy of a 'Round Robin' I have launched. I understand the suffrage workers will see that it goes to all governors.

"If California ratifies now her action will immediately be forgotten, except for statistical purposes.

"If California's governor is one of the governors ready, as he is, to call a special session as soon as other governors are ready, then California will be on the map every moment.

"In the circumstances a state that is ready to ratify is much more effective than one that has ratified.

"I think the plan I propose is a hundred times more likely to quickly bring the desired result."

The following is a copy of the "Round Robin" Governor Stephens initiated:

"I hereby declare that I will call a special session of the Legislature of the state of which I am the governor to consider the ratification of the national suffrage amendment to the Constitution of the United States—whenever definitely assured that the necessary number of governors have stated their intention to call an extra session in their respective states."

DEVELOPS NEW PEACH

What is said to be a new and very valuable variety of peach has been developed by a veteran grower of the Success valley just east of Porterville. This peach, reveloped accidentally from a sport growth, the origin of which has not been determined, ripens in late October at a time when no other peaches are on the market. It is exceptionally large, the fruit is of a deep salmon tint and it is a fine shipper. Last year this grower brought into commercial bearing about two acres of these trees and he reports that he sold the fruit to a local green fruit packer at the rate of $80 per ton net, showing a handsome profit.

Get Ready Now for the "Fourth"

July 4th will be dress-up day—more so this year than every before—and we are ready now to satisfy your dress-up desires.

You'll want a cool, good-looking Summer suit first of all. You will probably have need for it before the Fourth. It's one of the many assembled here—made to keep you cool—designed and tailored in becoming style and to give satisfying service in wear. They are called

Air-O-Weaves

and are produced by The House of Kuppenheimer; distinguished Summer garments. You couldn't ask for anything better. Shown in various color tones; Palm Beaches, Tropical Worsteds, Serges; plain and mixed patterns. Sizes for all men; every type of figure is provided for.

HAPPENINGS AT TUSTIN

TUSTIN, June 27.—The Tustin grammar school vicinity is going to be a busy place Saturday afternoon and evening. All those who are interested in the citrus industry—and nearly everybody is interested around here—are invited to hear Prof. H. S. Fawcett, of the Citrus Experiment Station at Riverside, and witness a demonstration of methods in the afternoon. A good many people will come from some distance and bring their picnic dinners to eat on the school grounds. Ice cream will be in charge of the Tustin P. T. A.

At 7:30 p. m., Prof. H. J. Quayle, a well known expert, will give an address and will exhibit a new liquid gas machine for fumigating.

* * *

An enjoyable old-fashioned dance was given by Mr. and Mrs. Fenlon Matthews at their home last Saturday night. Square dances and cotillions were a special feature and everyone present had a jolly good time. Sandwiches, coffee, olives and cake were served. There were present Mr. and Mrs. Grant Holderman, Mr. and Mrs. Arthur Trickey, Mr. and Mrs. Glyde Cooper, Mr. and Mrs. Clarence Tucker, Mr. and Mrs. Alton Aldermon, Mr. and Mrs. Frank Stearns, Mr. and Mrs. Hudley Kiser, Mr. and Mrs. Harry Kiser, Mr. and Mrs. H. E. Matthews.

Mrs. Guy Bolyard and sister, Mrs. S. L. Mandersheid, motored to the home of Miss Helen Wilkie in Los Angeles last Friday to celebrate the double birthday of Mrs. Mandersheid and Miss Wilkie. They were accompanied by Mrs. Rex Rogers and Mrs. Jack Hocking of Greenville. A birthday dinner was enjoyed and they stayed all night, took in a good show and returned Saturday evening accompanied by Mr. and Mrs. Rob Huggins to Greenville, where they enjoyed a fine time at a barn dance Saturday night.

A party of friends from Tustin helped to celebrate the eleventh wedding anniversary of Mr. and Mrs. Hubert Hubbard last Tuesday at their home in Los Angeles. Among the relatives and friends were Mr. and Mrs. C. L. Higgins, Miss Edith Higgins, Mr. and Mrs. A. E. Bennett, Misses Wilhelmina and Mildred Bennett, Miss M. C. Childs, Miss White and Miss Hattie Stevens. They celebrated with a picnic dinner in the yard at 1 o'clock.

Mrs. Geo. B. Prather, Sr., was a guest on Tuesday at the reception at Long Beach held in honor of Mrs. Spieller M. Messick, vice-president of the Rebecca Assembly of California.

Mr. and Mrs. I. L. Marchant motored to Redlands on Tuesday to attend the graduation exercises at Redlands University, where their daughter, Miss Mildred Marchant, is attending school. They enjoyed the play, "The Pirates of Penzance," at the Zanja fiesta which is held every year. Miss Mildred will finish the course at the University in two more years.

The Tustin Advent church picnic was held last Saturday at Orange County Park. There were about 95 present and everybody had a most enjoyable time.

Mr. and Mrs. Roy Russell have taken a cottage at Balboa for the summer.

Mr. and Mrs. Harry Hanson entertained the young people's class of the Tustin Advent Christian church Sunday school Tuesday night at Balboa. A delicious supper was enjoyed on the beach.

A farewell reception for Mrs. Drummond by the ladies of the W. H. and F. M. Wednesday afternoon at the home of her daughter, Mrs. Spicer, was held. Mrs. Drummond was back East on account of the illness of a daughter.

The friends of Charles Moore were glad to have him among them on Wednesday and to know of his safe arrival from France.

A meeting of special interest will be held at the Tustin Presbyterian church Sunday morning at 11 o'clock. Judge Thomas and A. E. Bennett, who attended the meeting of the Presbyterian General Assembly at St. Louis in May, will tell some very interesting things about this great meeting. Judge Thomas and Mr. Bennett were sent as delegates from Los Angeles Presbytery to this annual assembly of all the Presbyterian churches in the United States and foreign mission fields.

URGES GROWERS WATCH THEIR SEED POTATOES

To hold the cost of potato production at a reasonable figure, department of agriculture officials advocate that greater attention be given by growers to the production of their seed stock. They believe that every grower would derive benefits from giving special attention to the removal of all plants not true to variety, as well as all diseased, weak or abnormal plants from a sufficient number of rows in his field to provide an ample supply from the remaining plants to plant the acreage desired the following year.

For example, the potato specialists say, if the custom is to plant 20 acres to potatoes, it would be necessary to obtain an ample seed stock, to weed undesirable plants from at least two acres. Time required for this work would be comparatively little.

If a large percentage of off type or diseased plants are found to exist in a field, tubers from it should not be retained for seed purposes unless a better source of seed supply is not available. In that case most careful and painstaking roguing to eliminate, so far as practicable, all mixtures and all diseased plants should be conducted. It will take a larger acreage to supply the necessary seed than will be the case where the stock is relatively pure and disease-free.

The Oregon voters have indorsed an increased tax levy for good roads building and also contemplate a $10,000,000 good roads bond election.

An effort is being made in Oregon to merge all of the fruit growers county and state co-operative organizations into one state organization.

Georgia has planted more largely to pecans this year than formerly. The growing of this nut is becoming a great business in some sections of the South.

Merced county is making a fight against disease bearing mosquitoes.

The Tulare county citrus section reports transfer of many citrus groves.

COURTHOUSE NOTES

Louise Hugo, with Eden and Koepsel as her attorneys, has filed suit for divorce from Victor J. Hugo. Arthur B. Andrade with J. C. Burke as attorney, asks divorce from Grace Andrade.

Quiet title judgment has been entered in the suit of Ella P. Murray against Thso. J. Richardson et al.

J. N. Anderson is sole appraiser of the estate of Martha E. Harmon, deceased.

Ethel Stone was appointed guardian of Arnold Johnson, a minor.

John Miller pleaded not guilty to burglary of a place owned by Lee Shaw between El Toro and the Modjeska ranch on June 4, and his trial was set for July 9 at 10 a. m. N. B. Wellington is his attorney.

Frank Maldonado was committed to the Ione reform school until he is 21 years lod.

Hugh Carothers, charged with non-support, withdrew his plea of "guilty" and entered a plea of "not guilty."

The case of Agnes Maganety vs. J. N. Kint is set for trial on Sept. 23, at 10 a. m.

Decrees of dissolution have been granted to the El Tovar Ranch company, Borchard Land company, and the Stern and Goodman Mercantile company.

Louis C. Watson was appointed guardian of the property of his father, David J. Watson.

Frederick A. Wilcox was appointed administrator of the estate of L. C. Wilcox, deceased. August Lemke was appointed administrator of the estate of Ernest Lemke, deceased.

The will of Martin Kressen, deceased, was admitted to probate, with Walter Kressen as executor.

DECLARES DR. THOMAS IS CHAMPION LOAFER

Mark Mason, a round-the-town writer in the Philadelphia Transcript, has the following concerning Dr. J. D. Thomas of Olive, who is now visiting his former home, Philadelphia:

"Bue it takes Dr. Thomas to do perfect loafing. He loafs while he sees that all of his manifold and self-imposed obligations are carefully and faithfully met. He rides 500 miles in an automobile to see that nothing under his care lags for the want of attention. He rises with the sun and sleeps but a few hours each night, but he positively refuses to work. He describes all of the wonderfully generous, patriotic and public-spirited things he does as 'bumming.'

"I enter Dr. John Durbin Thomas of the Union League, Philadelphia, and Olive, Orange county California, as the world's champion loafer.

"Who's your candidate?"

ALMOST FORGOTTEN.

The bride and bridegroom were just about to say "I will." when the bride's mother dashed madly from the room, and returned, running up the aisle to the bride, and pushed the bridal bouquet into the bride's hands. In the excitement of the occasion the flowers had been forgotten.

Tulare is planning for one of the best equipped co-operative canneries of the state.

1919 Muscat grapes are commanding around 10 cents.

ERVICE MEN TO GIVE MINSTREL SHOW SOON

nta Ana Chapter Organized Last Night; Dr. John Wehrly Is President

A Santa Ana chapter of the Service n's Association of Orange county s organized last evening at an en- siastic meeting held in the city l, representing all branches of the vice, and there is every indication t the organization will be a success every way.

Dr. John Wehrly, who organized the d Cross chapter here and was over- s for several months, was chosen sident; Leigh Faul, vice-president; rge W. Smith, secretary; Lester bs, treasurer. The board of trus- s is composed of F. M. Dean, arles B. Wheatley, Frank Sproull, arles Logan and Elmer Whitson.

The president appointed the follow- committees:

By-laws—Chas. D. Swanner, George tt and Louis A. Riehl.

Entertainment—C. B. Wheatley, Alan vill, Lawrence Eaton, Howard mons, Russell Coleman and Donald pkins.

Membership—Franklin Grouard, Ar- r Brady, Don Andrews, Sid Saunby, arles Russell Cook and F. C. West- e.

The chapter went on record as ap- ving and appreciating the entertain- t and picnic to service men at Or- e county park September 9 by the r Service Recognition Association, all will be there to take part.

he meeting was addressed by Clyde hop, veteran of the Spanish-Ameri- war, who urged the men to organ- in local communities and to profit the experience of the Spanish War erans by sticking together and by rushing into some national associ- n. He recommended a plan of nty organization such as alrea pted in Orange county, to affiliate h a national organization at some r date.

Minstrel Show Plans

onald Hopkins, now living at 1040 st Fourth street, Santa Ana, who entertainment director for the ety-first division and who put on show that General Pershing de- ed to be the best he had seen in nce, was authorized and directed ut on an "O. D. Minstrel Show" in near future, and he wants a big ch of service men to take part. shell Clayton has applied for a job end man, it is said, and Buck Fipps been suggested for a similar posi- . The entertainment committee as- s Langhing Bill a seat in the front . A big show and a big laugh is sed. Service men should appiy . Wehrly or members of the en- ainment committee for details as ow they can help.

he next meeting of the local chap- will be held next Wednesday eve- g, July 2, at the city hall at 8 p. m. that time the entertainment com- ee will submi a full report on the strel show plans, dances, and other rtainments planned for the com- months. All service men are u d to attend that meeting. Those ing to join may apply to any ber of the membership commit- or any officers of the chapter.

he regular meetings of the Santa chapter, it was decided last night l be held on the first Thursday eve- of each month. Nominal dues of year per member were also decid n.

hose who last night signed up as ter members of the chapter are following:

. R. Coleman, Louis A. Riehl, S. M haus, Charles D. Swanner, H. K eroy, Anton H. Segerstrom, Her A. Boose, F. L. Grouard, S. E. nby, James Magill, Kieth De Long ald S. Hopkins, L. S. Strong, Ed- d L. OPERATORS WILL ORGANIZE S. A. LOCAL

Charter For Union Has Been Asked and Will Be Granted Soon

With sufficient members identified with the Los Angeles telephone operators union to institute a local organization, striking operators have asked for a charter for Santa Ana, and it is expected that a local will be working in full force soon.

The operators of the county who are identified with the union will meet here tomorrow morning at 10 o'clock at Woodman Hall, which is headquarters for the strikers.

There are about forty striking girls in the county, according to the statement of a local girl today, and so far there has been no deflection. The girls are standing fast and holding out for a better wage.

"The attitude of the telephone company towards its girl employes has changed very materially since the strike", declared a girl striker this afternoon.

"It suddenly has become deeply interested in the operators who are on duty and is providing them with ice cream and entertainment, where before it did not even recognize the operators to the extent of furnishing them ice water in the summer.

"At Anaheim the company is providing the girls with meals and sleeping accommodations. We are fighting for a fair compensation, and we are entitled to it. I believe the strike will be settled in a very short time.

"Eleven girls have left the Santa Ana exchange. While we have had no great numbers join the union since the strike was called, there are many who will quit the boards as soon as they can get in touch with their families, who reside elsewhere.

"There have been a number who would have joined the organization had they intended continuing permanently in the business of operating at the switchboards. They contemplate leaving the board for other occupations and for that reason have not joined the union."

According to newspaper reports from the northern end of the county the exchanges there are giving a full service now. Fullerton is running short handed but is giving a satisfactory service. Anaheim and Placentia are running with full forces, according to a statement by a telephone official.

The exchanges south of the river are giving normal service and have been right along.

Reduction of Telephone Bills Is Sought In L. A.

LOS ANGELES, June 27.—Declaring that the city public utilities board has been swamped with complaints from telephone users who want to know if they must pay for full phone service, the chief engineer of the board announced he would ask the telephone company for a full report on the volume of business handled since the telephone strike began He also will ask what percentage of full service has been rendered.

President Cass of the company declared there is no occasion for making any rebate or reduction on telephone bills.

"We are giving good service," he said. "While the girls may have to count 'one, two, three' at times before making a connection, the service is good."

He said there might be individual cases needing adjustment but that the situation does not demand a general rebate.

The telephone strikers devoted much of their attention today to the hearing on the temporary injunction restraining them from picketing. The hearing was held before Superior Judge Jackson this morning. Attorney Arthur Wright for the company asked further time in order that he might prepare an answer to the affidavits of the strikers. The delay was granted and the hearing will be resumed Thursday morning before Judge Weller.

During the debate in court this morning, Attorney T. P. White for the strikers complained that the present injunction is entirely too broad in its scope and interferes with clearly defined rights of the strikers.

Hold Another Conference To Settle Phone Strike

SAN FRANCISCO, June 27.—Telephone company officials and officials of the coast telephone employes will go into another conference today in an attempt to settle the state-wide strike. If this fails, they will meet with Mayor Rolph and a commitee named by the city supervisors, to decide some other plan.

This was decided upon after Rolph and the supervisors listened to the stories of both sides in the strike late yesterday. The strikers are willing to accept the company's offer of a basic $6 per day for linemen, etc., but intend to remain out until the girls' demands are met.

RED BLUFF, Cal., June 27.—Local telephone operators organized here last night and joined the state-wide strike this morning. Only one of the ten girls employed remained. The operators are picketing the office.

ARTS ALLIANCE WILL BUILD AMPHITHEATER

LOS ANGELES, June 27.—Forming the Theater Arts Alliance, a group of Los Angeles leaders of the artistic world have launched a plan for building an art center in the Hollywood hills which they hope will make Los Angeles the American Oberammergau.

The project includes building of a huge amphitheater for out-of-door productions. A track of 54 acres has been acquired as a site.

After you've bought

THAT'S where the most important part of clothes service comes in. You can't always tell when you buy things whether they're going to be right later on. You can here; we make things right; always. Your satisfaction is guaranteed.

Men who know value appreciate Hart Schaffner & Marx clothes

PART of our service is to have for you the best clothes values we can get. We find the best in Hart Schaffner & Marx clothes. Men who are good judges of style, quality, fine fabrics and tailoring, know that we're right about it. If you're looking for the finest clothes to be had, see these at $35, $40, $45.

Blue serges—always good

A BLUE serge suit is always good on all occasions; but all blue serges are not good in quality. Unless they're fast in color and all-wool, better not have one.

Hart Schaffner & Marx

blue serges are right; guaranteed to be that way; you can't go wrong when you get yours here; extra values right now.

What About Shirts?

Better have plenty of them for summer and you ought to have good ones. We have them; all fabrics, and all colors! silks, cords, silk and linens, crepes, madras shirts—and exceptional values.

Stylish Straw Hats

Just getting on a "straw" doesn't mean you're stylish; some shapes and weaves are good—others aren't. You can be sure of the correct thing here; Panamas, Sennets, Bankoks are the good ones.

ODD NEWS NOTES

PORTLAND, Ore.—A. Bachelor belies his name. He has been arrested on a charge of having three wives.

NEW YORK—Until owners can prove they don't travel as fast as their chauffeurs, Magistrate Folwell is going to fine both.

OSSINING, N. Y.—Charles Ortner says he likes the place and Sing Sing warden simply can't get him to accept parole.

DALAS, Tex.—S. G. Scott, civil war veteran, disputes the world's championship claim of a Pennsylvanian who ate 42 eggs at one sitting. Scott says during the war he ate 47 and stopped while still hungry, "because he didn't want to make a hog of himself."

SAN FRANCISCO—Police Judge Oppenheim out-Solomoned Solomon. Two women with indisputable claims to ownership of a Belgian hare left satisfied when the court elected to retain the hare and divide the imminent offspring.

WEBSTER CITY, Iowa—They're wondering whether everyone's making catsup or whether it's a preparation for the big thirst. At any rate, one store here sold 888 bottle tops in two days.

SAN FRANCISCO—As a means of reducing delays incidental to making change in war tax payment, the mint is working 24 hours daily making 100,000,000 pennies monthly, to go as far east as Chicago.

SIGN FOR AVIATORS AT SANTA BARBARA

SANTA BARBARA, June 27.—Santa Barbara now has a sign for airplane men that can be read by the aviators passing over the city at a height of two miles or less. The big aviators' sign has just been completed on the roof of one of the main buildings of the American Film company, which is in the upper residence district of the city.

WIFE OF WILLIAMS WILL GO ON STAND

LOS ANGELES, June 27.—Mrs. Earle Rafael Williams, who was Miss Florence Walz of New York, is expected to take the witness stand today to help her husband fight the suit for $160,000 breach of promise brought against him by Miss Roma Raymond.

Her testimony and that of B. B. Shaw, movie actor, are expected to throw new elements into the case.

Miss Raymond has practically completed her story of Williams' alleged courtship. Her testimony came to a cilmax with a whispered recital of what Miss Raymond said was Williams' final refusal to make her his wife.

"He was my man," she told the jury. "I loved him. His physical condition did not matter. He was my man. He said 'No, dear. You are a dear and I love you dear.' He put his arms around me and said, 'God bless you, little girl; I love you.' It was the last conversation I had in his arms."

Folks who like good 'eats,' like POST TOASTIES says Bobby

BUTTERMILK TO BE GIVEN DAY TO ITSELF

Department of Agriculture Thinks the Drink Is Worth Emphasis

WASHINGTON, D. C., June 27.—July 1 is National Buttermilk Day.

Buttermilk, the United States Department of Agriculture thinks, it one of the best drinks in the world—nutritious, palatable and full of zest and vim. The man who drinks buttermilk regularly and copiously is doing a good turn for himself. That is one of the purposes of proclaiming National Buttermilk Day. The other is that the dairy industry in the United States will be encouraged.

Buttermilk Day, it is hoped, will remind many people of this drink, introduce it to others, and be the beginning of a greater consumption of buttermilk that will contribute to the health and happiness of the consumers and, at the same time, help dairy farmers to develop production.

To insure an ample supply of buttermilk, both for homes and for hotels and restaurants on July 1, the Department of Agriculture requests creameries, milk plants, and other dairy establishments to co-operate in the plan to popularize the drink.

It is pointed out that, while straight buttermilk is an excellent drink, there are a number of delicious combinations. Buttermilk lemonade is obtained by adding the juice of two or three lemons to a quart of buttermilk, with sugar to taste. Buttermilk may be combined with lemon juice, orange juice or eggs and sugar for making frozen dainties.

Aside from its food and beverage qualities, buttermilk is said to possess medical qualities. Many physicians prescribe it in the treatment of certain intestinal disorders. The bacteria that brings about the chemical change by which buttermilk is produced is believed by many physicians and bacteriologists to destroy certain other organisms that, in the human body, tend to hasten senility. Many prominent men drink buttermilk regularly as a tonic. One of the most widely known lecturers and writers in the United States drinks buttermilk as regularly as he brushes his teeth—and declares that he feels himself getting younger with every glassful.

ALFALFA IS BIG CROP

HEMET, June 27.—The Hemet country is rapidly becoming one of the largest alfalfa districts in Southern California, there being more than 2500 acres already planted. There is probably another 1000 acres immediately tributary to San Jacinto.

A Firestone Year

GOOD news travels fast. That's why "the trade" speak of this as a "Firestone Year." The mileage that the Firestone Gray Sidewall has been giving has gotten around.

No more shopping around for those who have discovered the real most miles per dollar answer—

TO THE GRADUATES

A lot of good advice is being given to graduates this week. A good deal of it has to do with abstract principles and a good many commencement addresses represent a lot of sermons boiled down ad presented with telling force. But there is one piece of advice that deals not with abstract principles, but with the decision that the graduate must make, if he has not already made it, as to what he is going to do in the next two, three or four years.

What next?

Invariably, the advice given by grammar school, high school and junior college commencement speakers is that the students enter some higher institution and continue with their education.

It is good advice. There is no doubt about it, for the country is now well advanced in a period in which education counts for a great deal. College men and college education during the war made great strides in the estimation of the world. A great period of readjustment is before us, and in the opportunities that this world offers it will be those who know how to do things who will achieve the best results.

Schooling is not everything, of course. There are too many college men whose failures prove that a college education misused or in the hands of one who hasn't the strength of character or the strength of personality to use the tools that are given him by his college is valueless. After all is said, the success of his life depends upon him, not upon his college and not upon the completion of certain defined courses of study.

At college, the curriculum, too, is not to be counted as the only phase to be considered. College life, the brushing up against people, the contact with broader minds and bigger people, the opportunity to achieve in academic affairs, the field for making of true men and true women—these are things to be considered in the selection of a college.

So far as actual study is concerned, so far as opportunity for two years or four years of digging into books goes, one college is about as good as another. For that alone, one could put in four years of digging in the public library under suggestions from courses given by correspondence schools. It's the atmosphere of college, the spirit of the life lived there, the probability of arousing ambitions, the pointing of the way, the development of latent talents that are of consequence in going on to some college or university beyond the high school.

THE AIR SERVICE

Congress is fortunately adopting a more liberal policy with regard to aviation. The House, voting an appropriation of only $15,000,000 for the naval air service next year, has raised the amount to $35,000,000. It was made clear that the navy could not get along on less than $35,000,000, unless it were to eliminate all progressive, experimental, constructive effort and simply continue its present equipment and stand pat on present achievement.

Now similar steps may be taken with the army air appropriation. The House committee has cut that down to $15,000,000. The original estimate of $86,000,000 seems small enough, when compared with those of the other powers. Great Britain is planning to spend $300,000,000 on aviation next year.

The federal aviation service was long enough a disgrace to the country. It has only lately attained a strength and effectiveness in which Americans can take any pride or satisfaction. The nation, while naturally not disposed to spend money on airplanes at a war-time rate, realizes the value of maintaining and developing this new mode of transportation, for purposes of war and peace alike, and is willing to pay any reasonable price.

FOR THE LEAGUE

It would hardly be accurate to characterize the Federation of Labor vote on the League of Nations as a straw showing which way the wind blows. It looks more like a strawstack in a tornado. There is no mistaking the fact and its significance.

The vote cast at the Atlantic City convention in behalf of the more than 30,000 local unions represented was 29,750 in favor of the covenant as it stands, and only 420 against it. That is seventy to one.

It cannot be argued logically that this indicates the actual ratio of public opinion on the subject. The unions were strongly influenced by the favorable provisions incorporated in the peace treaty in behalf of labor. But with all due allowances made for this and other determining factors, it looks like a pretty clear indication of the way the "plain people" feel about the matter.

That vote registers the sentiment of 3,000,000 workers, representing directly, with their families, perhaps 15,000,000 people, and indirectly representing many millions more. It seems likely that unorganized labor in general will follow the lead of the Federation.

Here is the biggest block of definite public sentiment that has yet appeared in America on either side of the controversy. Opponents of the League may well doubt whether they can muster any weight of hostile sentiment sufficient to counteract it.

To Belgium

Pasadena Star-News

Every Loyal American is gratified that President Wilson has visited Belgium. He carried officially to that brave government and people the sympathy of the American people. In his own gracious way he, officially and personally, expressed profound admiration and respect for Belgium's high courage and magnanimous devotion to right, even to the extent of going to the stake in national martyrdom, as it were.

The world never will forget—America least of all—that sublime spectacle of a people that preferred to perish, or to suffer unspeakable ravishment, rather than unsouledly to submit to the haughty invader in his atrociously unjust invasion. No people ever suffered more with so little murmuring or with grander manifestation of invincible spirit than did the Belgians.

They are a grateful people. They greeted America's President demonstratively and affectionately. Their statesmen and orators voiced eloquently Belgium's gratitude to Americans all, and particularly to Herbert C. Hoover and Brand Whitlock, whose efforts in Belgium's behalf will always shine out, in history, amid the somber clouds of the great war.

The Budget System

What is the present Congress going to do about creating a national budget system? This is a question which at the present time is being asked by tax organizations and research bodies. Congress is pledged to establish a modern budgetary practice in the federal government. But the last Congress was similarly pledged and failed to keep the pledge. From the looks of things the present Congress is going to give a great deal of attention to politics, and it may be that as a result of its political activities the budget plan will be forgotten. Every business interest in the country would do well to remind its representatives in the Senate and House not to overlook this important matter.

The United States is the only great nation which does not systematically plan its expenditures on a budget basis. We are indeed the most easy-go-lucky and profligate of powers. The estimates for the federal departments are presented to Congress by the Treasury. They are not reviewed by the executive. The appropriation bills are prepared by fourteen independent committees in the House and fifteen in the Senate. These committees work independently of each other and of the executive.

What kind of federal financing can be expected under such a system as that? Duplication of appropriations is inevitable in some instances, while in others it is just as inevitable that proper financial provision is not made.

So far as it has found expression, the sentiment is in favor of an executive national budget; that is, a budget presented by the President and sponsored by him.

It is to be hoped that an executive budget system will be adopted, not only because an executive budget is the best budget, but also because it will serve as a model for the states. Every state ought to have a budget prepared by its governor, and yet, perhaps, Illinois is the only state thus far to adopt this plan. The demand for executive budgets is becoming stronger all the time, and in a few years, it is to be hoped, practically all of the commonwealths will be found making their appropriations upon a budget basis.

Vote the Bonds

Long Beach Press

When an obviously meritorious measure comes before the people, to be voted upon, it is confronted by one big menace—that is, overconfidence among voters friendly to it. It is so common for electors, in such circumstances, to say: "Well, everybody's for the bonds; there's no need of my going to the polls." This attitude on the part of great numbers of qualified voters has killed or crippled many a good measure.

The $40,000,000 state highway bond proposal, to be voted upon next Tuesday, will suffer from this very overconfidence, if its friends do not rally well. That the measure will carry seems to be a foregone conclusion. But it should have a very large vote and an overwhelming majority, as it deserves. The people—all the people—should manifest their interest in it.

There should be realization among the people that everybody will benefit from this huge outlay: that practically all the $40,000,000 will be disbursed here in California to Californians; and that it will help mightily in readjusting economic conditions and in providing work for returned soldiers and sailors.

How the Money Will Be Raised to Pay Off Bonds

The Forty Million Dollar Bond Issue Will Be Paid Off From Funds of the State Derived From the Corporation Tax. County Taxpayers Will Be Asked to Pay Only the Interest on That Portion of the Bonds Used for the Construction of State Roads In This County.

The Register is in receipt of a letter from a well known farmer protesting against the $40,000,000 state highway bond issue, which is to be voted on Tuesday, July 1st, on the ground that it will impose a burden of taxation on this county which the taxpayers can ill afford. The writer assumes that this county will be called upon to pay off its pro rata of the $40,000,000 issue and that this county's proportion will be based on the total assessed valuation of all taxable property in the state of California.

The Register's correspondent's opposition is based on wrong information entirely. The Register submitted the letter to the chairman of the California Good Roads Campaign committee, for an authoritative statement as to how the long term bonds are to be paid off. The chairman called up the headquarters of the general committee in San Francisco, and the following conversation took place over the long distance telephone.

Question—Voters of this county opposed to the $40,000,000 bond issue claim that the taxpayers of this county will have to pay directly that proportion of the entire bond issue that the entire taxable property of this county ($100,000,000) bears to the entire taxable property of the state. Is this true?

Answer—No, this is not true. The taxpayers of Orange county will not pay one cent of the $40,000,000 principal.

Question—From what source will the funds be raised to meet the principal and interest of this $40,000,000 issue?

Answer—The principal sum of the $40,000,000 bond issue will be raised exclusively from and by the corporation tax of the state of California, not one dollar being taxed directly to any taxpayer in Orange county.

Question—How will the interest on the $40,000,000 be paid?

Answer—Interest will be paid by each county in proportion to the actual amount of money expended out of this $40,000,000 bond issue within the confines of the county.

So, you see, no county will be called upon to levy taxes to pay off the principal of the bonds. No county will be called upon to pay any part of the bond interest unless a portion of the $40,000,000 fund is expended within the county.

Worth While Verses

SMILE.

'Tis easy to smile when the sun smiles,
And the sky is a field of blue;
But give me your smile when the sun is gone
And the sky is of leaden hue.

'Tis easy to smile when the flowers smile, too,
And you walk in their odors sweet;
But give me your smile when the flowers are dead
And the thorns prick your weary feet.

'Tis easy to smile when the birds sing cheer,
And you hark to the rippling rill;
But give me your smile when the waters sigh,
And the songs of the birds are still.

—Selected.

PERSONALS

G. P. Hill and family have gone to Hemet to stay for the month of August to help with the apricot crop.

Mr. and Mrs. N. J. Warner, 1417 North Main street, started today on an extended trip East. They go via San Francisco and the Union Pacific to St. Paul, Minn., which will be their headquarters. They will visit at their old home, Spring Valley, Minn., and at other places in that vicinity. Returning home about the middle of August, they will be accompanied by their daughter, Mildred, who is now in the East.

Neal Brock returned yesterday from a trip by automobile to Yosemite valley.

Theo. West, who has been in a government spruce camp in the Vancouver district for the past six months, returned home Wednesday evening, having been discharged at Vancouver. He was in the "cut-up camp," one of the largest mills the government operated during the war.

Mr. and Mrs. F. M. Joplin and son of Crowley, Louisiana, who have been visiting his brother, J. C. Joplin, left here yesterday. They expected to visit in Los Angeles, at Catalina, and to stop over for short visits in Salt Lake City and Denver en route home.

CHEER UP

Only pessimists believe that bomb-ier days are ahead of us.

Fresh fruit ices and ice cream at the Dragon, in cartons. Will keep nicely for three quarters of an hour. All flavors.

LEMON JUICE
FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try It!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

Greater Value

EVERY man cannot afford to pay $50.00 or $60.00 for a suit, but that is no sign that he does not like to wear good clothes.

On the other hand, he may have discovered that Vandermast Clothes are wear guaranteed clothes, and while they cost him less money they yield far greater value for the money spent.

Boys' Department

THE days of hardest play are here. Lads are at it heart and soul. The game's the thing and slight enough is the consideration these husky youngsters give their clothes. It's a time when clothes troubles are on the increase for some mothers; but not for those who buy Oregon Cassimeres. These clothes never have been equalled for hard wearing quality nor for washing quality. Let us show you the new fabrics, as well as all the other necessities for the boy's vacation period.

SUMMER SPECIALTIES

For men we recommend Palm Beach suits. Good looking, light weight, low-priced and comfortable.

PANAMAS

Real Panamas and Japanese Togo Panamas, as well as sailor straws, are ready for you.

SUMMER UNDERWEAR

Nainsook checked summer underwear is a big seller.
Then we have Porosknit and the regular Athletic summer garments.

Social Events

Ebell Tomorrow

Florence Pierce Reed, whose one-act comedy, "Lemon or Cream," will be presented before the Ebell Society tomorrow, has had seventeen of her vaudeville plays produced, and is pronounced by Tyrone Power, the great American actor, to be the coming American woman playwright.

"Lemon or Cream" has been played before 400,000 people in vaudeville, and has been produced before many clubs on this coast. It had its initial production before the Drama and Stage Society of the Wa-Wan Club at the Gamut Theater in Los Angeles.

Louise Anderson Henderson, who, with Mrs. Reed, appears in the play Saturday afternoon, is a widely known dramatic interpreter, especially well known for her child characterizations.

Mrs. Reed will play the hostess, and Mrs. Henderson the caller, in "Lemon or Cream," and Mrs. Henderson will also give child impersonations, a negro impersonation, and a group of original poems.

Mrs. H. M. Sammis will sing a group of songs.

The question of whether future Ebell meetings will be on Saturday or Monday will come up for settlement Saturday, and also the question of a change in the method of election of officers.

* * *

The women's Bible class of the Methodist Episcopal Sunday school met Wednesday at the home of the class teacher, Mrs. Fannie Lash, for an all-day good time and luncheon. Pink carnations and sweet peas were used for decorations, and at noon a three-course luncheon was served. Readings, solos and story telling, in which every member had a share, filled the pleasant afternoon hours. Those present were Mmes. Winchell, Kimball, Demud, Raugh, Fay, Glenn, Clark, Holderman, Folsom, Dunning, Palmer, Myer, Sturgeon, Michelson, Marston, Brott, Drickeen, Hutchens; Mrs. Dutton, a guest of the class; Mrs. Lash, and Misses Southwell and Wendelkin.

* * *

Surprise Party

Mrs. Norris Wing who, with her husband, leaves next week for Bakersfield to make her home, was given an afternoon surprise party yesterday. As she left to spend the afternoon with a friend her neighbors took possession of her home, replacing the key where they had found it. When she returned upon an errand, the surprise was startling and complete.

As the guests had prepared the surprise they completed it very nicely with dainty refreshments.

Pictures were taken of the group and will make pleasant remembrances for Mrs. Wing of the friends she made during her residence here, who regret the circumstances that will take her away from her home.

The uninvited guests were Mmes. Inez Richards, R. J. Brown, Albert Schroff, C. E. Price, Franklin, John McKim, V. Ehrhardt, Ida Jessen, John Wolford, John Neilson, Lilly Surbeck, and the Misses Alma Hays, Alma McKim and Gladys McKim.

* * *

Fidelis Class

The Fidelis Class of the First Baptist church Sunday school held an all-day meeting yesterday at the home of Mrs. David Meyer on West Santa Clara avenue.

A picnic lunch in the cool shade of the walnut trees was followed by a brief business session, with Mrs. G. P. Hill, the class teacher, presiding. Mrs. Hill will be away for the summer and Mrs. Osgood S. Catland will take her place.

Rev. Davies was a welcome visitor at the luncheon hour.

Those present were Mmes. G. P. Hill, O. S. Catland, Marshall, C. H. Baldwin, Frank Stansfield, Blanchar, Wilson, A. Rither, Fairbanks, Hartman, Harrison, Tomlinson, Ramsey, Duncan, Deaver, Peterson, Glenn, Hull, Dietrick, Badey, Crane, Steward, and Mock.

Needlework and visiting occupied the hours of the afternoon.

* * *

Placentia Wedding

Mr. and Mrs. Samuel Kraemer, prominent residents of Placentia, gave their daughter, Miss Adella Kraemer, into the keeping of Walter Muckenthaler yesterday at a very pretty wedding.

The service was performed in the St. Boniface Catholic church, which was decorated in pink roses tied with soft bows of white and pink tulle.

Immediately after the close of mass the bridal party returned to the home of the bride, where an elaborate wedding breakfast was served to the members of the two immediate families.

After a honeymoon spent in Yosemite and other points in the northern part of the state they will return here to reside. Both bride and groom are very popular among the younger set and are very devoted to their church and all of its activities, and have a host of friends who wish for them a long life full of happiness.

* * *

Return to Denver

Mr. and Mrs. R. J. Blee and Mr. and Mrs. J. W. Blee enjoyed a visit from their cousin, Mrs. Frank Weick, and her husband. Mr. and Mrs. Weick were but recently married and came out here from Denver two weeks ago for a little journey. Many family dinners were given them by the Blees and short trips taken all over Southern California.

Mr. and Mrs. Weick left yesterday for their home in the East.

* * *

Rainbow Circle

The name of Miss Waive Kingrey was inadvertently omitted from the list of honor guests entertained by the Rainbow Circle of the First Christian church at the home of Mrs. F. S. Clark, at 1501 North Main street, Wednesday night.

* * *

To Enjoy Eastern Summer

Mrs. J. A. Stevenson and her son James, left Los Angeles Monday for an extended trip east. After a stop at the Grand Canyon, they will travel on to Western Pennsylvania, where at the old home of Dr. Stevenson and his brother, Rev. Thomas E. Stevenson, near Pittsburg, they will spend the summer. They expect to remain in the east until the return of Dr. Stevenson from overseas.

* * *

Prof. Ratcliffe Here

Professor Emery Ratcliffe, formerly of the Santa Ana high school and now professor of psycology and economics at the State Normal school of Fresno, attended the Junior College commencement last evening. He made the trip to attend to business interests in Whittier and in a few days will leave for the east.

* * *

Whist Party

Mrs. E. L. Madden entertained the ladies of the Altar Society of St. Joseph's church yesterday afternoon with a very pretty whist party.

Pink carnations and baskets of Gold Bruner roses and helictrope decorated the rooms where the small tables were placed for cards and later utilized for the serving of refreshments.

Mrs. Madden's daughter, Miss Mildred Madden, and Mrs. Henry Carmichael of San Diego assisted Mrs. Madden during the afternoon.

Prizes were awarded to Mrs. Collier of Orange, who secured the first prize, and Miss Kate Anselmine, the consolation.

The guests for the afternoon were Mesdames Charles Bevis, E. A. Biggs, R. G. Tuthill, Carl Klatt, Horace Fine, George Young, Candelat, Louise Brown, Anna Owens, F. Kraemer, Norton, John Rudolph and Mrs. Hammersmith; Misses Anna Young, Bertha and Barbara Klatt. Father Eummelen and his sister, Mrs. Hersinger, of Imperial, were also guests.

* * *

Fifth Wedding Anniversary

Mr. and Mrs. Chas. S. Cooke, of 1021 North Ross street, celebrated their fifth wedding anniversary recently. The house was decorated with Shasta daisies. The evening was spent in playing games, and in music and dancing. Mrs. Cooke's sister, Mrs. Geo. Wade of Los Angeles, presided at the punch bowl. Mr. and Mrs. Cooke were presented with many beautiful gifts.

The guests present were Mrs. Cooke's brother, Mr. Butler Powers, and mother, Mrs. Frank Powers and sister, Mrs. Geo. Wade, her son Mr. Frank Wade, and Mr. Reed Waterman and Mr. Geo. Stevens of Los Angeles, Mr. Fred Marsh of Anaheim, Mr. and Mrs. Leipsic and daughter, Martha, Miss Bertha Crawford, Miss Littlepage, Miss Gladys Smith, Miss Ruth Bevis, Miss Laura Menefee, Mr. and Mrs. Joe Ryan, Mr. and Mrs. J. C. Clark, Mr. and Mrs. Raymond Nelson, Mr. and Mrs. Phillips and daughter Lizzetta.

SHIPPING WATERMELONS

Shipments of watermelons from the Imperial valley have already reached 418 cars and indications point to this season being the best season in the history of the valley. Prices in Los Angeles have been $20 to $25 a ton, and in San Francisco $2.25 a hundredweight. From 30 to 35 carloads will be shipped daily for another week.

CYPRESS NEWS NOTES

CYPRESS, June 27.—Mr. and Mrs. H. La Rue, and Mr. and Mrs. Scally motored to Pasadena last Sunday and spent the day with Clyde Stoner, whose home was at Cypress for a good many years. Mr. Stoner has just bought them a nice home at Pasadena.

Mr. and Mrs. A. R. Bradley were the week-end guests of Mr. and Mrs. John Wertz of Whittier. Mr. Bradley going up on Saturday afternoon and remaining till Monday noon. The Wertz family motored down after them and brought them home again. A big birthday dinner was given in honor of Mrs. Bradley.

Mrs. Edith Miller, Mrs. Edith Sconce, Mrs. A. R. Bradley and Mrs. Sidney Feagan all motored into Anaheim to the picture show Wednesday night.

Mr. and Mrs. Thos. Gillison and Mr. Ole Nelson attended the dance at Los Alamitos last Friday night, Mr. and Mrs. Guy Cox returning home with them over night. On Saturday morning all motored to Redondo Beach, where the Los Alamitos Sugar Company had a big picnic. Mr. and Mrs. Gillison and son, and Mr. and Mrs. Guy Cox returned by Long Beach, where a picture show was enjoyed and then they went to Seal Beach, where they danced. On Sunday they drove to Huntington Beach and then on to Santa Ana to the Temple theater to see "Daddy Long Legs," then motored by Los Alamitos and left Mr. and Mrs. Cox at their home.

The new road is paved on this side at Sidney Feagan's and they expect to complete the paving this week or the first of next week. There are about thirty men on the job.

Mr. and Mrs. Arthbert Miller, Mr. and Mrs. George Miller, Mr. and Mrs. Cherry were all-day visitors at Sidney Feagan's last Sunday to a big chicken dinner.

Mr. and Mrs. Charlie Damron, Mr. and Mrs. Cherry were out on the ocean fishing last Tuesday and caught a hundred pounds of fish, which they distributed among friends in Cypress.

Mrs. Charlie Damron will teach the Cypress primary grades and Miss Johnston will be the school prineipal next term.

Mr. and Mrs. H. La Rue and son, Ralph, and Mrs. Thos. Gillison and son motored to Anaheim to the Fairyland to hear the naval band play.

Mr. Thomas Gillison attended the Los Alamitos club last Tuesday evening with Mr. and Mrs. Henry Lucas and son, Perry Lucas.

A. R. Bradley is irrigating his place this week.

O. P. Bunyard has been irrigating his orange trees and beans this week. He has in a fine stand of tomatoes.

Mr. and Mrs. Ben Sconce motored into Los Angeles last Sunday to visit her sister, Mrs. Harry Kendall.

C. Norland is the carpenter on Mr. Hollingsworth's new home, which will have six large rooms.

A. R. Bradley has sold his home south of the Methodist church at Cypress.

Mr. and Mrs. Harry Covell, Mr. and Mrs. Hugh La Rue and Mr. Truechill attended the Chamber of Commerce banquet at Balboa last Wednesday evening.

Mr. and Mrs. O. L. Bunyard, Mr. and Mrs. O. P. Bunyard motored to Norwalk last Sunday afternoon to the ball games and on up to Rivera to visit Mrs. O. P. Bunyard's sister, Mrs. E. R. Wylie.

Perry Lucas and Dan Williams motored to Huntington Beach last Saturday evening and caught a lot of fish and on Sunday drove to Serra Beach to fish, but caught nothing.

Henry Lucas went to Pasadena last Saturday night and Sunday to visit his father and mother.

Miss Ruby Lucas is spending the summer months with her aunt and uncle, Mr. and Mrs. Henry Lucas.

The Cypress farmers are loading a carload of potatoes this week.

Mr. and Mrs. H. La Rue and boys and Miss Estell ——— of Santa Ana motored up to Los Angeles and surprised Mr. and Mrs. Douglas Naylor. Mrs. Naylor was formerly Miss Margaret Dreger of Cypress.

Dudley Newcomb of Los Alamitos, has returned from overseas, and is wearing a wound stripe received in the Argonne battle. He is a brother of Mrs. Clayborn Cawthorn of Cypress.

Mrs. Cawthorn has a Hupmobile, which she purchased last week.

John Sconce is irrigating and putting in corn this week.

Mr. John has purchased a new Buick.

Mr. Rennie is still improving, but has suffered terribly with his neck this last week.

Mrs. Southerland was a visitor in Los Angeles this past week.

Cuthbert Miller attended the ball game in Los Angeles last Saturday afternoon.

Lane county, Oregon, is producing a large quantity of rye. It is a favorite for pasturage with dairy people of that section.

One county in Oregon produces about 2,000,000 pounds of prunes which have been contracted for this year at around sixteen cents.

New York apple growers are compelled to pay 65 cents per barrel for their cooperage. This, however, is 20 cents under last year's contract.

Beautiful---Yet Practical
Is this Nine-Piece Bedroom Suite—a Louis XVI Design—in Delicate Old Ivory

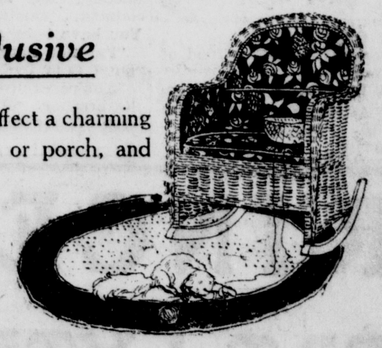

Built In The Hawthorne Furniture Shops of Los Angeles

Here is Bedroom Furniture that you will be proud to own. The above set comes in Old Ivory and is one of the most beautiful suites we have ever shown at the price quoted. Consists of nine pieces, including Bed, Dresser, Vanity Dressing Table, Chiffonier, Night Stand, Large Chest, Writing Desk, Chair and Rocker, all exactly as illustrated.

This product of the Hawthorne Shops comes to you as an example of fine furniture construction, with quality and artistic design so noticeable that it speaks for itself. And best of all, the price is VERY reasonable.

New Designs in Reed Furniture
Cool and Comfortable—Rich and Exclusive

A few pieces of airy Summer Furniture, cushioned in bright cretonne, will effect a charming transformation in the appearance of the living room, sleeping room, sun room or porch, and make the home more inviting during the summer months.

This kind of furniture is having a new vogue and is deservedly popular because it is extremely good looking and comfortable. Especially attractive are the new designs in ivory, fumed finish and "natural," of which we are showing a good variety at moderate prices.

You saw "Old Wives for New" and "Don't Change Your Husband," now come and see—

Cecil B. De Mille's

latest Artcraft creation

"For Better, For Worse"

with the same big all star cast including
ELLIOTT DEXTER—GLORIA SWANSON
RAYMOND HATTON—WANDA HAWLEY
THEODORE ROBERTS—SYLVIA ASHTON
JACK HOLT—WINTER HALL
TOM FORMAN—FRED HUNTLEY

Vanity, jealousy, love, hate—each of the fads, foibles and freaks of human nature have been painted by Cecil B. DeMille inproducions like "Old Wives for New," "We Can't Have Everything and "Don't Change Your Husband."

But never before has he shown you the feelings of a woman face to face with a man she loves but who is, in her eyes, a despiseable coward. The heat of her anger at the man she loves, yet hates, shocks you. The punishment she meets out to him makes you say to yourself, "Serves him right." But the sublimity of his sacrifice makes you halt judgment for a moment and then— By the queerest twist of fate love conquers and the woman sees through the man's eyes and—Come! It's too great a pleasure to miss.

(To women on the lookout for the latest Parisian frocks and gowns Cecil B. DeMille's Pictures have a powerful fascination. They are not equalled by the Fifth Avenue shops.)

ROYALISTS SEEK CONTROL OF GERMANY

Attention of Peace Heads Turned to Internal Affairs of Foe

(Continued from page one)

f internment and to have entered ermany. Advices received in Paris ere that he was accompanied by a aff officer. He was interned on the land of Wieringen at the end of the ar when he entered Holland as a erman army officer.

LONDON, June 27.—Friedrich Wilelm, former German crown prince, eported yesterday to have escaped om Holland into Germany, recently xpressed to the Brussels correspondnt of the Mirror his plan of living on is estates in Silesia after peace is igned.

"East Prussia and Silesia will never gree to Polish domination," the form- crown prince was quoted as saying this interview, granted at his refuge n the Island of Wieringen.

"There will be another war within en years. Belgium, Serbia, Italy, Rumania and Greece will be furious at he peace terms. Only France, Britain nd America will be satisfied.

"After peace is signed I intend to ve on my estates in Silesia. There is o truth in the reports I intend to tart a pottery factory. The kaiser ill remain in Amerongen for some ime."

AN EXTREMIST.

"Isn't Nexdore's wife rather fond of n argument?"

"Is she? Why, that woman is so ond of an argument she won't even at anything that agrees with her."—Boston Transcript.

NATIONS ARE WARNED BY WILSON'S SPEECH

PARIS, June 27.—President Wilson, speaking at a dinner given by President Poincare to the Allied delegates, warned that any nation attempting to emulate Germany's effort at world domination in the future, would suffer a like fate.

"Merely to beat a nation that was wrong once is not enough," he said. "There must follow the warning to all other nations that would do like things that they in turn will be vanquished and shamed if they attempt a dishonorable purpose."

The President said that while nations have formed contracts before, "they have never formed partnerships," that "they have associated themselves temporarily, but they have never before associated themselves permanently."

MARRIAGE LICENSES

IN SANTA ANA

Harold V. Martin, 22, and Helen E. Strelke, 20, both San Diego.
Robert Reich, and Anna Reich, 40, both Olive.
Thomas B. Walker, 25, and Vioda Smoot, 26, both Santa Ana.
John Dryer Ball, 23, and Isabel May Jayne, 23, both Santa Ana.
Paul L. Sanderson, 25, and Rose E. Shuck, 16, both Los Angeles.
Eugene D. Bedwell, 33, San Diego, and Katherine Keith, 39, Venice.

NOT A BIT NERVOUS.

The girl came on from the west, the man from the east meeting at the home of the bridegroom's brother in Chicago, to participate in the ceremony which would make them man and wife. Both were hurriedly dressing for the 8o'clock ceremony, as the officiating minister was due at another home for an 8:45 wedding.

Suddenly the bridegroom rushed frantically from his room into the hall, encountering his brother, who exclaimed. "Don't get nervous, Fred. You have twenty minutes."

"I'm not nervous," he answered, "but I can't find my collar."

"You're excited, that's all," laughed the brother. "There's your collar, already fastened at the back of your neck."

FIX DETAILS OF SERVICE MEN'S PARK FETE

Wilson, Baker, Daniels Will Be Invited to Attend County Affair

(Continued from page one)

will make it possible to quickly decorate the 2000 men expected to be present. Fifty young ladies selected from various communities of the county will have the honor of attaching the medals. Mrs. A. J. Lawton will have charge of gathering the committee of young women.

No Cooking on Grounds

The celebration, so far as the eats are concerned, will be strictly a basket picnic, and everyone who attends is cautioned to prepare fully, for no cooking will be permitted at the stoves on the grounds. These will be required to prepare coffee for the big throng. Picnic parties must take a pitcher with them, so that they can get their coffee and serve it. No attempt will be made to serve the coffee to individuals.

Ten barrels of lemonade and the same number of ice water will be distributed about the grounds. A large quantity of lemons will be required, and those who will donate a box or more or less, should get in touch with F. E. Hallman of Orange, as he was appointed to secure the lemons needed. In fact, he volunteered to see that there are plenty of the sour juice producers on hand to provide all the lemonade that the throng might want.

Special arrangements will have to be made for Gov. Stephens and members of his staff who may accompany him. It is possible that a barbecue dinner will be one of the features in compliment to the distinguished visitor. It is known that the governor enjoys a barbecue and in view of the situation at the park it may be decided to offer him this treat with the executive committee participating.

In the cornerstone laying the G. A. R. will have a position of honor, as escorts to the Governor. Because of the throng expected, it was deemed inadvisable to attempt to have all the G. A. R. men as escort, and each of the posts in the county will be asked to designate a certain number to the committee that will represent the veterans in the escorting party. It is probable the committee will number fifty.

Chairman R. L. Bisby will introduce the Governor when he delivers his address.

While the program has not been fully worked out, the general outline is for the populace to arrive at the park between 8 and 10 a. m., with addresses and the cornerstone laying occupying the hours between 10 and 12. From noon until 2 o'clock "eats" will be in order, with a general social time. At 2 o'clock and after will be the presentation of medals to service men, addresses, band concerts, etc.

Several bands will be present and there will be no lack of music. Dancing floors will be provided in different parts of the grove, with orchestra in attendance. A. G. Flagg of Santa Ana has been made chairman of the dance committee, and he will be assisted by others to be selected from points in the county.

Copies of papers printed in the county, the names of the service men and the Board of Supervisors, and other documents representative of the county will be enclosed in an iron box in the cornerstone. Anyone having a suggestion as to what should be placed in the box, will be welcome to offer the same to any member of the executive committee.

NEW WAGE RATE FOR CANNERY WORKERS

Scale Fixed By State Body Will Boost Payrolls at Plants

(Continued from page one)

have two years apprenticeship, receiving $9, $10, $11 and $12 respectively for the four periods of six months each. Adult learners 20 years of age or older have an apprenticeship of 1 1-2 years, with pay at $10, $11 and $12 respectively for the three six-month periods. Reports on all learners must be filed with the commission, and not more than one-third of the female employes of any establishment may be classed as learners.

Part Time Rates

Part-time minimum rates are: Adult experienced, 35 cents an hour; inexperienced, 25 cents an hour, except waitresses, a ruling for whom is yet to be issued. Part-time workers are those employed less than eight hours a day.

Special workers, who work less than six days a week, have rates of pay prescribed as follows: Adult, $2.25 a day; minors, experienced, $2.25 a day; minors, inexperienced, $1.50 a day.

The employer must keep a record of the periods of employment, and cannot employ infirm or disabled females at less pay than the rates prescribed without special permit. Action will be taken, says the commission, against employers who make a practice of discharging workers as they become proficient and entitled to more pay, and replacing them with "learners" at small pay.

The pay of those working under a bonus or piece-rate system must be not less than the minimum time rate in the group where each worker belongs.

This mercantile industry order was made by the commission on April 22, to become effective sixty days later.

City and County Briefs

Mr. Osborne Garber, instructor in bookkeeping and accounting in the high school here, leaves Saturday for Berkeley, where he expects to compile a text-book and practice work in modern banking. It is his intention to have this work published and ready for use in high schools, business colleges, and universities, by January 1, 1920. He expects to return to Santa Ana in six weeks, where he will continue the work until school opens, in September, when he will be back on the job in high school.

* * *

J. C. Metzgar of the Chamber of Commerce will terminate a two weeks' vacation by attending the meeting of the Secretaries' Association to be held tomorrow and Sunday at San Bernardino and Pine Crest. The forenoon session will be held in San Bernardino tomorrow, after which the secretaries will go to Pine Crest to remain over night, with a barbecue featuring the evening. Sunday forenoon will be given over to a visit to Little Bear Lake and other entertainment.

* * *

Harry C. James of Hollywood, in charge of eight boys of the League of American Woodcraft, passed through Santa Ana today on bicycles on their return from an outing at San Diego. They were there for four days, during which time they were shown many courtesies by residents of the city. They camped at Capistrano last night and arrived in Santa Ana a little after 11 o'clock.

* * *

The July number of Young's Magazine contains a story by Mrs. Bonnie Wheeler, formerly Mrs. Bonnie Giessner, of Santa Ana, now of San Francisco. The story is entitled, "Secret Bread."

* * *

Sergt. Herschel G. Frye, 20th Engineers, A. E. F., returned to his home here this morning. Sergt. Frye declares that he has seen all that he wants to see of France, and that his motto is "California for me—especially Santa Ana."

* * *

The Ralls All Stars, a crack baseball team from Los Angeles, is to play the Tustin club on the Tustin grounds Sunday afternoon at 2:30 o'clock.

* * *

Naval Recruiting Officer Ingram, who was in charge of the local station for a time, is in Santa Ana with the navy band. He will remain with it as long as it is in this district and will then return to the office in Los Angeles. He is greeting many old friends, who are extending him the glad hand with sincere expressions of pleasure at meeting him again.

* * *

Messrs. Todd, Hayden, Gordon, Miller, Jones and Hinkle of the local gas office went to Long Beach last evening and assisted in organizing the gas company employes of that city into an Efficiency club. There were sixty charter members, and the club is modeled after the Orange county club, which has been in successful operation for two and a half years.

* * *

County Clerk Backs and Rev. T. E. Stevenson last night were impressed into service to make good the dart of cupid when they were routed out of home at abuot 11 o'clock to make it possible for Paul E. Sanderson and Rosa Shuck to return to Los Angeles as man and wife, after a visit to this city. As luck would have it Backs had just returned home when the couple arrived at his home and told him their mission to Santa Ana. With his usual courtesy he went down to the court house and issued a license. Rev. Stevenson was routed out of bed to tie the nuptial knot. The mother and father of the bride and a few friends accompanied the couple.

* * *

The following letetrs remain unclaimed in the postoffice at Santa Ana, Cal., for the week ending June 28, 1919: Juan Contreras and Calistro Ernandez. If not called for within two weeks, the above letters will be sent to the dead letter office. When calling for the above please say "advertised" and give the date.

PERSONALS

Roy Russell and wife have taken a cottage at Balboa for a few weeks, occupying the Wacousti. They have as guests Mr. and Mrs. Lee Croye Silvey, brother and sister-in-law of Mrs. Russell, and Mrs. Ledru Silvey, her mother.

GUITTEREZ GUILTY OF CHILD-STEALING

Guillermo Guitteres was found guilty today of chid-stealing by a jury in the Superior court. He will be sentenced next Tuesday. Guitteres was accused of Santa Ana, and taking her to Los of stealing Ramona Samilpa, aged 13, Angeles, where she disappeared, and has not since been located.

You can get Purina whole wheat bread at the Dragon. First health flour manufactured since the war.

Fresh fruit ices and ice cream at the Dragon, in cartons. Will keep nicely for three quarters of an hour. All flavors.

NEW TESTING LAW GOES INTO EFFECT JULY 1ST

Animals in interstate commerce after July 1 must be shown free from disease, says the California Cultivator. The enforcement of this new regulation will, it is believed, be of great assistance in preventing the further spread of tuberculosis among live stock, and having the work practically under state and federal supervision at all times will serve to bring about uniformity.

The department of agriculture, through its bureau of animal industry, is now actively co-operating with the state live stock sanitary officials and cattle owners of 42 states in the eradication of tuberculosis from live stock.

Recent legislation in several of the states has made it possible to proceed with the work where heretofore it has been impossible to do so. Federal funds available for the work are insufficient to meet present demands, and now that the cattle owners are finding the work to be of such advantage and importance the demands will increase rapidly.

Most activities are in the "accredited-herd" work with the owners and breeders of pure-bred herds of cattle who wish to free their herds from tuberculosis and have them placed on the list as "accredited."

Lodi grape growers are appealing for a supply of at least 75 cars a day during grape shipping season.

Tulare Lake bottom will grow fortunes for wheat growers this year. Some of the fields are averaging twenty sacks per acre.

Tulare County Cantaloupe Growers Association, with headquarters at Porterville, reports fruit maturing very rapidly despite low temperatures.

The coming output of raisins will be the largest in the history of the industry. It is expected to reach at least 200,000 tons.

Merced county is having a fight between those who are working for an irrigation district and another faction endeavoring to block the advancement.

Lodi is overhauling Tokay packing houses and preparing for record crops and record prices.

NEWPORT READY FOR RECORD CROWDS

County Harbor Celebration Tomorrow Afternoon and Evening; Navy Band

Newport Beach and Balboa are ready to entertain record crowds tomorrow afternoon and evening on the occasion of the Orange county harbor celebration. There is no doubt but that the beach towns will be "jammed" with people and machines during the celebration commemorating approval of the harbor bonds on June 10.

There will be many big features. Chief Bandmaster Thomas J. Kennedy and his crack naval band of forty-five pieces, which played in Santa Ana yesterday and today, will take part in the joyfest, with concert in the afternoon at Balboa and on a moving boat in the evening, leading the illuminated boat parade. An outdoor screen will be provided for showing the official navy moving picture, which will be accompanied by a lecture on the navy by Chief Yeoman Howard N. Smith.

Then there will be the two U. S. submarine chasers, 307 and 308, the army aviators will perform between 4 and 5 o'clock, there will be yacht races in the bay, dancing, address by Clyde Bishop, reception to county delegations, and in the evening a water carnival and illuminated boat parade, with illumination of the proposed harbor channel.

Is everybody going? Sure they are.

RECRUIT 2 MEN HERE FOR AIR SERVICE

Floyd Webster and Robt. Best Enlist In Aviation at March Field

Floyd Webster and Robert Best of this city are to enter the air service. They have enlisted with Lieutenant E. S. Norby, as a result of the recruiting campaign conducted here this week, by the lieutenant and his assistants.

The recruiting party left this afternoon for Long Beach, where they will remain for several days in a campaign there. The plane pilots, Lieutenant Norby, Pilot Sergeant Oscar Holte and Pilot Sergeant John Montijo, will thrill the people of Long Beach with the daring stunts they have performed in the air high over Santa Ana.

The bird men certainly have won the admiration of the people of Santa Ana. The stunts they have pulled here have been new in many instances and created sensations.

Lieutenant Norby this morning secured orders to make a flight with the planes from Long Beach to Balboa tomorrow afternoon as a feature of the big harbor celebration to be held there. The three planes will fly from Long Beach, give an exhibition and return there without alighting.

A $5,000,000 beet sugar manufacturing company has been organized in Japan.

Oregon's promise of a big apple crop is inducing building of much larger storage facilities.

Summer Opportunities

Yes, the above two words are repeated many times when you look around our big store. One of our customers said the other day that we were always busy. We told him that right prices and courteous treatment was the keynote of our wonderful business, which so many have already found out.
Our two Extra Specials for Saturday are as follows:

1—Men's $2.00 Blue Bib Overalls for 99c
2—Men's $1.25 Dress Shirts for 85c

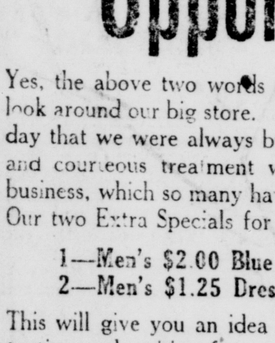

This will give you an idea of the opportunities standing at attention and waiting for you.

OPEN SATURDAY NIGHTS.

We have carefully considered the question of 6 o'clock closing on Saturday night and if we considered only our own pleasure and convenience we would close, but we feel we owe it to our many loyal customers who would be greatly inconvenienced by 6 o'clock closing to remain open, so as usual **Our Store Will Be Open Every Saturday Night Until 9 O'clock.**

LIVELY BIDDING AT DELINQUENT AUCTION SALE

Newport Lot Brings $42; Arch Beach Hts. Lots Sell For 76 Cents to $1.50

Lively bidding for several different pieces of property featured the auction sale of delinquent property upon which taxes had not been paid since 1912, held at the courthouse yesterday. Purchasers of the properties involved receive a tax deed from the state, and the original owners' only means of recovery is through the courts.

Lot 5, block 46, third addition to Newport Beach, brought the highest price, $42, and went to A. E. Koepsel. The lot is situated at West Newport and fronts on the ocean.

Five lots at Huntington Beach were sold. Lot 9, block 219, brought $28 and went to A. J. McCuiston; lot 9, block 314, went to Hugo Wetzel for $22; lot 5, block 415, brought $30, and lot 7, block 415, sold for $36, C. Anderson buying both. Wetzel also bid in lot 8, block 618 for $30.

Henry A. Stewart bid in 105 feet of lot 11, block 54, San Juan by the Sea, for $25. A. J. McCuistion took one lot in the Vista Del Mar tract at $11, and Wetzel took three at $9, $9 and $17 respectively. Wetzel bid in lot 183, Laguna Beach, for $37.50, and lot 18, block 3, of the Loma tract, below Arch Beach, at $18. R. C. Mize took lot 17, block 3, Loma tract, for $20.

Arch Beach Heights furnished quite a number of lots at the sale, and the highest price bid for any of them was $1.50, while most of them sold for 76 cents, the amount of the 1913 taxes. The property is situated on the hills back of Arch Beach, and has been regarded as practically worthless. Several were willing to take a chance, and all of the lots were sold. R. C. Mize took 16 lots; Fred R. Clapp, ten; E. S. Morrow, eleven; Henry A. Stewart, ten; A. A. Crawford, three; E. A. Beard two; Georgia A. DeLong, two; Mrs. M. A. French, two; Florence Peet Hansen, two; J. F. Mercereau, three; J. W. Inman, seven; Arch W. Craig, two, and E. R. Abbey, four.

Albert Launer of Fullerton, bid in lot 1, block 2, Modjeska mineral springs, for $7.50.

INSURANCE FUND FAILS TO WIN DAMAGES

Carl Jorn Favored In Action Growing Out of Auto-Motorcycle Collision

The State Compensation Insurance Fund failed to win a verdict in the second trial of its suit for damages against Carl G. Jorn of Orange. The jury which heard the evidence yesterday afternoon brought in a verdict in favor of the defendant Jorn.

The suit was brought as a result of a collision in February, 1916, of Jorn's automobile with a motorcycle ridden by Earl Summers, Summers being injured.

The evidence tended to show that Jorn did not run into Summers, but that Summers, who was crossing the road diagonally, started to turn into a driveway, without giving a signal of his intentions, and ran into Jorn's car.

The jury held that Summers was guilty of contributory negligence and that Jorn was not liable to the state insurance fund from the fact that Summers was fully a half mile from the ranch where he was employed when the accident happened.

ALBERT F. GRIFFITH IN JAIL AT VISALIA

Several weeks ago a complaint was sworn to here charging Albert F. Griffith, formerly of Huntington Beach, with non-support. Circulars were sent out by Sheriff Jackson to other state officers, and word has just been received that Griffith had been arrested and was being held in the Visalia jail. Under Sheriff J. H. Iman went north last night to bring Griffith to Santa Ana for trial.

ANOTHER SPEEDER IN LINE FOR JAIL TERM

Another auto driver charged with going over fifty miles an hour is to face Justice Cox.

This man's name is Frank Lopez, and he lives at 135 South Boyle avenue, Los Angeles.

Wednesday Motorcycle Officer Carr took after a machine that had been caught in the trap at fifty-six miles an hour, and the chase resulted in the arrest of Lopez. There were three others in the car, including its owner, William Keeler, who formerly lived in this part of the country.

Lopez is to appear before Cox next Wednesday.

COURTHOUSE NOTES

The estate of William M. Six, deceased, has been appraised at $23,150.73.

The Hogue-Kellogg company has filed notice that it will appeal to the district court of appeals from a judgment against it recently entered in a suit over beans brought by William Schumacher of Buena Park.

H. J. Ryan, horticultural commissioner of Los Angeles county, has forwarded to the supervisors copy of a resolution adopted at a fumigation conference in Los Angeles June 25, urging horticultural commissioners and supervisors of the great citrus regions to see to the appointment of night fumigation inspectors.

An order was made today authorizing the First Methodist church of Anaheim to sel ltwo lots no longer needed for church purposes.

The will of Magdalena Fallert, deceased, has been admitted to probate, with John and Charles Fallert as executors. J. N. Anderson of Santa Ana and B. F. Pinson and H. A. Krause of Fullerton are appointed appraisers.

SUES FOR DAMAGES, RECOVERY OF FORD

Charles Kerr, with Victor Hyatt of Los Angeles as his attorney, today filed suit against William Lee Bridges, Roy Wilson, and E. F. Morales, asking $150 damages from Wilson and Morales, $75 from Bridges for attorney fees, and the recovery of a Ford car or $425 from Morales. The Ford, according to the complaint, was sold on installments by W. L. Truitt to Bridges, and Truitt then disposed of his interest to Kerr. Bridges violated his contract by incurring a debt of $75 against the car, it is alleged, Wilson secured a mechanics lien against the machine, and it was sold by the constable of San Juan Capistrano to Morales on May 20. Plaintiff claims the sale was illegal.

ORANGE COUNTY AUTO CO. ARTICLES FILED

The original copy of the articles of incorporation of the Orange County Auto company was filed today with County Clerks Backs by Attorney Leonard Evans. Its principal place of business is at Anaheim and the incorporation is for a period of twenty years. The five directors are J. L. Findley, R. O. McCune, G. M. Simpson, C. C. Randall, and G. R. Franklin, all of Anaheim.

MAY PROSECUTE SOME WITNESSES IN CASE

REDWOOD CITY, June 27.—With Dr. Ephraim Northcott convicted of second degree murder in the Inez Reed murder case and scheduled to appear Thursday to ask a new trial, give notice of appeal or be sentenced, authorities are today intimating that there may be criminal prosecution of several other parties who testified they were at the house where the crime is alleged to have occurred. These include Mrs. Frances Fisher, Dr. Northcott's nurse and Patrolman Moreen of the San Francisco police force.

Pending his appearance Thursday, Northcott is out on bond.

OLIVES WILL BE BIG CROP FOR RIVERSIDE

Riverside Enterprise: Horticultural Commissioner D. D. Sharpe reports that the Riverside county olive crop has indications of being the largest ever known in the county. The crop here last year amounted to 640 tons. It will be nearly 800 tons this year. This county now ranks third in olive production in the state, Los Angeles and San Diego being ahead. There were 1430 acres of bearing olive trees in the county a year ago. Now there are about 1700 acres. The fruit never brought $80 a ton prior to 1914. Nowadays it brings from $145 to $160 a ton. By 1922 there will be over 2000 acres of bearing olive trees in this county. The war put the importation of Italian and Spanish olives out of commission and that gave the wonderful rise in popularity to our California olives.

The wheat crop in Arizona is estimated to be 1,000,000 bushels, probably the heaviest yield for many years.

SANTA ANA GRADUATES HAVE BUSY WEEK

CLASS OF GIRLS GET DIPLOMAS FROM JUNIOR COLLEGE

Excellent Address Delivered By President of Whittier Institution

At commencement exercises held last night at Elks' hall, diplomas of graduation were presented to sixteen girls, comprising the senior class of Santa Ana Junior College.

The occasion was impressive, and was marked by an addess that was inspiring to a high degree.

The sixteen young ladies who were given diplomas marched to the platform, looking very charming and pretty in their white graduation dresses, each carrying a bouquet of Dorothy Perkins roses.

Following the invocation by Rev. Charles C. Haworth of El Modena, the college glee club gave two very good selections.

Introducing the speaker, President H. W. Wright of Whittier college, Principal D. K. Hammond of Santa Ana high school, said that this was the third annual commencement of the Santa Ana Junior college and that the class was especially fortunate in securing President Wright. President Wright selected for his subject, "The Right of Choice."

The Right to Select

He said that lives are full of choosing but to him the educational viewpoint was of great importance.

"You and I are made in the image of God because we have that thing, the right of choice," he said, and he went on to explain his theory by reference to the different periods in one's life.

"In childhood," said he, "the right of choice is limited because of parental influence and lack of an entirely developed mentality. In maturity we are hindered by circumstance and habit."

To illustrate, he pointed out that a busy person may work through the day without stopping and individually choosing, the regular cut and dried routine of the work being so set that it is not necessary to choose, and habit so thoroughly installed is not easily broken. It is the business man who gets under the things on the surface and does things that are not obvious that makes big success in life.

The stage in between, or the intermediate period between childhood and

(Continued on Page Ten)

112 Diplomas To Be Presented At Program Tonight

TONIGHT at 8 o'clock, commencement exercises for Santa Ana high school will be held at the First Methodist church.

GIRLS AQUATIC RACES TO BE HELD IN JULY

DEL MONTE, Cal., June 27.—Under the direction of the Pacific Association of the A. A. U., the annual Del Monte girls' swim championship races will be held here July 18, 19 and 20, with nearly all of California's fair mermaids ready for the splash. The races will be staged in the open-air Roman plunge, the final races being held Sunday, July 20, on Del Monte beach.

Among the water celebrites to be present are Frances Cowells, holder of a number of Pacific coast records, and Dorothy Burns, as well known as Frances Cowells. Efforts are being made to have Claire Gailligan Finney compete.

Mr. Flatbush (in Yonkers Statesman)—She has a very difficult part in the new play. Mrs. Flatbush—Difficult? Why, she doesn't say a word! "Wel, isn't that difficult for a woman?"

Try the Dragon fresh fruit sherbets for warm weather. Put up in cartons to take home. Delicious, delicate flavors.

You can get Purina whole wheat bread at the Dragon. First health flour manufactured since the war.

129 GRADUATES MARCHING OUT ON WAY TO POLY HIGH

Commencement Exercises For Intermediate School Grades Are Held

One hundred and twenty-nine sturdy boys and girls marching in perfect step, happy, bright and ambitious, in double file and in single file up one aisle and down the other was the opening feature of the unusually well programmed and well executed commencement affair at intermediate school last evening.

The class is one of which the teachers of intermediate are especially proud. Its record for scholarship is good, and the personality of the students is above the average. This class will be next year's freshman class of the high school.

Following the opening march, the class took its seats in the center of intermediate assembly hall. The remainder of the hall was crowded with friends and relatives of members of the class.

The music for the occasion was by intermediate orchestra, a very excellent student organization, and by members of the class. Little Miss Elizabeth Wright, a young musician of extraordinary promise, played "Militaire Polonaise" charmingly. During the evening as a number of songs were sung most acceptably by a double quartet composed of Misses Mary Oliver, Mildred Tummond, Elizabeth Wright, Ruth Vieria, Merle Allender, Olive Gilbert, Elizabeth Sirinsky and Marion Stull. The singing of "Commencement Day" by the class was a delightful number of the program.

Among the closing numbers on the program was the class song, which in itself was extremely pleasing and its charm was added to by reason of the fact that it was the product of two members of the class, the words having been written by Glen Leake and the music by Elizabeth Wright.

"Angels of Destiny"

The invocation was by Rev. John Oliver, pastor of the First Methodist church, and the address by Rev. A. T. O'Rear, pastor of the South Methodist church. W. C. Roberts, principal of intermediate, presided during the exercises.

"Angels of Destiny" was the subject announced by Rev. O'Rear.

"I want to talk to you tonight," said he, "about six angels, three of them bad angels and three of them good angels, and each begins with the letter D.

"The first of these is the demon Discouragement. That bad angel says for you not to go any further with your work, just give up and quit. The devil can do a lot of harm to a discouraged person, for discouragement weakens a person. Don't get discouraged. Your world is just as big as you make your horizon.

"Then, beware the angel of Delusion. Deceit is the angel's weapon. He will try to make you think that you can't do what you want to do. I say to you that anything in reason is possible for you, if you apply yourself to your aims and purposes.

Angel of Dissipation

"The third bad angel is Dissipation. Don't waste your energies. Certain kinds of dissipation merely fritter away time. Others injure your health. The biggest little dissipation devil is the cigarette. It makes tremendous inroads into the capacity of boys. Cigarette smoking takes away your nerve. By all means, avoid cigarettes.

"The first good angel on my list is the angel of Desire.

"Get the ambition to do something in this world and to get somewhere, and you have the first requirement for success.

"The second good angel is Determination. It will not do much good to have ambition if you don't also have determination, the will to do.

"The third good angel is Devotion. You must have a realization of true values, a devotion and enthusiasm to duty and purpose. You can't make the success you should make unless you have the right relations with God. You can't be properly educated if you don't know God's wisdom.

"The best thing in education is character, and that is something that I want you to remember throughout all of your school work."

The class was presented to City School Superintendent Cranston by Principal Roberts, and as the class marched by each member was presented with a diploma by Superintendent Cranston.

The singing of a verse of "The Star Spangled Banner" closed the exercises, and the graduating class marched out singing, to the tune of "Tipperary."

"It's a long, long way to Polytechnic,
But we're almost there."

The names of those in the graduating class follow:

Merle Allender, Hamilton Armfield,

Group Prominent in High School Affairs

Officers For the 2 Semesters Are Shown

Arthur Perkins, Gwendolyn Hoyle, May E. Sexton, Lillian E. Pumphrey, Flora A. McFadden, Paul H. Bruns, Milburn Harvey Beatrice M. Vegely Grace Smiley

Class Colors Are Purple and Gold

In this group of Santa Ana High School seniors are several of the students who have been prominent in student affairs of the high school. In the group are the class officers for the the two semesters of this year, as follows: Presidents, Arthur Perkins and Milburn Harvey; vice-presidents, Gwendolyn Hoyle and Beatrice Vegely; secretaries, Beatrice Vegely and Lillian Pumphrey; treasurers, Flora McFadden and Paul Bruns.

In the picture also is Miss May E. Sexton, who took the comedy part in the class play, "The Melting Pot."

The class poet is Miss Harriet Owens; Miss Ruth Violett is class historian, and Fitzhugh Gray is class prophet.

The class will was written by Miss Grace Smiley, whose picture is in the group.

The class motto is: "We have climbed the hills, the mountains are before us."

The violet is the class flower, and the class colors are purple and gold.

DEODAR PLANTED AT CLASS DAY EXERCISES OF HIGH SCHOOL

Stunts, Together With Will, Prophecy and Poems, Feature Program

With class day exercises in the assembly hall and the planting of a deodar on the campus, the Class of 1919 very nearly said farewell to high school days yesterday.

The exercise yesterday was one for student fun, when dignity was not featured and joy was in the ascendancy. Dignity and all that goes with commencement exercises were left for tonight's program, when formal farewell to their high school career will be said by 112 graduates.

Cleverness and the joyousness of student life permeated yesterday's class day exercises. Good natured thrusts in the class will and class prophecy stood out as a part of the fun of the afternoon.

In the good-natured thrusts members of the faculty were not spared, while all of the foibles and fads of individual members of the class were held up for a good laugh.

Miss Grace Smiley read the will, and the prophecy, written by Fitzhugh Gray, was read by half a dozen students, interpreting it from a newspaper supposed to be one published some several years hence.

The class poem was read by its author, Miss Harriet Owens.

Orchestra Is Heard

Music for the occasion was supplied by the high school orchestra, which, under the direction of Miss Watson, has been a source of joy and entertainment frequently throughout the school year. An instrumental trio was also a part of the musical program.

There were two main hits on the afternoon's program. First came a kindergarten scene with Miss Flora McFadden as teacher. The pupils were selected from among capable, well known members of the senior class, attired in costumes that were screams. Every child among them sang lustily whatever kindergarten songs were called for by teacher, and an exhibition of "Bean Porridge Hot" cannot be described, but the shouts of the audience declared it a success.

The closing number was "The Doll Shop," which gave opportunity not only for a lot of fun but for displaying a lot of talent in acting and singing. It was excellently presented throughout.

The Doll Shop Cast

Those taking part in "The Doll shop" were:

Proprietor, Karl Loerch; Shop Girl, Georgena German; Rich Customer, Grace Smiley; French Doll, Gwendolyn Hoyle; Rag Dolls, Flora McFadden, Verdelle Breckenridge; Darkey Doll, Monroe Sharpless; Teddy Bear, Travis Anderson; Wax Doll, Helen Sylvester; Red Cross Nurse, Frances Walker; Boy Doll, Simon Fluor; Girl Doll, Ruth Violett; Ballet Doll, Marion Scudder; Egyptian Doll, Frances Baker; Sailor Boy, Beatrice Vegely; Old Fashioned Girl, Isla Burge; Indian Chief, Fay Burnett; Spanish Doll, Waive Kingrey; other dolls in the chorus, Harriett Owens, Mary Johnson, Nellie Larson, Ruth Cordes.

The tree planting took place near the east entrance of the administration building of the high school.

Milburn Harvey, president of the class, who presided at the afternoon's exercises, threw in the dirt around the deodar tree, selected as the class tree, and turned the shovel over to Douglass Keech, president of the junior class, and charged him with the care of the tree for the coming year.

OVER SIXTY OF CLASS WILL GO TO COLLEGE

Of the 112 members of the senior class of Santa High school, at least sixty will attend home higher institution of learning next year.

Since a number of the graduates have not decided what they will do the coming year, the proportion continuing with education courses beyond those completed today will be increased.

Possibly when September arrives seventy or seventy-five of the 112 will be again in school. A good many have decided to go to some college, but have not made their selections.

Acording to present plans, at least ten expect to remain at home and enter Junior College here. Of the universities and colleges, Pomona college seems to be a bit the most popular among the seniors. Six have signified their intention of entering Pomona next year. Stanford, the University of California at Berkeley, U. S. C. and Occidental will have from three to five students apiece out of this class. Two or three are to enter the Oregon Agricultural school, and two are to enter training for nurses.

So far as it is possible at this time to secure a check upon the intentions of the students, the following is given to determine where they will be during the next year:

Gertrude Alton, possibly go to Junior College; Floyd Andres, some college; Frank Andrews, Pomona college, Travis Anderson, Throop College of Technology; Clara Appuhn, plans uncertain; Worth Alexander, work; Phyllis Baker, going east to college; Fay Barnett, Junior College; Caroline Blake, Pomona college; Ruth Boose, plans uncertain; Bessie Bower, to be married soon; Lawrence Broady, Junior College; Isla Burge, undecided; Edward Burns, Boston Tech.; Verdelle Breckenridge, Pomona college; Paul Burns, U. S. C. Law school; Lucy Caldwell, at home; Homer Cain, Junior College; Marion Calhoun, at home;

(Continued on Page Ten)

SCHOOLS START FALL TERM ON SEPT. 10TH

Santa Ana city schools are to open for the fall term on Sept. 10, two weeks earlier than usual.

"There are three reasons for opening our schools earlier, for setting an earlier date and keeping it," said City School Superintendent Cranston today. "First so that Santa Ana students who transfer to other high schools after starting here will not be behind their classes in the new schools. Nearly all other high schools start earlier than we.

"Second, to give our athletes a fair chance with other schools. When we open school late in September, other high schools have the advantage of two or three weeks training.

"Third, because several summer schools to which some of our teachers might want to go start early in the summer. For instance, Stanford started June 17, and the University of California next Monday.

"We have not set a definite date for closing the school year, but it will be early in June.

"All of the city schools will open Sept. 10 except the Mexican schools. The two new buildings for the Mexicans will not be finished by Sept. 10. The Mexican schools will start Oct. 1st."

TEACHERS MAKE PLANS FOR SUMMER

Many of the high school and grammar school teachers have already made their plans for the summer. Berkeley summer school will have a good representation of Santa Ana teachers and several who live some distance away will return to their homes. Most of the teachers will return next year, but several resignations have been received, including those from Miss Marjorie McGee, Miss Adeline Hill, Miss Winifred Roberts, and Miss Isabel Jayne, all of whom are to be summer brides.

The resignations of Miss Minnie Gardner and Miss Grace Gebhart have also been accepted.

Here's what the high school teachers are going to do:

Miss Gowdy is going to spend a month at Idylwild; she will then move to the south part of town.

Miss Shea will remain at home, as her father is very ill.

Miss Wyant is undecided whether to go back to the heat in Iowa and visit her sister, or go to some mountain resort.

Miss Watson will attend the summer school at Stanford University, where she will get her Ph.D. degree.

Miss Finley is planning to spend several weeks in Berkeley with old college friends.

Mr. O. Garber is undecided.

Miss Scott will attend summer school in Los Angeles at the U. S. C. extension; she also expects to go to Catalina or the mountains.

Miss Clausen will visit Detroit, Minneapolis and Des Moines.

Miss Birdenia and Bess Henry are going to drive up to Palo Alto in their machine, where they will attend summer school.

Mrs. Robt. Northcross will go to Laguna Beach.

"Boss" Warren expects to farm his orange ranch.

(Continued on Page Ten)

LONG BEACH NOTES SUMMER'S ARRIVAL

LONG BEACH, June 27.—Conclusive proof that summer is here and that there are many more visitors to the amusement zone this year than iast is found in reports from leading concessionaries and amusement men on the Pike and Silver Spray pier. The number of their patrons, it is said, exceeds by 20 per cent the 1918 crowds. Big jumps in revenues during the past two weeks are shown. Renewal of a lease for space in which a "racing derby" is to be established was announced today.

RECEPTION BY BANK LARGELY ATTENDED

FULLERTON, June 27.—Visitors from far and near thronged the rooms of the First National Bank and the Fullerton Savings Bank Wednesday night, the occasion being a reception by the banks' officials tendered to the public to fittingly mark the end of the "reconstruction" period after more than one year, or, to be exact, since the building was practically destroyed during the earthquake in April, 1918.

Two orchestras, one from Anaheim and one from Pomona, entertained the visitors throughout, the two alternating, so that there was a continuous musical treat. The reception hours were announced from 7 to 9 o'clock, but there were so many visitors, and they being reluctant to depart, that it was 9:30 o'clock before the Anaheim orchestra played "Home, Sweet Home," as a gentle reminder, when the satisfied visitors took their departure.

Bronze Tablet Set In Wall Is Dedicated Before Throng of Pupils

1917-1919
In Memoriam
Died in the Cause of Humanity and Democracy
Nurse Cara Keech
Lt. Charles T. Deaver
Lt. Egbert McKean
Sergt. Nathaniel Rochester
Sergt. John Simmons
Corp. Willard Best
Lt. Warren Mansur
Lt. Leon Martin
Ensign Walter Stafford

The above words and names appear upon a bronze tablet yesterday presented to Santa Ana high school by the senior class.

The ceremonies accompanying the presentation of the plate were short, but impressive. The tablet is upon the wall to the left of the entrance of the administration building of the high school.

Upon it are the names of eight former high school students and one former instructor who died while in the service of their country.

The tablet was covered with a beautiful silk American flag. Milburn Harvey, president of the senior class, in an address of dedication, declared that the sacrifices made by those whose lives were given must forever be an inspiration to every high school student, not only those of today but those who hereafter attend that school.

The memorial plate was accepted for the student body by its president, James Utt, who declared that the plate would forever remain as a token of the school's participation in the great war.

The accompanying picture is from a cut made for the Ariel, a high school publication. The cut was made before the recent death of Ensign Walter Stafford.

Three of those whose names appear upon the bronze plate lost their lives in the Argonne Forest, Sergt. Nat Rochester fighting with the Lost Battalion, Lieut. Leon Martin in the terrific fighting done by the 362nd Infantry, Lieut. Charles Deaver, a former instructor of Santa Ana high school, so far as known while scouting in No Man's Land.

Miss Cara Keech, Red Cross nurse, died of influenza in London, Sergt. John Simmons of pneumonia in Washington, D. C.; Lieut. Egbert McKean in an aeroplane accident in Louisiana, Corp. Willard Best of injuries received while stationed at Camp Kearny, Lieut. Warren Mansur of meningitis contracted in the service, Ensign Walter Stafford, following an operation at Mare Island hospital.

TEACHERS MAKE PLANS FOR SUMMER

(Continued from Page Nine)

Miss Frances Lapum will go to her home in Los Gatos.

Going to Camp

Mr. Gustlin and the band are going to the Y. M. C. A. camp at Catalina for a good time. The rest of the summer he will spend at home taking short trips to the beaches and mountains.

Miss Daniels will go to the U. C. summer school after visiting the Christian Endeavor convention at Long Beach.

"Shorty" Smith will take a course in summer school.

Major Carrier leaves for the University of California right after school closes to take military science. Later he will take short vacation trips.

Miss Leech will attend summer school at Berkeley.

Miss Schultz will take a trip to the mountains and will also attend summer school at Berkeley.

Miss Johnston will visit Chicago and other points in the middle west.

Mr. Neally is undecided, will probably remain at home.

Miss Lasby plans to spend the first part of the vacation at the Mount Wilson Obesrvatory, but will be in Santa Ana after the first of August.

Miss Rowland expects to attend summer school at Berkeley, then may take a trip to Seattle.

Most of the intermediate teachers are to remain in Santa Ana, taking short trips to the beaches and mountains. Misses Nellie Clingan, Mary Henderson, Lucy Carter, Wilma Andrews, Mrs. Iva Webber and Mr. Harry Garstang will remain at home.

Miss Hazel Bemus will attend the summer class of Mrs. Sooy of Los Angeles Normal Art department.

Misses Eva M. Thacker, Fannie Pease, and Joella Sharp will attend the summer school at U. S. C.

Miss Maude Wherry is to teach penmanship in a Los Angeles summer school.

Miss Phyllis Peckham will be in Los Angeles. Mrs. Nettie Wolf in Orange.

Prof. W. C. Roberts will take all the vacation possible in Santa Ana.

Miss Levenia Scott will be in Pittsburgh, Penn.

Miss Ruth Frothingham is undecided.

The Washington school teachers are rather undecided as to their plans. Miss Plumb, the principal, will attend summer school at Berkeley. Miss Edith Fulmer will go to her home in Pennsylvania, and Miss Mabel Latta to her summer home in the Colorado mountains. Miss Edith Cornell, Miss Sophie Hardy, Miss Carrie Hearde, and Miss Anna Rickerrich are undecided.

Miss Linda Paul of Lincoln school, and Miss Lois Thacker will remain at home. Miss Glenna Abbott to Modjeska; Miss Josie Eilers will go east; Miss Steward will visit relatives in Idaho; Miss Mary Giffin will spend most of her time between Santa Ana and Glendale, and Miss Florence Lewis will leave soon after school closes for Eagle Rock, where she has accepted the position as kindergarten director.

Miss Mead, principal of Roosevelt, and Miss Clevenger expect to visit the different beaches. Miss Mead will be in Long Beach most of the time. Miss Ada Borden and Miss Smart are undecided. Miss Christine Schenk and Miss Mary Collins will attend summer school at Berkeley, and Miss May Pulham will be at her home in Santa Monica.

Miss Barclay of Jefferson will go to Tulare with her mother, Miss Laughead to her Long Beach home. Miss Eunice Jones has not yet decided.

Miss Mary Andrews of McKinley, leaves next week for Yosemite, where she will remain for about ten days. Miss Lela Heil and Emma Hasty both expect to spend some time at Catalina. Miss Eunice Bauer and Miss Gertrude Potts are going to summer school.

Mrs. Ralph Trees will be at home most of the summer.

JUNIOR COLLEGE GIRLS GET DIPLOMAS

President of Whittier School Delivers Address to Graduates

(Continued from Page Nine)

settled manhood is the "golden age" for choosing.

That period commences, he stated, when a person enters high school and lasts until he graduates from college, or from the time he is thrown on his own resources and choosing becomes a real necessity.

Students begin their right of choice, first, in choosing the subjects they want to study and the course they want to follow. From that time they begin to assume responsibility, importance and a greater freedom.

This stage of the "right of choosing, President Wright handled exceptionally well. "When the boy receives the chance to use his own initiative it is of the greatest importance that it be used in the correct way," said he. "Stewart Edward White could look with comparative ease across a canyon and pick out a deer. His friend asked how he could do such a thing and Mr. White said the secret was that his eyes had been trained in the mountains to eliminate the obvious things."

President Wright urged that the students in learning to choose eliminate the obvious things so that their work in college will mould their lives for the future, for it is a well founded theory that what a person is in this intermediate stage, he is bound to be in later life.

Another good point in the address was the importance of keeping the center of choosing outside of self. The speaker took up Germany as an example of a self-centered state existing only for the betterment of itself at the expense of the people. Its downfall was certain.

"Keep the center of your life outside of yourself," he said. "It is possible to walk down the street and pick out the people who live for themselves. Live a self-centered life and you die and though it would take a philosopher to give the reason, sacrifice brings the only true life.

"Everyone should make the most of his personality. Don't be satisfied by accomplishing something that is inferior to the best in you, or even if it is merely good, but develop to the fullest extent the best contained in you."

He spoke of the commercializing influence of the war, how it developed the desire to get quick jobs and quick money, which was all right if circumstances made it necessary, but to give up without a struggle the broadening influence of a college life and the personal touch and the fellowship of school friends was not wise choosing. Destiny is the sum total of choice.'

In closing he quoted:

"If he be unrighteous, let him be unrighteous still; if he be filthy let him be filthy still; if he be righteous let him be righteous still, and if he be holy, let him be holy still."

It was a splendid address delivered in a straightforward, simple manner.

Presentation of Class

In a short presentation address, Principal Hammond compared the previous graduating classes to this year's class both in numbers and scholarship average, as nearly as he was able to deduct. The result was very favorable to the present class.

Before awarding the diplomas, F. L. Andrews, secretary of the school board, thanked Principal Hammond and his faculty in behalf of the Board of Education for bringing the class to the completion of a successful year.

Miss Gretchen Walthers, president of the class, charmingly accepted the diplomas for the class, in a very clever, short talk.

After the singing of "America," an informal reception was held for the graduates. Those graduating are:

Annie M. Anderson, Harriett Brown, Martha Ehlen, Marjorie Dana Ellis, Emma G. Finney, Irene Marie Griset, Vivian Josephine Newman, Sylva Christine Groover, Margaret Frances Scharf, M. Corinne Skiles, Edna L. Stein, Dorothy Grace Squires, Dessa Mae Taylor, Ethel Irene Thompson, Gretchen Felicitas Walther, Iva L. Webber.

Although it's now "apres la guerre," you may be able to get a laugh from this story from the late front. It exemplifies well the Scots love for theology—not always undiluted. An army chaplain meeting a Jock who had taken "a drop too much," offered to guide him to barracks. On the way Jock became discursive. "Ye ken, chaplain," he said, "ma father is a very releegious man, and I'm that way inclined masel,' Noo I'd like to ha'e a bit argument wi' ye on predestination." The padre was much amused.

"Hadn't you better wait until you are sober, Jock?" he replied. "Hoot, mon," said the Scot. "I don't care a d—n about predestination when I'm sober."

GOOD MAIL RECORD

IRETON, Ia., June 26.—Roscoe Morrison, carrier on route No. 1 out of here, never missed a day in making his route through all the bad weather last winter and the muddy roads last spring. This spring he has, in addition to carrying his route, ploughed and planted to corn twenty acres. This he proposes to cultivate without assistance.

Mercenary

A sailor man I would not be
And plow the bounding main.
I'd rather plow a farm, you see,
And bank my worldly gain.

SPEED ON KEYS BRINGS AWARDS TO STUDENTS

Good Records Made In Typewriting Department at High School

The records made in the typewriting department of the Santa Ana high school during the past school term were creditable. Contests were held at various times throughout the school year when each student of typing was tested on speed and accuracy. These tests were fathered by the Remington and Underwood Typewriter companies.

The first test on the Remington typewriter was held in March, at this time ten certificates were won for a net speed of twenty-five words per minute on new material for ten consecutive minutes with not more than five errors. In tests held in April and May sixteen additional certificates were won.

The latter part of May another contest was held when sixteen second Remington test certificates were won for a net speed of forty words or more per minute under same ruling as above.

Tests on the Underwood typewriter were held in March and April when fourteen certificates were won for a net speed of forty words or more per minute.

On June 17, another contest was held. Those having seven and one-half months of typewriting made the following per minute, net, on new material for ten consecutive minutes:

Clara Kellogg, 64; Ruth Walker, 55; Dorothy Duggan, 55; Kathryn Walker, 54; Mary Woodward, 53; Marion Scudder, 52; Marguerite Warne, 51; Catherine Jasper, 51; Martha McCune, 50; Lillian Walker, 48; Alice Wasser, 47; Waive Kingrey, 44; Gladys Swofter, 44; Gailene Finley, 42; Ireta Coulson, 41.

Those having more than one year of typing made the following record:

Isabelle Boyd, 64; Dorothy Whipple, 64; Vera Henrickson, 64; Clara Appuhn, 63; Della Iman, 63; Valeda Willard, 63; Ruth Boose, 60; Clara Sells, 60; Marie May, 60; Blanche Hill, 58; Emma Hardy, 58; Florence Neff, 58; Sylvia Shields, 55; Gladys Shields, 53; Mildred Edwards, 51; Nellie Larson, 50.

This high standard shows that many are eligible for the gold medal contest. This is the third award given by the Remington company for a net speed of fifty-five words per minute net, for ten consecutive minutes, and many are in hopes of winning this next year.

Special mention should be given Malcolm Finley, who has attained a speed of thirty-five words per minute, net, on new matter at the end of three months, having begun his typing March 17.

In the penmanship department of the Santa Ana high school, students who have won penmanship certificates this year:

Gertrude Alton, Glad Dillenbeck, Lena Favre, Glenna Jean Hill, Maydelle Jernigan, Nellie Larson, Rheta Read, Eugene Adams, Cleo Bowers, Kathryn Bexton, Myrtle Camblin, Gertrude Cauthon, Ruth Cope, June Crawford, Marin Golden, Lola Hooe, Eva Iman, Hazel Isenberg, Olive Jiles, Inez Klatt, Anna Klemm, Blanche Lambert, Julia Linsenbard, Myrtle Penn, Inez Pierce, Violet Post, Marion Prang, Helen Reich, Edmund Salter, Harriet Schultz, Ethel Smith, Leona Sproul, Dorothy Stanfield, Alberta Trickey, Beulah Wilson, Helen Young, Esther Zimmerman.

BAND AND PICTURE ENJOYED BY THRONG

Those who did not attend Clune's Theater last night missed a worthwhile show, which will be repeated tonight. It was a combination program without a weak spot, which delightfully entertained the large audience present.

The United States Navy Recruiting Band, under the direction of Chief Bandmaster Thomas J. Kennedy, and a vaudeville entertainment put on by band members was the chief drawing card, although the film, "Crimson Gardenia," by Rex Beach, was an unusually good, strong picture, which opened the program.

Following this was a lengthy film of activities in the navy, accompanied by an explanatory lecture given by Chief Yeoman Howard N. Smith. Many features of navy life and education were shown and these opened the eyes of many present who did not know just what the navy is doing for the youth of the country who enlist.

The vaudeville program was opened by Sailor Williams with a clever hand balancing act. Then came Sailor Dawson with violin solos. He was accompenied on the piano by another member of the party. Sailor Noonan pleased mightily with vocal solos, accompanied by the band, which might have been just a bit softer to suit the singer's voice. A jass selection by five trombones and the band enlivened things some and some excellent classical and other selections were given by the entire band.

William P. Hughes, a survivor of the Jacob Jones, sunk by a Hun submarine, gave a short talk of his experience.

SABBATH SCHOOL IS IMPORTANT DEPARTMENT

Orange County Wide Field For Activities of the Secretary

The Sabbath School is the most important department of the Church, as through it more than three-fourths of the members enter the church. The more efficient the school, therefore, the better will be the results of its work.

The field for a County Secretary for church school work in Orange county is a wide one, and if fully apprehended, appeals to those interested in the work as very important and necessary.

Starting and encouraging in the different communities, activities such as summer reading circles, teacher-training classes, mission study classes, temperance instructions; arranging contests in membership and attainment; forming leagues among the boys and girls; engendering a feeling of fellowship and close acquaintance by acting as a connection among the schools; bringing to the notice of the various schools methods used successfully by the foremost schools of the country, and by those similar to their own; procuring books dealing with the many phases of the work and calling them to the attention of those who ought to know about them; gleaning from every school the best things workable and carrying them even to the remotest schools, these are some of the duties pertaining to the position.

But that is not all. The State Association, with its experts in the work of the different divisions, stands ready to come to us at our invitation, but what is everybody's business is nobody's business in church school work as it is elsewhere. The other counties of Southern California have a right to the service of the State and need them as much as we do, and therefore detail work ought not to be expected of the state office even if it were feasible. Who can do it better than one whose business it is to be acquainted with the requirements and possibilities of the church school in all parts of the country

But even this is not all. An able corps of workers composes the executive force of the County organization. To arrange that these may come into contact with every part of the county through meeting small groups of interested and to-become-interested workers in conferences, who can measure the value of such work?

All this takes money. A man's salary must be paid; to conserve his time to make it possible for him to reach all parts of the county, a machine is required; postage and printing cost; no relief from excessive telephone rates can be expected before the installment of the Mutual; the county must continue to adequately support the State and International Associations. To do all this a minimum budget of $3000 will be required, which will maintain the county association for one year and include the State and International apportionments for 1919.

G. W. KITZMILLER,
County Secretary.

CORNELIUS AND SKIDMORE ARE FOR BONDS

Well Known Men of County Boost For $40,000,000 Issue For Roads

"People are now coming from all over the country to California to drive over our good roads system and enjoy our famous climate and wonderful scenery," declared W. A. Cornelius, deputy revenue collector and owner of the Newport News, in a letter to the Auto Club of Southern California.

Following is his letter and one from Joe Skidmore of Laguna Beach in support of the state bond issue for good roads:

"Irvine, Cal., June 21, 1919.

"Auto Club of Southern California,
"Santa Ana, Cal.

"Gentlemen: The next important matter for the voters to decide on is the proposed bond issue for an addition to the state highway system.

"We should vote 'YES' on these bonds and should consider that when we thus bring added tax burdens to ourselves, that we are going to get value received many times over for whatever the issue costs us in the way of added taxes.

"The proposed state highway extension and the cost incident thereto should be looked upon in the light of an investment in which the element of chance is missing.

"Good roads have never been a failure from an economic or investment standpoint and we would not think of parting with one mile of the good roads we now have.

"People are now coming from all over the country to California to drive over our good roads system and enjoy our famous climate and wonderful scenery.

"Our present roads are the best in the country. Our new extensions will prove as good an investment as were the roads first built by the state and counties.

"New sections will be opened for cultivation and home sites and miles of wonderful scenery in the cool refreshing air of the blue Pacific will be ours with the building of the Coast boulevard, one of the most important links in the new system.

"The day of the electric car with the expensive track and electric pole and wire outlay is past. We have found that passengers and freight can be moved cheaper and more rapidly by automobile. The use of the business and pleasure car and freight and express truck will increase as the electric railway business declines.

"Let us perfect our net work of paved roads. Their use has been apparent in past and their greater need is yet before us.

"Respectfully,
"W. A. CORNELIUS."

Skidmore for Bonds

"Laguna Beach, June 23, 1919.

"Automobile Club of So. California,
"No. 303 No. Main Street,
"Santa Ana, California.

"Attention Mr. M. E. Metcalf.

"Dear Sir: When a man wished recently to comment eulogistically on the place of his residence, Laguna Beach, he defined it as 'the paved part of his thorny path.' Leaving aside the implied compliment to my town, I would particularly draw your attention to the happy comparing of life with a road; one which is either 'thorny' or paved; undesirable or as it should be.

"And that in another sense, materialistic, commercial, if you will, the matter of the condition of roads is something vital—why, my dear sir, that's an axiom. By the way, Friend Metcalf, to save you the time of hunting for a dictionary—axiom is something that requires no further proof.

"In other words, I am heartily in favor of the proposition to vote bonds for the construction of additional 'Good Roads.'

"Very truly yours,
"JOE SKIDMORE."

Christian Brothers from Pacific coast states enter retreat at Berkeley, marking close of spring term of teaching.

STORE CLOSING ANNOUNCEMENT

Beginning Saturday, June 28, the undersigned merchandising establishments will close their places of business on the last day of each week at 6:00 P. M., instead of 9:00 P. M. as heretofore. This new policy will prove of mutual benefit to patrons as well as employes. The shorter day will conserve the strength and energy of employes. It will make it possible for them to render more efficient service to you.

Since the eight-hour law for women became effective, dry goods and apparel houses have experienced endless difficulty in re-arranging working hours for their help. The only possible solution for long-houred days, like Saturday, was to divide the forces into two shifts. This unsatisfactory method resulted in short-handing us on the busiest day. We have attempted to serve a heavy patronage with one-half our regular force on duty at one time. Disappointment, sometimes indignant customers, confusion and a heavy strain were the outcome of this.

Closing on Saturday nights remained the only proper and permanently satisfactory solution. The movement once agitated was quickly subscribed to by the six dry goods and apparel houses below. A full force will be on duty at each of these stores beginning next Saturday. The 6:00 P. M. closing hour will, we are firmly convinced, meet with the hearty and spontaneous approval of every patron. Will you help us make this worthy policy a success by

Interesting Description of an Ex-German Submarine

The following interesting description of an ex-German submarine is clipped from the Avon (Ill.) Sentinel, which was brought to the Register by Mr. Zimmerman.

Lieutenant Stevens, who wrote the article, is well known by Mr. Zimmerman:

Lieut, Wayne E. Stevens, who is still in the army service doing historical research work in the War College at Washington, D. C., has written a letter to his parents, telling of a recent visit to the U-117, an ex-German submarine, anchored in the Potomac river, near the War College. We take the liberty of printing a portion of the letter:

A few days ago I visited the U-117, an ex-German submarine which is anchored not far from the War College. It was turned over to the allies immediately after the signing of the armistice and is now being exhibited here. It is one of the super-submarines and is credited with having sunk at least twenty vessels, some of them off our Atlantic coast in 1918. You can form some conception of its size when I say that it is 275 feet long and at one time carried a crew of six officers and sixty men. It is the most remarkable vessel I have ever seen. A large part of the hold is a mass of the most intricate and complicated machinery that you can imagine. It is a mass of pipes, speaking tubes, guages, valves, dials, indicators, levers, wheels, etc. There is a passage way through the hold barely large enough for one person. I was talking with a friend of mine who draws special designs for the war department and I asked him whether he had ever seen such a complicated mechanism. He said he never had. It is a marvellous tribute to German ingenuity. I was particularly interested in the officers' and men's quarters. The men slept in tiny, narrow bunks, arranged in tiers and they must have lived like rats. The officers' quarters are nicely furnished and are fairly roomy; resembling a stateroom in a Pullman car. While I have little sympathy for anyone belonging to the crew of a German submarine, I must say that the men must have led a wretched existence and after seeing the way they must have lived, I can believe almost anything which we are told concerning the state of their morale. I have yet to see anyone who has vitited the U-boat who would like to belong to the crew.

On the deck is mounted a good-sized naval gun, a 4.7-inch, I believe. It must have a very considerable range and penetrating power. It appears larger than some of the guns mounted on the merchant vessels. There are two periscopes, which project upward from the conning tower. They must be almost five inches in diameter at the bottom, narrowing considerably at the top. I am rather skeptical about the stories of some of our men who took pot shots at the periscopes of submarines from the decks of convoys and made wonderful hits. Imagine trying to hit a broomhandle moving through the water at a distance of from a quarter to half a mile! The top of the periscope is very little larger than a broomhandle. At the bow of the vessel are great steel knives which were intended to cut through the allies' submarine nets, which were made of wire cable.

After inspecting the U-boat my impression is that our danger from the German submarine campaign was much greater than was realized at the time. I came across some figures in my work the other day showing that during the war there was destroyed one-half the tonnage which existed in the whole world in 1914. Of course a great deal of it was replaced, but that will give you some idea of what the submarine accomplished. I have also heard two high-ranking naval officers, one of whom had charge of a very important operation in the North Sea, say that the shipping situation of the allies was at one stage almost desperate. I must say that it gave me a safe and comfortable feeling, as well as one of great satisfaction, to see an American flag floating from the German submarine.

The U-boat was the most deadly weapon which the Germans possessed and if they had begun its use at the outbreak of the war and continued without interruption they might have won.

RETURN HEROES AS AMERICAN CITIZENS

Seeks Chance to Square Up With Men Who Fought With Allies

Steps to remedy as speedily as possible the technical loss of citizenship that has arisen because of the impetuous valor of many thousands of American boys have been recently taken by the Bureau of Naturalization of the Department of Labor.

As soon as England entered the world war hosts of American boys were eager to fight the Huns by the side of those nations who championed the democracy of the world. They flocked "over the border" to volunteer in the Canadian companies or sailed across the seas to enlist directly in the armies of the French or the English. Then came an order from the United States to the effect that no United States troops should go to France. In order to be allowed to fight for the just cause they must, technically at least, forfeit their citizenship in this country. As a result of his order 9,000, it is said, became Canadians over night! They won the battle, but they became men without a country!

While the battle was on, little did they care whether they were formally American citizens or not. The brotherhood of arms was a satisfying one. But, with the signing of the armistice, the thought of home asserted itself. Protests from the boys themselves and from their relatives and friends against this unjust loss of citizenship poured back to the home country. On May 9, 1918, congress attempted to remedy the intolerable condition by amending subdivision 12 of section 4 of the act of June 29, 1906, as follows:

"That any person who, while a citizen of the United States and during the existing war in Europe, entered the military or naval service of any country at war with a country with which the United States is at war, who shall be deemed to have lost his citizenship by reason of any oath or obligation taken by him for the purpose of entering such service, may resume his citizenship by taking the oath of allegiance to the United States prescribed by the naturalization law and regulations, and such oath may be taken before any court of the United States or of any state authorized by law to naturalize aliens or before any consul of the United States, and certificated court or consul to the department of state and the bureau of naturalization."

While this amendment to the naturalization law provides an easy and simple way for the soldier thus expatriated by fortune of war to be repatriated, the bureau of naturalization realized that overseas there was a very general ignorance of its provisions among those who need to take advantage of them. Moreover, delay and inconvenience naturally would result from such a lack of understanding. Therefore, the bureau took steps to smooth the path back to citizenship of these thousands of brave men.

Proper forms were prepared which would enable American consuls in foreign countries to arrange the process so as to cause as little inconvenience and delay as possible. Thirty-five thousand of these forms were printed and sent to the state department to distribute to the consuls. At the same time the widest possible publicity has been given to the matter so no soldier may neglect the opportunity through ignorance.

The bureau of naturalization is determined that these boys shall have their citizenship restored at as early a date as possible; since just such citizens are needed in the reconstruction period. The intention is that, when the transport brings them to their homeland, their first step on American soil may be, as it should be, as citizens of the United States.

OLIVE NEWS BRIEFS

OLIVE, June 27.—Mrs. Anna Reich surprised her friends and neighbors Thursday by quietly slipping away to Santa Ana and being married. The groom is Mr. Robert Reich, a cousin of Mrs. Reich's former husband. He is a widower with three small children.

The news of the marriage leaked out during the afternoon and a pleasant little surprise was planned for the couple when the neighbors gathered, bringing cakes and ice cream, went to the Reich home after the happy family and took them to the Olive hall, where a pleasant evening was spent in dancing and visiting.

Ice cream and cake were served in the dining room, where the tables had been hastily decorated for the occasion in pink and green.

Mrs. Reich's friends are very glad for her and congratulate ehr and also the groom, who is a stranger here, having come from Oregon.

Seventy rare avocado trees were destroyed by fire that started along the Santa Fe right-of-way in Fresno county. One hundred settlers could not save the grove. The trees were in their third year and bearing their first crop.

MIKE TAKES VACATION

GRAND JUNCTION, Colo., June 14.—Mike Dulany, 72 years old, a railroader for a half century and for thirty-one years at the local Denver and Rio Grand blacksmithing department, got a three-weeks' leave of absence recently for a visit with "home folks" in Philadelphia, Pa. It is his first vacation in seventeen years.

LEGAL NOTICES

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

In the Superior Court of the State of California, in and for the County of Orange.

In the matter of the estate of Simon B. Squires, deceased.

IT IS ORDERED BY THE COURT, that all persons interested in the estate of said deceased appear before the said Superior Court on Friday, the 25th day of July, 1919, at 10 o'clock a. m. of said day, at the court room of said Superior Court, in Department 2 thereof, in the Courthouse in said County of Orange, State of California, to show cause why an order should not be granted to the administratrix of said estate to sell all of the real estate of said deceased as may be necessry.

And that a copy of this order be published at least four successive weeks in Santa Ana Daily Evening Register, a newspaper printed and published in said County of Orange.

Z. B. WEST,
Judge of the Superior Court.
Dated June 27, 1919.

ORDINANCE NO. 642

AN ORDINANCE OF THE CITY OF SANTA ANA, CALIFORNIA, PERTAINING TO THE REGULATION AND USE OF GASOLINE AND PROTECTION OF THE CITY AGAINST FIRE; PROVIDING PENALTIES FOR THE VIOLATION THEREOF, AND REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT THEREWITH.

The Board of Trustees of the City of Santa Ana do ordain as follows, to-wit.

Section 1. It shall be unlawful for any person, firm, corporation, owner, lessee, or occupant to burn rubbish, waste-paper, rags, excelsior, straw, grass, weeds or any other inflammable or combustible material within Fire District No. 1.

Section 2. It shall be unlawful for any person, firm, corporation, owner, lessee or occupant to burn rubbish, waste paper, rags, excelsior, straw, grass, weeds or any other inflammable or combustible material within the corporate limits of the City of Santa Ana, California, at any other time than between the hours of six o'clock a. m. and ten o'clock a. m. and then only at a distance of 15 feet from any building or other combustible structures.

Section 3. It shall be unlawful for any person, firm or corporation as owner, agent, tenant, lessee or occupant of any building or any lot, within the fire limits of the City of Santa Ana, California, to permit rubbish, waste paper, straw, rags, excelsior or junk or any other waste or inflammable or combustible materials to accumulate upon any roof, or in any room, basement, hall, closets or light wells of any building, or to permit dry weeds or grass or other rubbish to accumulate on any lot or premises nearer than 10 feet of any building or other structure within the fire district.

Section 4. It shall be unlawful for any person, firm or corporation to maintain or conduct any store, wherein any goods, wares or merchandise composed of combustible materials are kept or offered for sale, unless there is maintained unobstructed aisles not less than four (4) feet wide from the front entrance to rear exit, together with sufficient cross aisles not less than three (3) feet wide each, so as to provide ample passageways therein, provided further that said goods, wares and merchandise shall not be piled up nearer the ceiling of said store room than three (3) feet.

It shall be the duty of the chief of the fire department or his assistants to notify in writing the owner, agent, tenant, lessee or occupant of such building, lot or premises in or upon which such accumulations are found to remove same forthwith and the person or persons receiving such notice shall within 12 hours after receiving the same, comply with the requirements thereof.

Section 5. Provided further, that no person or persons shall make or cause to be made any open fire for burning rubbish or weeds or combustible material on any streets, alleys or sidewalks, within the City of Santa Ana, California. Provided further, that no pumps or other devices for handling gasoline, petroleum, crude oils or other oils shall be installed or used on any street or sidewalks within the City of Santa Ana, California, unless specific permission shall have first been obtained from the Board of Trustees of the City of Santa Ana, California.

Section 6. Regulating the construction and use of buildings occupied as garage, clothes cleaning establishments and the storage and use of gasoline in connection therewith.

Definitions and miscellaneous provisions:

The following terms shall have the following meaning in this Ordinance, to-wit:

(a) "Chief of fire department" means chief of the fire department of the City of Santa Ana, California, or any one of his assistants.

(b) "Appproved" means approved by the chief of the fire department.

(c) "Gasoline" means any product or any hydro-carbon liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit.

(d) An "automobile" is any motor vehicle using gasoline or distillate for generating motive power.

(e) A "public garage" is a building where motor vehicles are kept or stored or where a charge is made for use or storage of automobiles.

(f) A "private garage" is a building where an automobile or automobiles are kept for private use only and not rented nor hired out to the public nor any charge made for keeping the same.

(g) "Private Garages" where more than two automobiles are kept or stored shall be subject to the same requirements as specified for public garages.

(h) A "Garage" shall include both a public and private garage.

(i) "Clothes cleaning establishments" shall mean any building or premises where more than one (1) quart of gasoline is kept to be used for cleaning or renovating any clothing or articles of wearing apparel or fabric of any kind including dye works and tailor shops.

(k) "Standard test" means will not flash or emit an inflammable vapor below one hundred and ten (110) degrees Fahrenheit, the fire chief shall determine the flashing point.

(l) The provisions of this Ordinance shall apply to buildings now existing as well as any hereafter constructed.

Section 7. Garages, filling stations, clothes cleaning establishments:

(a) Permits. It shall be unlawful for any person, firm or corporation hereafter to conduct or maintain any garage, filling station, or clothes cleaning establishment without first obtaining a permit therefor from the Board of Trustees of the City of Santa Ana, California. The application for a permit shall be in writing and shall specify the name of the permittee and the location of the premises to be used as an automobile garage, filling station, or clothes cleaning establishment, and the amount of gasoline that may be stored in said premises. No gasoline shall be kept or stored in or about any garage, filling station or clothes cleaning establishment, except as authorized by such permit, and provided for in this Ordinance.

(b) Protection. 1. There shall be in every public garage and clothes cleaning establishment one chemical fire extinguisher of not less than three gallons each where the floor space is less than one thousand square feet, and one additional chemical fire extinguisher for each additional 1000 square feet of floor space or fraction thereof.

2. Every public garage shall also have on hand at all times at least two hundred pounds of clean sand with one hand scoop in each barrel or box of sand to be placed in different parts of main floor and repair shop, if any, such sand when saturated with oil or gasoline shall be removed from the building. The use of sawdust for absorbing oils in any garage shall be prohibited (except for sweeping only).

(d) Regulations for automobile garage and clothes cleaning establishments.

Every garage and clothes cleaning establishment must at all times conform to the following regulations:

1. No gasoline shall be allowed to remain in any open can or open receptacle of any kind in or about the garage or clothes cleaning establishment.

2. No gasoline shall be put into or taken out of any automobile where there is an open light, or when the engine is in momentum.

3. No stove, forge, torch or other flame or fire shall be permitted in any garage, except in the office, retiring room or repair shop.

4. All lighting shall be by incandescent electric lights.

5. No smoking shall be allowed inside of any clothes cleaning establishment. A notice in large letters "No Smoking" shall be displayed in a conspicuous place and manner on the floors and at all entrances to any clothes cleaning establishments.

6. Handling Gasoline. Gasoline up to twenty-five gallons in amount may be kept inside of a garage and one gallon in any clothes cleaning establishment; provided that they are kept in safety metal containers.

7. Gasoline may be kept in approved portable filing tanks inside of a garage. No such filing tank shall have a capacity to exceed fifty (50) gallons. Every approved portable filing tank shall be mounted on an metal wheels with rubber tires and shall be equipped with an approved pump fitted with hose attachment not to exceed eight (8) feet in length with shut-off nozzle. The gasoline shall be pumped into the reservoirs of the automobile from such approved wheel tanks. Such portable wheel tanks when not in use must be kept near the entrance of the building.

8. Storage of Gasoline. Except as hereinafter provided, all gasoline other than that contained in the tanks of automobiles shall be kept in underground tanks in accordance with the following specifications:

(1) No single tank shall have a capacity of more than three hundred (300) gallons of gasoline.

(2) All gasoline storage tanks shall be constructed of at least 12-gauge galvanized steel or one-quarter (¼) inch black open hearth stock. Provided tanks less than 300 gallons may be constructed of less than ¼" steel.

(3) All tanks made of galvanized steel shall be carefully riveted and soldered. All tanks made of black steel shall be carefully riveted and calked.

(4) All tanks shall be coated on the outside with asphaltum or other rust-resisting material.

(5) There shall be no openings or connections of any tank except on the top thereof, and no tank shall be connected either directly or indirectly with any drain, catch basin, public or private sewer.

(6) All tanks shall be underground, outside of any building, in the yard, or under the sidewalk as near the curb line as possible, or under a public alley. The top of the tank shall be four (4) feet below the surface and entirely surrounded by not less than five (5) feet of earth and shall rest upon an earth foundation.

(7) Where the space under the sidewalk is excavated for use as part of basement, tanks shall rest on earth, with no floor underneath, and shall be surrounded on the sides with a concrete wall not less than twelve (12) inches thick, extending from the base of the excavation to four (4) feet above the top of the tank. The space between the top of the tank and the top of the wall shall be filled with earth, and the earth covered with at least three (3) inches of concrete.

(8) Where more than one tank is installed, the tanks shall be separated by at least twelve (12) inches of earth, all well tamped in place. The top of every tank shall be below the level of the lowest pipe line in the building used in connection with the equipment, not to have connection with each other.

(9) No storage tank shall be covered with earth until an inspection has been made and approval in writing signed by the chief of the fire department.

(10) Any storage tanks shall be provided with one (1) inch diameter galvanized iron vent pipe, same to be connected to top of the tank. This vent pipe shall be carried up at least twelve (12) feet above the ground level and terminate in a double goose-neck spark protector, the openings of which shall be covered with brass or copper wire screen of at least thirty (30) mesh. This vent pipe shall be placed on a dead wall as remote from windows and doors as possible, and shall be attached to wall with pipe hooks and kept firmly in place.

(11) All storage tanks shall be filled only from a tank wagon and in the daytime. In no case shall any tank or drum of gasoline, empty or otherwise, be allowed in or about any garage.

(12) Filler pipes shall be made of galvanized iron piping, which pipes shall enter at the top and extend to the bottom of the tank. The upper end of such filler pipe must terminate in a screw cap securely locked.

(13) When filler pipe runs to sidewalk or to alley or to other public highway, it shall terminate in a screw cap securely locked, and be protected by a cast iron filler box, which shall be flush with the sidewalk or alley of the highway.

(14) All pipes shall be galvanized and put together with litharge and glycerine.

(g) Pumps. Gasoline shall be drawn from storage tanks only by automatic closing valve pumps. Such pumps must be located above the top of the tanks.

Section 8. Chief of Fire Department and Assistants to enforce this Ordinance and have access to all buildings, for the purpose of enforcing this Ordinance, and ascertaining whether the provisions of the Ordinance are complied with. It shall be unlawful for any owner or occupant of any building or premises to refuse, or interfere with the entrance to any building or premises by the Chief of the Fire Department or any of his assistants for the said purposes.

Section 9. Any person, firm or corporation or any employee, officer, agent or representative of any person, firm or corporation, violating any provisions of this Ordinance shall be guilty of a misdemeanor, and shall be punished by a fine not to exceed fifty dollars, or by imprisonment in the city jail not to exceed 15 days, or by both such fine and imprisonment. Each day of violation of any of the provisions of this Ordinance shall be a separate offense.

Section 10. All Ordinances or parts of Ordinances to the extent that the same conflict herewith are to that extent hereby repealed.

Section 11. The City Clerk shall cause this Ordinance to be published three times in the "Santa Ana Daily Evening Register," a daily newspaper, printed, published and circulated in said City of Santa Ana, California, and thirty days thereafter it shall take effect and be in force.

The above Ordinance was passed and adopted and approved this 23rd day of June, 1919, by the following vote, to-wit:

Ayes: Trustees Tubbs, Chapman, Dale and Greenleaf.

Noes: Trustees, none. Absent, President Mitchell.

W. A. GREENLEAF,
President pro tem. of the Board of Trustees of the City of Santa Ana, California.

Approved this 23rd day of June, 1919.

W. A. GREENLEAF,
President pro tem. of the Board of Trustees of the City of Santa Ana, California.

ATTEST: I hereby certify that the above Ordinance was passed and adopted by the Board of Trustees and signed and approved by its President at its meeting held on the 23rd day of June, 1919.

(SEAL) E. L. VEGELY,
City Clerk and ex-Officio Clerk of the Board of Trustees of the City of Santa Ana, California.

RESOLUTION NO. 624

A Resolution of the Board of Trustees of the City of Santa Ana, California, Declaring its Intention to Fix the Grade of Grand Avenue from Fourth Street on the South to Santa Clara Avenue on the North, and also that Portion of Santa Clara Avenue from the West line of Grand Avenue on the West to a point 498.50 feet East.

The Board of Trustees of the City of Santa Ana, California, do resolve and declare as follows:

Be It Resolved, that it is the intention of the Board of Trustees of the City of Santa Ana, California, to order the following street work to be done and improvement to be made in the city of Santa Ana, California, to-wit:

1st. To fix the official grade of Grand Avenue, the same being a public street in the City of Santa Ana, California, from the center line of Fourth Street on the South to the center line of Santa Clara Avenue on the North.

Section 1. That the grades established thereon shall determine the distance in feet of the designated point and the intervening space on a straight line between said points above the datum plane as said datum plane is established by Section 1 of Ordinance No. 58 and amended by Ordinance No. 571, adopted and approved by the Board of Trustees of the City of Santa Ana, California.

Section 2. At the intersection of the center line of Grand Ave. produced with the center line of Fourth street 136.65 feet above the datum plane.

Section 3. At the intersection of the center line of Grand Avenue with the center line of Central Avenue 142.30 feet above the datum plane.

Section 4.—At the intersection of its center line with the center line of Fruit St. on the West 145.80 feet above the datum plane.

Section 5. At the intersection of its center line with the center line of Fruit St. on the East 146.40 feet above the datum plane.

Section 6. At the intersection of its center line with the center line of Grace St. 150.10 feet above the datum plane.

Section 7. At the intersection of its center line with the center line of Washington Avenue 151.30 feet above the datum plane.

Section 8. At a point on its center line 660 feet North of the said center line of Washington Avenue 155.00 feet above the datum plane.

Section 9. At the intersection of its center line with the center line of Seventeenth Street 159.80 feet above the datum plane.

Section 10. At a point on its center line 1000 feet North of the said center line of Seventeenth Street 165.80 feet above the datum plane.

Section 11. At a point on its center line 1000 feet South of the intersection of its center line with the center line of Santa Clara Avenue 170.80 feet above the dictum plane.

Section 12. At a point on its center line 500 feet South of the intersection of its center line with the center line of Santa Clara Avenue 174.30 feet above the datum plane.

Section 13. At the intersection of its center line with the center line of Santa Clara Avenue 175.60 feet above the datum plane.

2nd. To fix the official grade of Santa Clara Avenue from the West line of Grand Avenue on the West to a point 438.50 feet East on said Avenue.

Section 1. That the grades established thereon shall determine the distance in feet of the designated point and the intervening space on a straight line between said points above the datum plane as said datum plane is established by Section 1 of Ordinance No. 58 as amended by Ordinance No. 571 adopted and approved by the Board of Trustees of the City of Santa Ana, California.

Section 2. At the intersection of its center line with the center line of Grand Avenue 175.60 feet above the datum plane.

Section 3. At a point 438.50 feet East of the intersection of its center line with the center line of Grand Avenue 178.40 feet above the datum plane.

Notice is hereby given, that on the 28th day of July, 1919, at the hour of 7:30 o'clock p. m., in the Council Chamber of the City Hall, in the City of Santa Ana, California, the Board of Trustees of the City of Santa Ana, California, will hear any and all persons having objections to the proposed work or improvement and they may then and there appear before said Board and show cause why said proposed improvement should not be carried out in accordance with said Resolution, or they may likewise then and there appear and make protest against the proposed work or the manner in which the same is being performed or in any manner pertaining to said work or improvement and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

The City Clerk shall cause this Resolution of Intention to be published three times in the "Santa Ana Daily Evening Register" a newspaper of general circulation in the City of Santa Ana, California, which paper is hereby designated for this purpose by the aforesaid Board of Trustees of said City.

The Street Superintendent shall cause to be conspicuously posted along the line of said contemplated work and improvement and in front of all the property liable to be assessed for the payment of same or affected in any manner by said improvement notices of the passage of this Resolution of Intention in the manner and form required by law.

All the herein proposed work to be done in pursuance of an Act of the Legislature of the State of California and designated the Improvement Act of 1885, approved March 18, 1885, and amendments thereto.

The above Resolution was passed and adopted this 24th day of June, 1919, by the following vote, to-wit. Ayes, Trustees Chapman, Dale and Greenleaf Noes, Trustees, none.

Absent, President Mitchell and Trustee Tubbs.

W. A. GREENLEAF,
President Pro Tem of the Board of Trustees of the City of Santa Ana, California.
Attest:
E. L. Vegely, Clerk.

ORDINANCE NO. 162

AN ORDINANCE PROVIDING FOR THE LEVY AND COLLECTION OF AN ANNUAL TAX, SUFFICIENT TO PAY THE PRINCIPAL AS IT FALLS DUE AND THE INTEREST ON THE BOND ISSUE OF FIVE HUNDRED THOUSAND DOLLARS ISSUED FOR THE IMPROVEMENT, DEVELOPMENT AND PROTECTION OF NEWPORT HARBOR, WITHIN THE COUNTY OF ORANGE.

The Board of Supervisors of the County of Orange do ordain as follows:

Section 1. Whereas, there was a special election held throughout the County of Orange, State of California, on the 10th day of June, 1919, for the purpose of voting bonds for the improvement development and protection of Newport Harbor, within said County of Orange, to the amount of Five Hundred Thousand ($500,000.00) Dollars, to-wit, Five Hundred Bonds, of the denomination of One Thousand Dollars each, payable within twenty-six years, to-wit: One-twenty-fifth part of said bonds payable on the first day of September, 1920, and one-twenty-fifth part of the total amount of said bonds payable on the first day of September of each succeeding year thereafter until all of said bonds are paid, principal and interest payable in gold coin of the United States at the office of the treasurer of the County of Orange in the City of Santa Ana, County of Orange, State of California, and which bonds draw interest at the rate of five per centum per annum, payable semi-annually, and

Whereas, after a canvass of the returns of said special election, as and in the manner provided by law, the Board of Supervisors of the County of Orange, State of California, did duly declare that at said election said bonds, for the purposes aforesaid, did receive, upon the proposition voted upon for the issuance of said bonds more than two-thirds of al lof the votes cast at said special election and further declared said bonds to have duly carried and it being necessary in order to carry out the purposes for which said bonds were voted and issued and do conform to the provisions of the Constitution of the State of California, and the statutes in such cases made and provided that provision be made for the annual collection of a sufficient tax to pay the interest on said bonds and such portion of the principal thereof as shall become due from year to year as provided in the resolution calling said election and the proclamation and notice of said election; and none of said bonds having been sold or delivered and said Board of Supervisors being about to cause the same to be sold, issued and delivered;

Section 2. IT IS NOW, by the said Board of Supervisors, and the said Board of Supervisors of the County of Orange, before issuing and selling said bonds, do ordain as follows:

That the said Board of Supervisors of the County of Orange, at the time of making the next general tax levy after incurring the bonded indebtedness, aforesaid, and annually thereafter until all of said bonds and the interest thereon shall have been paid, shall levy and cause to be assessed and levied upon the taxable property of the County of Orange, taxable therein for County purposes, in addition to the levy authorized for other purposes a sum sufficient to pay the interest on the indebtedness evidenced by said bonds as the same falls due and shall also at the time of making the next general tax levy, after incurring the bonded indebtedness aforesaid, and annually thereafter levy and cause to be levied and assessed upon taxable property of the county of Orange, in addition to the levy authorized for other purposes, and in addition to the levy necessary to pay the interest aforesaid, a sum sufficient to pay such portion of the principal of said indebtedness so evidenced by said bonds as become due on the first day of September, 1920, and on the first day of September of each year following, as provided in the resolution calling said election and the proclamation and notice thereof and in the resolution of said Board prescribing the form of said bonds until all the principal of said bonds is fully paid and satisfied and all moneys arising from such levy so made shall be used for the payment of said interest and bonds as they respectively become due and for no other purpose whatever, and the same shall constitute a sinking fund for the payment of said principal and interest before maturity as they respectively become due.

Section 3. Said tax when collected shall be paid into the treasury of the County of Orange and used solely to pay the interest and principal of said bonds as they respectively become due.

Section 4. This ordinance shall take effect thirty days from and after its passage and before the expiration of fifteen days from and after its passage, the same shall be published with the names of the members voting for and against the same for at least one week in the Santa Ana Daily Evening Register, a newspaper of general circulation printed, published and circulated in the said County of Orange.

T. B. TALBERT,
Chairman of the Board of Supervisors of Orange County, California.
(SEAL)
Attest:
J. M. BACKS,
County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Orange.

State of California,
County of Orange, ss:

I, J. M. Backs, County Clerk of the County of Orange, State of California, and ex-Officio Clerk of the Board of Supervisors thereof, do hereby certify that at a regular meeting of the Board of Supervisors of said County of Orange, held on the 21st day of June, 1919, at which meeting there were present Supervisors T. B. Talbert, Chairman; S. H. Finley, H. A. Wassum, Wm. Schumacher and N. T. Edwards, and the Clerk, the foregoing Ordinance, consisting of four sections, was considered Section by Section and each Section separately adopted, and that said Ordinance was then and there passed and adopted as a whole by the following vote, to-wit:

AYES: Supervisors Finley, Wassum, Schumacher, Edwards and

SOUTHERN CALIFORNIA

SOUTH PASADENA, June 27.—T. F. Smith, of 1015 Monterey road, community Y. M. C. A. secretary, has plans under way for a summer camp at Catalina Island for the boys of South Pasadena, the dates being from August 28 to September 9.

LOS ANGELES HARBOR, June 27.—The captured German submarine, U-88, now on a tour of Mississippi river ports, is to be dismantled and scrapped in San Pedro, a telegram from Memphis, Tenn., received here yesterday, announced. The boat will sail through the Panama Canal and visit all Pacific coast ports, before being returned here.

PORTERVILLE, June 27.—According to a report to E. V. Smalley, district game warden, the success of the state fish hatchery on the Kaweah river is assured, a hatch of 400,000 fry having been completed under conditions which show the aerification and temperature of the water in that stream to be ideal.

IMPERIAL, June 27—John Rollins, a middle-aged laboring man, was sentenced to spend thirty days in the county jail for setting fire to the bedding in the city jail here Monday evening. Rollins had been drunk from Jamaica ginger, containing 90 per cent alcohol.

PORTERVILLE, June 27.—Feed for pack animals in the upper mountains is said to be somewhat shorter than usual this season, due in part to increased number of stock being grazed in the Sequoia National Forest and other parts of the Sierras. As a result travel by campers is a matter of more than ordinary difficulty.

LOS ANGELES, June 27.—A new process for paving highways, that of mixing sulphate of copper with asphalt is being tried out by the county it was announced yesterday by County Road Commissioner Joyner. The county will soon have completed a mile strip of road over Nigger Slough paved with this material. According to Joyner the process is 25 per cent cheaper than concrete paving and about 10 per cent cheaper than macadam paving.

LONG BEACH, June 27.—Plans of the Syd Chaplin Aircraft Corporation to make Long Beach its terminal in flights between the mainland and Catalina Island progressed yesterday with the selection of a landing field and the opening of a ticket office at the Chamber of Commerce. The site was obtained from the Dock and Terminal Company of Long Beach and lies in the harbor district adjacent to the channel.

The owners of 2,000 cows in the Salinas valley intend to invest about $65,000 in a modern plant to manufacture butter, cheese, and powdered milk on the co-operative plan under the name of the Salinas Valley Dairymen's association.

Orchardists about San Francisco have started a drive against the motorists who pilfer fruit from the highways. Mass meetings have been held and arrests made.

Daily trains from Merced are taking up to 100 tourists into Yosemite Valley. This travel is said to have reached its peak.

Eight men and one woman who, it was said, were trying to cause a strike of strawberry pickers at Hood River, Oregon, were put on a train and hastily deported by an organziation of vigilantes formed by the growers.

Delegates from board of trade organizations in British Columbia met at New Westminster to consider clearing and seeding of 400,000 acres of arable, uncleared, uncultivated land, in the Fraser Valley for pasturage.

School teachers of the Napa district have been accorded a raise of $15 a month. The schools will be closed during the prune harvest.

The Testa Cigar Co., a $2,000,000 concern, will establish a big factory at Napa, which will employ 100 girls at first and then increase the number to 300.

Members of the Los Molinos Farm Center have decided to operate a mutual telephone system. Thirty-five membres have guaranteed the cost of installation and operation. They are fighting increased telephone rates recently effective.

Legal Notices

NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

In the Superior Court of the State of California, in and for the County of Shasta.

In the Matter of the Estate of Austin R. W. Sperry, Deceased.

NOTICE IS HEREBY GIVEN, that in pursuance of an order of the Superior Court of the State of California, in and for the County of Shasta, duly made and given on the 31st day of May, A. D. 1919, in the matter of the estate of Austin R. W. Sperry, deceased, the undersigned administrator will sell at private sale, to the highest bidder for cash, lawful money of the United States of America, and subject to confirmation by said Superior Court, on or after the 30th day of June, A. D. 1919, all the right, title, interest and estate of said deceased at the time of his death, and all the right, title, interest and estate that the said estate has acquired by operation of law or otherwise, other than or in addition to that of the said Austin R. W. Sperry at the time of his death of, in and to that certain lot, piece or parcel of land situated in the County of Orange, State of California, and described as follows, to-wit:

An undivided one-half (½) interest of, in and to the Southeasterly half of the Northeasterly half of Lot 46 in Block 11 of Irvine's Subdivision of the Ranchos San Joaquin, Lomas de Santiago and Flint and Bixby Allotment in the Rancho Santiago de Santa Ana, as per map thereof recorded in Book 1, page 88 of Miscellaneous Record Maps, Records of Orange County, California;

Together with the water rights belonging to said lands, comprising ten (10) shares of stock in the Santa Ana Valley Irrigation Company.

SUBJECT TO EASEMENTS FOR ROAD PURPOSES over the Northeasterly 33 feet and the Southeasterly 33 feet, as shown upon map recorded in Book 5, page 7 of Miscellaneous Records of Los Angeles County, California.

Offers or bids in writing for said real estate in one parcel will be received by said administrator at the office of R. C. Minor, attorney-at-law, rooms 12, 13 and 14 in the Bank of Italy building, Nos. 9-11 North Hunter street, in the City of Stockton, County of San Joaquin, State of California, at any time after the first publication of this notice and before the making of the sale.

Terms and Conditions of Sale: Cash, in lawful money of the United States of America; ten per cent. of bid payable at the time of the sale, balance upon confirmation of such sale by said Superior Court. Deed at expense of the purchaser. R. C. MINOR and CARR & KENNEDY, Attorneys for Administrator.

FRANK BURTON,
Administrator of the Estate of Austin R. W. Sperry, Deceased.
Dated June 2, 1919.

No. 27104
NOTICE OF SALE OF REAL ESTATE

In the Superior Court of the County of Los Angeles, State of California.

In the Matter of the Estate and Guardianship of Lyle Tannehill Smith, Minor.

NOTICE IS HEREBY GIVEN, that in pursuance of an order of the Superior Court of the County of Los Angeles State of California, made on the 11th day of June, 1919, in the matter of the estate of Lyle Tannehill Smith, a minor, the undersigned, guardian of said minor, will sell at private sale to the highest bidder, for cash, and subject to confirmation by said Superior Court, on or after the 8th day of July, 1919, the whole or any portion of the following described real property belonging to the estate of said minor, to-wit.

An undivided one-half interest in Lot One (1), Block "C" of Hawkin's Addition to Santa Ana, in the County of Orange, State of California, as designated and delineated upon a certain map entitled "Hawkin's Addition to Santa Ana," recorded in Book 13, Page 26, Miscellaneous Records of Los Angeles County, California.

TERMS AND CONDITIONS OF SALE: Lawful money of the United States of America; purchase price payable in cash on confirmation of sale by the Superior Court. Bids or offers must be in writing and accompanied by a deposit of at least ten per cent of the amount bid, and may be left at the Trust Department of the First Trust and Savings Bank of Pasadena, in the Slavin Building, northeast corner of Colorado Street and Fair Oaks Avenue, in the City of Pasadena, County of Los Angeles, State of California, or may be filed with the Clerk of said Superior Court.

Dated this 13th day of June, 1919.
FIRST TRUST AND SAVINGS BANK, of Pasadena.
By W. D. Lacey, Trust Officer, Guardian of the Estate of said Minor.
F. G. CRUICKSHANK, Attorney for Guardian.

OFFICE OF THE CLERK OF THE BOARD OF SUPERVISORS, SANTA ANA, ORANGE COUNTY, CALIFORNIA, JUNE 18TH, 1919.

NOTICE IS HEREBY GIVEN that sealed bids will be received by the Clerk of the Board of Supervisors of Orange County, at his office, until eleven o'clock A. M., of July 10th, 1919, for alteration and repair of the court room of Department 2 and of the district attorney's office in the east end of the Court House of Orange County. Plans and specifications for this work are on file in the office of said Board, to which bidders are hereby referred and all bidders will be afforded opportunity to examine such plans, specifications and working details and said Board will award the contract to the lowest responsible bidder, and the person, firm or corporation to whom the contract shall be awarded must perform the work in accordance with the said plans, specifications and working details unless the same be modified by the Board of Supervisors in the manner provided by law.

The successful bidder will be required to enter into a contract with the County of Orange for the performance of said work, within ten days after such contract is awarded to him, and to complete the same within sixty days thereafter. Bond for faithful performance of said contract equal to 25 per cent. of the total amount thereof, together with bond for security of materialmen and laborers equal to 50 per cent. of the amount thereof, will be required of the contractors. Right reserved to reject any and all bids.

J. M. BACKS,
County Clerk and Ex-officio Clerk of the Board of Supervisors of Orange County, California.

NOTICE FOR BIDS

NOTICE IS HEREBY GIVEN, that sealed bids will be received by the City Clerk of the City of Santa Ana, at his office in the City Hall, up to 5 o'clock p. m. of July 7th, 1919, for drilling a water well as per specifications on file in the office of the Water Superintendent.

A certified or cashier's check for ten per cent of the bid must accompany the same.

The Board reserves the right to reject any and all bids.

Bids to be opened at the Board meeting July 7th, 1919, at 7:30 p. m.
E. L. VEGELY, City Clerk.

SALADS

Potato Salad

Slice and cut in pieces 1 quart of cold boiled potatoes, 1 small onion and 3 hard boiled eggs. Season to taste. Mix together. Use for dressing One-half pint of vinegar sweetened to taste, 1 teaspoonful of mustard, a lump of butter the size of an egg, 1 tablespoonful of cream. Let this come to the boiling point and pour over the ingredients. After stirring well garnish with slices of hard-boiled eggs.

Apple Salad

Use equal parts of tart apples, peeled, cored and sliced, cut celery and chopped nut meats. English walnuts preferred. Use any good salad dressing and mix just before serving.

Chicken Salad

Boil the chicken until it is tender and cut in small pieces; cut also the whites of a dozen hard boiled eggs; add chopped cabbage and celery in equal quantities; pound the yolks of the eggs fine and add 2 tablespoons of sugar and butter, 1 teaspoon of mustard with pepper and salt to taste. Finally, add half a teacup of good vinegar. Mix thoroughly.

(Note: Veal, boiled tender, may be used instead of all chicken meat.)

Fruit Jelly Salad

Make a clean lemon jelly with gelatin as the wrappers on boxes of gelatin instruct, allow to partially cool and pour over any combination of fruits, as grated pineapple, sliced bananas, oranges, grapes or peaches. Pour into molds and set in a cool place to harden. English walnuts, chopped, may be added, if desired. Serve plain or with whipped cream.

Salad Cream

One cup of butter and 1-2 cup of sugar creamed; add 1 tablespoon salt, 1 of mustard, a pinch of cayenne pepper. Then add 4 eggs, one at a time, beating thoroughly. Next add 1 cup of cream, and last 1 1-2 pints of boiling vinegar. Stand over the fire until it approaches boiling point; remove and bottle. It is nice with potato salad.

Salad Dressing

Three eggs, 1 teaspoon flour, 1-2 teaspoon mustard, 1-2 teaspoon salt, 1-2 teaspoon celery seed, 1-4 cup sugar, 1 tablespoon butter (melted), 1-2 cup very mild white vinegar. Beat eggs very light, add sugar and other dry ingredients, then melted butter. Pour this mixture into vinegar, which must be at the boiling point. Stil until thick. Put into sealed jar and thin by adding cream.

The reason we never hear of a self-made woman, says Life, is because she changes the plans so frequently that the job is never finished.

ATTENTION, WALNUT GROVE WOULD-BE BUYERS!
DO YOU REALIZE that now is the very best time to buy a walnut grove? You get the crop, which will soon be gathered, and it's a fine one. Prices, too, will be "way up," and give you prompt returns on your investment. Also that there are but very few walnut groves left to buy, and will be fewer soon. There is no safer investment today than a good walnut grove. Come in and let us tell you about those we have; and we have some splendid buys just now; 5, 10, 15 or 20 acres, but not many.

Hankey & Cole, Real Estate
301 N. Main St. Tel. 1218.

PECORD NAMED REFEREE FOR BIG FIGHT

Tex Rickard and Major A. J. Drexel Biddle Will Act As Judges

BY H. C. HAMILTON
(United Press Staff Correspondent)

TOLEDO, O., June 27.—Ollie Pecord, Toledo, was today named referee of the Willard-Dempsey heavyweight championship bout on July 4, and Tex Rickard and Major A. J. Drexel Biddle, the judges, by the army, navy and civilian board of boxing control. Rickard made the announcement here on receipt of a wire from the board at New York. Jack Skelly of Yonkers is the alternate referee and W. Warren Barbour of New York the time keeper.

The two judges will help Pecord if he needs assistance in the giving of a decision if the bout goes the specified twelve rounds, which no one about Toledo thinks it will.

Jack Dempsey expressed himself today as vastly pleased with Pecord as referee. "Give me an honest man who can count ten," he said. "I'll hit Willard early in the scrap and it will be over. All I ask for is that they send a referee in who will not be afraid to start counting the seconds and who will not be influenced by superficial things."

Dempsey's training did not slacken any yesterday, despite assertions made by himself that it likely would. He tied into Jamaica Kid and Bill Tate with such vigor that Jamaica slid to his haunches after one murderous clout on the chin, and Tate entered the ring with the challenger only after a heart to heart talk with Jack Kearns.

Wishes to End Job

Tate has become tired of taking them on the chin, despite his regard for Dempsey, and his feet were itching for a move out of camp.

Jack did slacken a bit on Tate to the extent of letting his jaw alone, but he went after the Texan's stomach for keeps and gave the huge sparring partner a fine afternoon. Jamaica Kid has gained a reputation for handing over some stiff punches for the Dempsey consideration. So much has been made of the fact that he slowed up his punching of the challenger that both men went into the ring yesterday with blood in their eyes. A sharp right cross to the jaw sent the kid down and he was willing to hug the rest of the afternoon.

Tate will stay in camp. He is too valuable to the challenger to allow him to leave. Dempsey will ease up on him and will get sufficient boxing with a man of Willard's size to give him space in reaching the Willard vital spots.

Willard is merely doing a day's work when he steps into the ring. He went through a very tame afternoon yesterday, with the exception of a final two rounds with Walter Monaghan, which were fairly full of action. He stepped ten rounds altogether.

Watching the Scoreboard

Yesterday's hero—Ira Flagstead. In the twelfth the Detroit right fielder singled and drove in the only and deciding tally in the game with Cleveland.

The Cubs and St. Louis wore out nine pitchers in splitting their doubleheader.

Merkle made a triple and three singles out of four times at bat in the first game. In the second he failed to connect in three times up.

By beating Pittsburg, 7 to 0, Cincinnati gained onthe league leading Giants. McGraw's men were idle.

St. Louis nicked Kerr for 15 hits and won, 3 to 2, from the White Sox in thirteen innings.

The first of the series if five games between Washington and Boston went to the Senators by a 3 to 1 score.

SECRETARY DANIELS PLANS VISIT TO L. A.

LOS ANGELES, June 27.—That Josephus Daniels, secretary of the navy, will come to Los Angeles, was definitely settled yesterday when a telegram came from Congressman H. Z. Osborne to the Chamber of Commerce stating the cabinet officer will accept the courtesies of the chamber while in the city. Secretary Daniels will be here some time in August, the date not yet being settled. Official announcement that the secretary will accompany the fleet, stimulated plans for its reception in the harbor.

STRAW HAT TIME

The hot days are here—and it is time to get into a good Straw or Panama hat. We are showing a large variety of styles at prices ranging from

$1 to $5.

SUB CHASERS TO AID FLIGHT OF SEAPLANES

SAN DIEGO, June 27.—Plans for a squadron flight from the North Island Naval Air Station to Santa Barbara, with five seaplanes co-operating with a like number of submarine chasers, were announced here today. The flight will take place Monday. The chasers will be in constant communication with the seaplanes by radio, so that a check can be kept on the progress of each machine. The air squadron will be commanded by Lieut. O. P. Kilmer and Lieut. F. L. Pittman will command the five submarine chasers.

OAKLAND'S TEAM WILL PLAY AT FULLERTON

State Championship Game Scheduled For Tuesday Afternoon, July 1

FULLERTON, June 27.—There is a real treat in store for lovers of baseball and it will be right at home.

Fullerton has won the championship of Southern California and thought they would have to go to Oakland to play the Tech nine of that city for the state championship.

The latter, however, wired that they desired to come to Fullerton for the deciding game and made a proposition which was accepted by the local boys and consequently the game will be staged in Fullerton on the high school grounds next Tuesday afternoon, July 1.

Owing to the fact that a state championship hinges on the game, it has aroused more interest than any sporting event of recent times, and as a result there will undoubtedly be a large representation from all the cities and communities in Southern California present to witness the contest. Not only lovers of the game, but Fullerton people generally who feel proud of the achievement ofthe local boys will turn out en masse.

Coach Culp got busy today immediately after wiring the Oakland boys of the acceptance of their proposition and will have everything in readiness to give the visitors the hottest fight of their career on the diamond.

Fullerton boys are already double champions, they having won the football championship last fall, and should they defeat Oakland they will have three championship scalps to hang on the wall for future high school students to wonder over.

EXONERATE BOXER FOR NOT HELPING VETERANS

SAN FRANCISCO, June 27.—Young France today stands officially exonerated of charges of "running out" of the American Waar Veterans' boxing benefit staged here recently, by the report of Alex Gregzains, matchmaker. According to the report, France was really incapacitated by a bad wrist.

Five other boxers—K. O. Kruvosky, Johnny Ray, Joe Coffey Jimmy Dundee and Joe Coghlan—will probably be barred from all squared circle activities hereafter as the result of the report, which charged them with refusing to take part in the benefit.

"BIG BILL" JAMES IS SIGNED BY OAKLAND

OAKLAND, June 27.—"Big Bill" James, 1914 world's series pitching hero, is signed to pitch the remainder of the season for the Oakland club of the Coast League. He will go to Oroville today to have his tonsils removed and will join the Oaks next week. James is still a member of the Boston Braves. Unable to get into form in the east, he obtained permission from Manager Stallings to sign up for the season with any of the Coast League clubs. All have been after him.

Yesterday afternoon, the Rainiers were kicking the Oaks all around their home lot. James was sitting in the press box. Manager Howard spied him and walked up to the press box.

"I'll take you at your own terms," he said. The deal closed last night.

'Round Coast League Bases

Home runs: Gleichman, Rainiers; Smith, Seals.

Bill Clymer continued his kidding fillibusterer and the Rainiers beat the Oaks out ofthe third straight, 4 to 1.

Baker's lone run won for the Beavers over the Tigers, 1 to 0. Oldham held the Arbuckleites to four hits.

Three runs in the eighth inning broke the tie and won for the Angels over the Senators, 4 to 1.

Fans threw pop bottles at Umpire Bedford at Salt Lake; waited for him after the game; Johnson and Byler were thrown off the field; Bill Rumler tumbled over from a heart attack—outside of which, the Seals won the 11 inning game from the Bees, 9 to 6, by the aid of four runs in the last frame.

GOODYEAR WILL USE AIR MESSENGER LINE

LOS ANGELES, June 27.—Big business is adopting the airplane as a messenger and Los Angeles will be the terminal of one of the first of these aerial messenger routes.

It was announced yesterday by Edwin F. Parker, resident manager of the Goodyear Tire & Rubber Company at Phoenix, Ariz., that airplane service will be installed between the company's main office at Phoenix and its cotton ranches at Goodyear and Litchfield. Later in the year quick communication by the same route will be provided between Phoenix and Los Angeles.

Lieut. O. P. Johnson, an American ace, has been appointed manager of the new messenger service.

BRUISES—CUTS

Cleanse thoroughly—reduce inflammation by cold wet compresses—apply lightly, without friction—

VICK'S VAPORUB
"YOUR BODYGUARD"—30¢, 60¢, $1.20

New Summer Models For Men and Young Men

IN OUR new Summer models for men and young men there are many new styles in waist-line, slash-pocket suits.

These include all-wool, hard-twisted worsted fabrics—fabrics that are scarce in the Eastern market. The suits are in browns and blues and are of medium weight materials—especially comfortable during warm weather—and they are guaranteed to give satisfaction. There are also some double-breasted suits among this new lot.

Prices $20 to $35.

Straw Hats

There are enough of them here to shelter the city from Old Sol's rays. We think you get a shade the best of it here in quality, style and value in these new straw hats. Every soft and stiff style is shown in sedate or novelty designs. Milans, Sennets, Split Straws, Leghorns, Jap weaves and Panamas—at—

$3 to $7.

Vacation Needs

Suspenders in both the regular and invisible.
Hose Supporters in the best makes including the Boston, Paris and Ivory.
White Trousers in both flannel and Palm Beach. Just the thing for the sea shore.
Suit Cases—a few cases that are very desirable, **$1.50 to $15.00.**
Palm Beach Suits—only a few left. We have priced them for quick selling—**$13.50.**
Silk Shirts in all the new stripes—all late styles—**$4.00 to $6.50.**
Negligee Shirts in the new styles and fabrics, some with soft collars, **$1.00 to $1.50.**
Underwear—Balbriggan 2-piece, B. V. D.'s, Poros-knit, Union Suits, Pajamas.
Hosiery in Silk Lisle and Cotton.
Neckwear in all the newest spring styles, **50c to $1.00.**
Handkerchiefs of good quality linen at reasonable prices.

A Tailored Suit is Best

A nice tailored suit that is made to your order—one that fits you perfectly—will be a credit to you.

The suits that we make are perfect in fit—style—and fabric. We will be glad to show you our new line of Summer goods. Prices range from **$30 to $50.**

Summer Suits for Boys

We have an especially strong line of boys' suits, good all wool fabrics with plenty of style and wearing qualities. Our boys' suits are reinforced wherever the wear requires extra strength. **Boys' Suits,** some with two pair of pants,

$6.50 to $12.50.

THE WARDROBE

B. Uttley, 117 East Fourth Street.

READY FOR IT

"Yes, grandma," said the fair young thing, "I am to be married."

"But, my dear," asked the old lady earnestly, "you are very young. Do you feel that you are fitted for married life?"

"I am being fitted now, grandma," explained the prospective bride, sweetly. "Seventeen gowns and three costumes."—London Answers.

HOW THEY LOVE

Alice—And so I refused him on the ground that I am too young to marry.

Marie—Oh, you clever girl! Who would have thought of that excuse from you?—Boston Transcript.

His Daughter's Voice

"What were you teaching Gwendolyn?" asked Mr. Cumrox.

"The natural scale," answered the teacher.

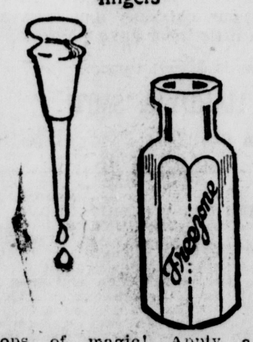

"I suppose you know. But it didn't sound natural to me."

OUCH! CORNS!

LIFT CORNS OFF

Doesn't hurt a bit to lift that sore, touchy corn off with fingers

Drops of magic! Apply a little Freezone on that bothersome corn, instantly that corn stops hurting, then you lift it off with the fingers. No pain at all! Try it!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness at all.—Adv.

SMALL BOY WITH MATCHES SETS BARN AFIRE

Large Structure and Twelve Tons of Hay Go Up In Smoke

FULLERTON, June 27.—A five-year-old boy and a match caused the destruction of a large barn, twelve tons of baled hay, several cords of valuable stove wood, some farm implements, harness and several things of lesser value when the barn on Dr. Robert S. Rendall's ranch on East Orangethorpe avenue burned to the ground while a couple of hundred persons, men and women, stood by perfectly helpless, and watched the blaze.

Joseph Hill, son of Mr. and Mrs. R. S. Hill, who reside on the ranch, is the youngster who lighted the match—he said so himself—and started a small fire in some rubbish near the barn. He is a bright little chap for one of his years, and when the sparks set the barn on fire he ran to the house and called to his mother to "come and see the barn—I set it on fire."

When Mrs. Hill reached the barn the flames were raging furiously, having caught in the hay. She attempted to extinguish the blaze, but soon learned that her efforts were fruitless, after which she tried to call the Fullerton fire department, but for some reason she was unsuccessful.

Finally William Winters, who lives across the avenue on another ranch, saw the fire and notified the department. A hurried run was made by the fire boys, followed by dozens of persons in automobiles, all anxious to render any assistance possible, but they were helpless.

M. V. Tremain, Osteopath, Tues. & Fri.

ODD NEWS NOTES

ATLANTIC CITY, N. J.—Too many back to nature sights on the beach, police said in directing girls to don regular stockings and hitch up their shoulder straps.

MORRISTOWN, Pa. — The meanest thief local police have been asked to apprehend is the one who stole white crepe from a door here.

Did Him a Favor

"Sir, this is a golden opportunity. Small investment, no risk, and enormous returns absolutely sure."

LIBERTY CYANIDE

For Making

LIQUID GAS
FOR CITRUS TREE FUMIGATION

Our plant is nearing completion and will be ready to make liquid gas in any amount required. As previously stated, we have made connections with the American Cyanamid Company of New York, which is going to furnish us with cyanide for our entire output of gas this season. Advices just received from factory enable us to quote 60 cents today, at the plant of Azusa. Reduction of 5c per lb. We will contract to do this in any quantity, and the quality will be guaranteed under state inspection to be 96.98 per cent pure. Containers for same will be sold to you at the plant, at cost. Pumps will be about the same price as last year. Delivery has been arranged for at a price which will cost much less than you can afford to haul the same for, and this delivery is guaranteed to be satisfactory.

This gas is made under our patents granted by the U. S. Patent Office, and our improved methods and enlarged plant, built under specification of the most skilled engineers and chemists employed by the American Cyanamid Company, make it possible to render you the service that you will require, and our guarantee is backed by them.

We invite you to the plant at any time, and will be glad to show you its workings.

SOW PLANTS TO PUT NITROGEN INTO SOIL

Advice Is Given That Legumes Be Used to Replenish Poor Land

The call is now for progressive agriculture. It is no longer the number of acres a person farms, but the number of sacks, bushels, tons, etc., one gets per acre. This naturally calls upon the soil to perform a larger contract than it once ha dto fulfill.

Our farm lands slowly become incapable of supporting the crops demanded of them. The nitrogen supply in California lands is rapidly coming to be a serious problem. The continued farming of grain lands; the disregard of the necessity of crop rotation; the careless methods of plowing and cultivation; failure to select good seed and the ignorance of the physical condition of the land to be farmed are in reality crimes to be charged against a great number of our farmers.

This loss in fertility in worn-out farms is due, doubtless to a number of factors, but the loss of nitrogen is a frequent one. All over the agricultural world it has been found necessary to replace this lost nitrogen in the soil.

The few large deposits of nitrogen in the world are being rapidly exhausted. The recent war in Europe took an immense toll in our nitrate supply. Clearly enough, the supplying of the lost nitrogen will become more and more expensive as the nitrogen stores are used up. The seriousness of the problem of a constant draining of the nitrogen from the soil has been quite prominent in the minds of chemists and agriculturists, as they have learned in the last few years the significance of nitrogen for agriculture.

Replenishing the Supply.

The continuation of agriculture depends upon the existence of some means of reclaiming the nitrogen from the atmosphere for the use of plants.

The sole store of phosphorous, potassium, calcium, magnesium, iron and sulphur is in the soil. The great natural store of nitrogen, however, is in the air. Every farmer who owns an acre of land owns 35,000 tons of nitrogen. It is not directly available as a fertilizer, for unlike that in the soil, it is not combined with other elements. Nature has so arranged things that whereas the farmer loses his capital of nitrogen from the soil more rapidly than that of other elements, he has also been provided with means by which he can be compensated for this loss by drawing on the great reserve supply in the air.

In doing this he must rely on some plant of the legume family, such as alfalfa, beans, peas, clover, vetch, etc., and the bacteria have the power to enter and produce nodules or tubercles on the roots of these legumes.

As soil builders and cultivators, the legumes work by growing large, deep, penetrating roots that cultivate the sub-surface better than any tool can be made to do; by adding to the vegetable matter in the soil by the decay, and absorption of the roots; and through the bacteria that fix the nitrogen and add to the humus. This is now known to be a proven fact.

Over 20,000 successful farmers in California are using the legume process. It is only the skeptical who loses now, for the reason that he does not keep up with progressive farming. The old time "steam roller' soon gets him.

The new slogan should be "plant legumes." Use them as cover crops, as comparison crops, or as standard crops and insure your land against denitrification; as a cover crop by planting worn-out grain lands and orchards to clover or vetches and while plowing them under while green; as companion crops by sowing wheat, barley or oats with vetch or Canadian peas; by sowing corn and cow peas in the same row at the same time for ensilage; by planting cow peas between the rows at the last cultivation of corn, tomatoes, sunflowers, etc., if for grain; as a standard crop by sowing the legumes alone under proper conditions and afterward taking proper care of the crop.

UNIVERSITY OFFERING PHOTOGRAPHY LESSONS

Those who have ever bought a camera or yearned to buy one may have their enthusiasm revived when they learn that the art of photography is to be taught this year by the University of California in its summer session in Los Angeles. This will be the first time this field has been entered by the great western universities and the recognition of the place of photography in the world of today is gratifying to those interested in it either as a vocation or as an avocation.

Miss Margaret Craig of Los Angeles, sister of Marion Craig Wentworth, the well-known author, has been chosen by the authorities of the university to take charge of the course on account of her thorough training both in the general field of art and in photography. She will throw light on all the mysteries of the dark room, and inform the curious when it is proper to say "Look pleasant, please." One important feature of the course will be instruction in the taking of photographs for publication.

Both the commercial and art fields are to be treated by Miss Craig, and she will teach the photography of landscape, architecture, illustration, and portraiture.

This is one of the many modern courses given in the University of California's summer session in Los Angeles which will open at the Los Angeles State Normal School on June 30 and remain in session for six weeks.

The California Peach Growers have announced a new grade peach for this season, known as the "bakers' special," with an opening price of 17 1-4 cents a pound.

CAPITAL WILL GET GREAT ART MUSEUM

WASHINGTON, June 27.—Washington, with a governmental national gallery of art, promises to boast soon the biggest art museum in America.

Work on the Freer building of the Smithsonian Institute which was halted during the war, has been resumed and the building will be completed in September, officials say.

This new institution will carry a complete line of Oriental exhibits and will be presented to the National Art Museum by Charles L. Freer, of Detroit. Freer, himself for twenty-five years an ardent collector of Oriental art masterpieces, has already deeded his collection of 6,200 pieces to the new gallery.

Representative Hicks, New York, also would like to make Washington the center of a museum of history and art, in memory of Theodore Roosevelt. He has introduced a bill in congress, appropriating $5,000,000 for the erection of an institution of this character.

This bill, however, has been referred to the committee on public buildings and grounds and probably will not come up again until the fall.

FRIENDS AMAZED AT HER BIG CHANGE

Denver Nurse Declares Tanlac Ended Her Troubles—Glad to Recommend It

"Tanlac was just what I needed, for it has certainly put an end to my troubles and built me up until my friends are amazed at my improvement," said Miss Mary G. Hollister, a nurse of many years' experience, who has a wide circle of acquaintances in Denver, Colorado, residing at 1433 Ogden street, that city.

"For several months," she continued, "I suffered from a disordered condition of my stomach that worried me night and day. My appetite failed and what little I forced myself to eat soured and formed gas that caused me much distress. My back hurt right between my shoulders as though I had rheumatism and I was so restless at night that I could hardly sleep. I felt so weak and rundown and had so little energy that my work became a task.

"The medicine I took did me no good and when I heard about Tanlac I decided to try it. Positively it seemed to go right to the seat of my trouble and soon I began to pick up and feel better. My appetite has improved so that I can enjoy all my meals and am never troubled with gas. The pains between my shoulders have disappeared. I get my regular nine hours of sleep every night and I have strength and energy to go right through my work day after day without ever feeling tired or wornout like I used to. Tanlac has done me so much good that I am glad to recommend it to anyone who has troubles like I had."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., in Garden Grove by O. H. Anderson and in Laguna by the Laguna Beach Pharmacy.—Advertisement.

PLAN GREAT WALL TO PUSH BACK SEA

LONDON, June 27.—Having successfully assisted in changing the map of Europe, Englishmen are bent on changing the may of England. Under the direction of the board of agriculture, a great scheme of land reclamation has just been started on the Lincolnshire shore of the Wash—that bay on the east coast between Lincolnshire and Norfolk.

For a great many years the sea has been encroaching on the land at this spot, and pessimistic mathematicians have found a glorious pastime in trying to decide just how many years it will take to wash away the whole of England.

Now, however, they are doomed to disappointment, for a body of engineers have decided to build an embankment which will push the sea back, and by this means it is expected to recover about 12,000 acres.

The workmen employed on the job will have an added interest in their work, because it was at this spot that King John (of Magna Charta fame) lost all his jewels and magnificent equipment. English children are taught at school that King John was crossing this particular stretch of country with his jewels, money, and most of his portable possessions, when the sea rushed in and swept them all away.

So now an army of demobolized and discharged soldiers and sailors are attacking the job, some of them not so intent on pushing the sea back as in finding the baubles.

It is expected that the new county thus reclaimed will be known as "Victoria County."

Tomato plants in the back yard or where space is limited should be trained to stakes or trelises. This method saves room, permits of cultivation throughout the summer, prevents rot and sunscald so common where the vines sprawl over the ground, saves much effort in picking, allows easy protection from early frosts, and is altogether a much more interesting way to raise tomatoes.

WANTED—Help of all kinds. Apply Santa Ana Steam Laundry.

CANADIANS ARE ATTRACTED TO U. S. FARMS

Conditions In This Country Looked on With Favor, Says Report

A statement of the Canadian superintendents of immigration that "about 10,000 farmers per year for the last five years have proceeded from Canada to the United States," when compared with the figures of the department of agriculture which show that "less than 60,000 farmers left the United States for all countries of the globe during the decade when certain alarmists claimed that a million farmers left the United States for Canada alone."

The largest exodus from the United States to Canada took place in 1911. The number of persons who left the United States for Canada that year was 49,375. The assumption doubtless has been that practically all these were farmers seeking cheap lands. But the number of farmers who left the United States that year for all places in the world was only 11,560, considerably less than one-fourth the number of people who went from the United States to Canada that year. Nothing like all of that 11,560 went to Canada. There is always a considerable back tide of farmers from the United States to Sweden, Italy, the numerous other countries, and many of these were included in the 1911 figures.

The department figures for eleven years, 1908 to 1918, inclusive, total 55,833 farmers leaving the United States for all countries, or an average of 5075 per year, a little over half the number of farmers coming into our country from Canada alone.

It therefore appears that the old scare that the cheap lands of Canada are attracting enormous numbers of our best farmers and fruit growers has no foundation in fact.

TO TRY DATE GROWING ALONG THE TULE RIVER

W. R. Nutting of Fresno, known as the "Father of the Associated Raisin Company," and who was one of the first men in the state to foster the raisin industry, and especially the Thompson Seedless variety, has interested himself in a project that will, if successful, develop the Tule river valley, between Porterville and Springville, Tulare county, into the "Canyon of a Thousand Palms." He has had a survey made of that section with a view to planting date palms on an extensive scale, definite proof having been established that conditions are very favorable over the twenty miles of foothills.

During a recent visit to that section Mr. Nutting found more than 100 seedless dates growing prolifically in the canyon and many of them bearing fine bunches of fruit.

An active campaign to develop the industry is expected to be started in the near future. Mr. Nutting, who is one of the best known agriculturalists in the state, through his long association with the American and Boston Vineyard companies in Fresno and Kings counties, has been working on the date palm industry in central California for several years. Through experiments conducted a few years ago it was learned that this fruit will do about as well on alkali land as soil that is free from it.

Resinol would clear her skin

"She would be a pretty girl, if it wasn't for that pimply, blotchy complexion!" But the *regular* use of Resinol Soap, aided at first by a little Resinol Ointment, would probably make it clear, fresh and charming. If a poor skin is *your* handicap, begin using the Resinol treatment and see how quickly it improves.

Resinol Soap and Resinol Ointment are excellent, too, for the care of the hair, dispelling dandruff and keeping the hair live and lustrous. All druggists sell Resinol Soap and Resinol Ointment.

The Resinol Treatment contains nothing that could injure or irritate the most sensitive skin.

TALBERT MAN IS MARRIED TO L. A. GIRL

Miss Marie Ramerez Bride of Joseph Courreges at Church Wedding

TALBERT, June 27.—A wedding of local interest wa sheld Wednesday morning, June 25, at the St. Joseph Catholic church, Santa Ana, at which Joseph Courreges of this place took as his bride Miss Marie Ramerez of Los Angeles.

The pretty ceremony was performed at the hour of eleven by Rev. Father Eummelen, pastor of St. Joseph's, before a company of close relatives and friends of the contracting parties.

The young couple were attended at the altar by John Courreges, brother of the groom, and Miss Lupe Ramirez, sister of the bride.

The bride was beautifully gowned in white satin with georgette crepe drapes and wore a flowing veil with orange blossoms entwined. A lovely boquet of white orchids and rose buds was carried.

The bridesmaid wore a gown of blue with hat to match.

Following the ceremony the wedding party were guests at a reception at the home of the groom at this place and the party of twenty-four were served a sumptuous dinner at the noon hour.

The decorations were of carnations and ferns with red hearts intertwined.

Mr. and Mrs. Courreges were welcomed upon their arrival home by Miss Lupe Ramerez with the solo, "O, Promise Me," and during the afternoon, whic hthe bride and groom spent with the guests, they were delightfully serenaded and feted by their friends.

At 7 o'clock they were taken to Santa Ana by Miss Jessie Courreges, from which place they took the evening train for Coronado on a honeymoon trip of a week or ten days.

Upon their return, Mr. and Mrs. Courreges will be at home to friends at Talbert, the groom being in charge of his father's ranch here.

The wedding guests remained until a late hour at the Courreges home and passed the evening with dancing and music.

Misses Lupe ramarez, Carmen Fuentes and Louise Romo and Mrs. P. Laccabanne, all of Los Angeles, remained for a few days' visit with Miss Jessie Courreges.

PACKARD STILL LEADS SUNDAY SCHOOL RACE

WINTERSBURG AND SMELTZER, June 27.—The "Packard" car continues to lead the transcontinental automobile race that is on between the seven classes of the Sunday school of the Wintersburg church and this week beside holding the greatest mileage also made the greatest gain for the week.

The score for Sunday, June 22, stands:

Class No. 1—Overland; teacher, Mrs. W. F. Slater; 230 miles; 5 miles gain.

Class No. 2—Cadillac; E. Ray Moore; 260 miles; 10 miles gain.

Class No. 3—Ford; Miss Ruth Jordan; 195 miles; no loss or gain.

Class No. 4—Stutz; Mrs. E. M. Fox; 175 miles; 5 miles gain.

Class No. 5—Packard; A. H. Moore; 325 miles; 20 miles gain.

Calss No. 6—Hupmobile; Miss Carrie Mallette; 215 miles; no loss or gain.

Class No. 7—Dodge; Miss Ethel Dwyer; 260 miles; 5 miles gain.

ONE LEGGED HUSBAND SOUGHT BY THIS GIRL

TOPEKA, Kan., June 27.—A one-legged Chicago girl would correspond with Robert D. McGiffert, city park commissioner, with a view to "making a match." McGiffert, who has a wooden leg with barometrical qualities, was written up recently by a local newspaper. He is a former marine and lost his leg in battle in France.

Keep the garden busy by planting more seed whenever a crop is taken off.

The real test of a gardener's enthusiasm, persistence and skill will come during the hot days of summer.

Effective work in retaining moisture in the garden the cultivation or muching must be done before the moisture has escaped.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never in liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

WINTERSBURG-SMELTZER

WINTERSBURG AND SMELTZER, June 27.—On Wednesday evening Mr. and Mrs. B. T. Gothard were guests at a farewell dinner given in honor of Mr. and Mrs. Richard Mooney by Mr. and Mrs. Ed Rawlings at their home at Whittier. Mr. and Mrs. Mooney, who had been the guests of Mr. and Mrs. Rawlings the past two weeks, left the following morning for their home in Ogden, Utah, where business interests caused them to hasten their return. They are proprietors of a sanitarium and bath house, connected with the mineral springs at that place. They are just establishing this resort which will be formally opened July 1st.

Mrs. H. Larter attended the all-day meeting of the Happy Workers society held Wednesday at the home of her sister-in-law, Mrs. Ed. Larter at Westminster.

Mr. and Mrs. C. N. Davis and son, Orbin, motored to El Monte Sunday afternoon and remained until Wednesday at the home of Mr. Davis' son, Ellis Davis, while assisting him in establishing his chicken ranch. Upon their return home Wednesday they were accompanied by Mrs. Ellis Davis and baby who came down for a visit of several days.

Miss Gertrude Sharratt left Thursday to join her parents at Stevensville, Montana, to which place they moved about a year ago. Miss Sharratt had since been with her grandparents here remaining to finish the school term. She spent the past week with her sister, Mrs. Kenneth Ufford in Los Angeles and left on her trip from that place.

Mr. and Mrs. Frank Ulrich and daughter, Miss Cleo, drove to Banning Saturday where Mr. Ulrich's sister resides. Mr. and Mrs. Ulrich remained over night and Miss Cleo stayed for a longer visit with her aunt. She will be away at least a week, probably two.

Mrs. Chris Nelson has been ill with tonsilitis this week and was able to be up for the first time Wednesday. Mrs. Barton has been caring for her. The trouble has been epidemic in the Nelson family, all the children having had it during the past week. One of the little girls was extremely ill and in bed for several days. Last week Mrs. Nelson suffered for several days from ptomaine poison caused from eating apricots.

Prof. and Mrs. H. O. Ensign and family moved Saturday to the Westminster gun club where they will remain a month during the absence of Robt. Falcke while looking after his interests there. Mr. and Mrs. Falcke and family left Saturday morning in their machine for Nevada where they will spend their month's vacation with relatives. Mr. and Mrs. Ensign moved in Saturday afternoon.

Saturday is the day of the Springdale school picnic to which all pupils and patrons of the school are invited. Anaheim Landing will be the destination for the day's outing and a good time is anticipated. The school house is the meeting place and 9 o'clock the hour set for leaving. Transportation will be furnished for all those wishing to go who have no machines.

Mr. and Mrs. E. M. Fox entertained at dinner Wednesday. Mrs. Fox's sister, Mrs. G. W. Wardwell and family of Huntington Beach. Mrs. Fox and Mrs. Wardwell spent the afternoon with Mrs. O. H. Ensign.

Mr. and Mrs. A. Ruoff spent Tuesday fishing at Huntington Beach and Wednesday Mr. Ruoff and Normand were off on another fishing expedition.

Mr. and Mrs. E. Ray Moore and family drove to Hemet Saturday, remaining over Monday with relatives there. On the return trip they came by way of Ontario and stopped over at Cucamonga for a short visit with Mr. and Mrs. Walter Buehler, former residents here. Buehler, who was blacksmith on the Golden West ranch owns the shop at Cucamonga and has a good business. Upon reaching home Monday Moore discovered that his windmill had pumped no water while he was gone and failing to locate any cause for it decided the water had fallen befow the pipe. He tried to get some one to sink the pipe deeper and failing in this decided to see if he could remedy the matter himself, when he discovered the cause to be only a defective cylinder.

Mrs. Blanche Paul and children left Saturday for Escondido to work through the fruit season.

Mrs. H. Larter and daughter, Miss Florence left Thursday morning for Laguna to spend several days at their cottage.

Mrs. B. T. Gothard entertained with a delightful dinner party at her home Sunday in honor of her sister-in-law, Miss Ethel Gothard of this place and Miss Helen Kemp of Long Beach. Both young ladies graduated from high school the past week, Miss Gothard from the Huntington Beach school the 19th, and Miss Kemp on the 20th from the Long Beach. Covers were laid at the prettily appointed table for ten, those present being the honorees, Miss Gothard and Miss Kemp, the former's brother, George Gothard, the latter's parents, Mr. and Mrs. J. E. Kemp of Long Beach, Mr. and Mrs. Leonard Stockenberg and son, Harold, also of Long Beach, and the host and hostess, Mr. and Mrs. B. T. Gothard.

Miss Eunice Stockton went to Tustin Wednesday where she was an over night guest of a friend. In the evening they attended the Senior class play given by the graduates of the Santa Ana Polytechnic High School.

T. J. Stockton is rapidly recovering from the smallpox and is now feeling fairly well. He is up and about all the time. He continues to remain in quarantine and the family take his meals to him.

Mr. and Mrs. E. M. Fox and family with Prof. and Mrs. H. O. Ensign and family motored Sunday afternoon to Newport Beach where they looked over the Ensigns prospective home for the coming year and the school of which Prof. Ensign will be principal.

Mrs. Marie Harris of Santa Ana was a guest Thursday at the home of her brother, H. Larter.

FRECKLE-FACE

Now Is The Time to Get Rid of These Ugly Spots

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles.

March Worst Month for This Trouble

EL TORO NEWS

EL TORO, June 27.—Mrs. Geo. Hardy of Orange, formerly of El Toro, entertained her Sunday school class this afternoon. Mrs. Harvey Swartz chaperoned the party, which consisted of the following: Misses Vera Cranford, Vida Cranford, Charlena Swartz, Dollie Rodger, May Swartz and Ida Swartz.

Mr. and Mrs. Frank Shaw are the proud parents of a new baby boy.

Miss Esther Munger spent the weekend with her mother.

Miss Carol Davidson of Swison, Cal., is writing Mrs. W. Cornelius and Mrs. Munger. She admires Southern California so much that she hopes to secure a school in this section for the coming term.

The Misses Juanita, Grace and Josephine Daguerre, with their guest, Miss Amestoy of Los Angeles, motored to Modjeska Inn and were entertained at afternoon tea.

Con Coleman of Murietta has arrived in El Toro to take up the duties of lookout on Santiago peak, which will last through the summer months. Ranger Stephenson took him to the peak yesterday to install him and explain the duties.

The county supervisors last Saturday met Forest Supervisor Tillotson, Road Engineer Ballis and Ranger Stephenson at the proposed site of the county play ground in Trabuco. Estimates were made as to the cost of the road and other improvements contemplated.

Mrs. Leah Pesterfield has been very ill, but is much better now.

Mrs. W. G. Olds entertained with a chicken dinner last Saturday evening in honor of Miss Nell Chaney of Oakland. After dinner dancing and music were enjoyed. Those present were Mr. and Mrs. Perry, Br. Birdsal of Fullerton, Mr. and Mrs. Leabow, Mr. and Mrs. Robinson, Mr. and Mrs. Stephenson, and Mr. and Mrs. Olds.

Mrs. Warren Grey's mother of Del Mar is visiting her.

The owners of the apricot orchards are getting ready to pit. Some of the fruit will be ready to work on the first of next week. There is un unusually large crop this year and it will take a lot of people to handle it.

AMERICAN-SIBERIAN TRADE IS STARTED

SAN FRANCISCO, June 27.—An established beginning of American-Siberian trade relations has had its start here with the establishment of a branch of the L. Vladimir, Bogolapoff Co., of Vladivostok. The branch here is under charge of S. B. Ginn, who is general manager of the company in the United States. San Francisco has been selected as the natural center for trading with Siberia.

Fifty of the seventy-four 4-minute men at Fresno were honorably discharged. The organization will remain intact for a time, but wil be unofficial.

ORANGE PERSONALS AND NEWS NOTES

ORANGE, June 27.—The reception given by Mrs. G. N. Atwood at her home on East Chapman avenue, in honor of Rev. and Mrs. H. V. Harris of the Trinity Episcopal church was altogether delightful.

The affair was given to show the appreciation of the congregation for the work of Rev. Harris during his four years' service as rector of the Trinity church.

Red, white and blue and the Allied flags made a very decorative and attractive color scheme.

Mrs. Francis Smith favored the guests with some very beautiful songs and Miss Alma Geiger played a number of lovely piano selections. Cooling refreshments were served, and about seventy-five guests enjoyed the hospitality of Mr. and Mrs. Atwood. Out of town guests were Rev. and Mrs. T. J. O. Curran of San Pedro.

* * *

Corporal Vernon C. Rozell of the 15th Balloon Co. Air Service, arrived in Newport News yesterday, was the word received by his father, C. J. Rozell. Corporal Rozell has been overseas a year the first of July.

The Knights of Pythias and the Pythian Sisters hel dtheir regular meeting at the Odd Fellows hall. There were visitors from Anaheim also. It was decided to hold the meetings only on the first and third Wednesdays during the summer months.

Mr. and Mrs. P. W. Ehlen have returned from Oakland, birnging with them Johnnie Ehlen and Mrs. Brohm, wife of Prof. Brohm of the California Concordia College.

Carl Frice has arrived from Oakland, where he has completed a four-year course in the California Concordia College.

Percy Davis, Elmer Yordy, H. Robinson and Charles Dyer formed a fishing party to Deep Creek. They will return Sunday.

E. W. Pohlmann and family of South Glassell street are moving to Anaheim to make their home on their ranch at West Anaheim.

Miss Gelsemina Brown of the high school faculty has gone to her home in Riverside to spend the summer vacation.

E. R. Forbes and family left yesterday by auto for a visit during the summer months in Houston, Texas.

Mr. Hornstra and family of north Glassell street have gone to Los Angeles to make their home.

N. T. Edwards and family have gone to Bear Valley, where they will spend a week's vacation.

Mrs. M. C. Kilgore left yesterday for Fayetteville, Arkansas, to visit with her daughters for a couple of months.

As soon as the soil is tillable after a rain or irrigation cultivation and muching should be attended to as if a long dry spell was in sight.

Remember that light waterings and sprinklings are of little use in summer time. Thorough soakings when neded followed by breaking the surface is the only practical way.

TRY SHAW—CLEANING EXPERT

He will clean, press and dye them a little better. Our method is modern. Our equipment is the very best consistent with our class of work. We will repair your clothes—make them look like new.

All minor repair work done free.
Suits made to order.

GREATEST WHEAT CROP WILL BE HARVESTED

Federal Reserve District Report Is Optimistic In Many Lines

SAN FRANCISCO, June 27.—Predictions that the Pacific Northwest and California will harvest their greatest wheat crops and a decidedly optimistic showing in lumber, building, exports, banking, most lines of farming and fruit raising and business in general features the report of the Twelfth Federal Reserve district.

Bank clearings—always a good business barometer—for May in 19 principal cities of the district show an increase of 26.5 per cent over May, 1918. Oakland led with a 42.5 gain, followed by Los Angeles with 40.9, and Portland with 38.5 per cent. Bank deposits increased more than 20 per cent over May, 1918, in nine large cities.

Wheat production for the Northwest and California this year is estimated at 119,000,000 bushels of both spring and winter wheat. This is an increase of 59 per cent over the 70,613,175 bushel crop of 1918. This year's estimate, prepared by the U. S. bureau of crop estimates, is: Washington, 57,775,000; Oregon, 23,641,000; Idaho, 23,253,000; California, 14,400,000. This will be largest crop ever produced in Oregon, Washington and Idaho, and California's largest wheat crop since 1907.

Alfalfa Crops Cut

"The first alfalfa crop is being cut in Utah, northern Nevada, Idaho and Oregon," says the report. "Arizona, California and southern Nevada are cutting the second crop. Livestock is generally improving in condition and summer range continues good.

"No change is noted in shipbuilding activity on the coast, except that a few yards are discharging some of their men, as government contracts are completed. These, however, are finding employment without difficulty."

As a problem, unemployment has disappeared in the district, the report states, supply and demand being about equal. The situation in California, where about 5000 are unemployed, is declared about normal. Lumber camps and some shipyards report labor shortages, and fruit men anticipate considerable trouble in getting sufficient fruit, berry and cannery help.

Mills Running Full

With an unusually strong demand for lumber, mills are opening up to full capacity. Increased production cost and limited supplies on hand have advanced retail prices. Orders were 23.2 per cent above production. Yard stock is so much in demand that all but a few mills which are under contract are cutting the entire log into yard stuff. Foreign demand is increasing, but bottoms for shipping are unavailable.

General exports from Pacific ports increased 16.7 per cent over April, 1918.

The California orange crop shipments are estimated at 16,600,000 boxes, as compared with 9,200,000 boxes last year. Deciduous fruit reports from all parts of the district are favorable, except in Oregon, where prunes have been dropping heavily.

Alaska's Great Riches Only Scratched, Avers Department of Survey

JUNEAU, Alaska, June 27.—Alaska is still an Eldorado for the gold-seeker and is chuck full of minerals, waiting for the "musher" and others to dig for it, according to maps issued by the United States department of survey.

The maps verify the statement that, despite the great wealth that already has been reaped from these fields, "Alaska's great wealth has only been scratched."

The department is emphatic in its declaration that gold is not the only metal of which Alaska can boast, although the yellow metal predominates in nearly every quarter of Alaska.

The maps show that, in addition to gold, coal, silver and copper, there are large deposits of iron, lead, graphite, cinnebar, palladium, platinum and molybdenum.

GREAT WHITE BIRD STARTLES GLOUCESTER

PHILADELPHIA, June 27.—A big white bird, said to resemble an owl, and claimed to be somewhat on the order of the "Jersey Devil," which caused so much commotion several years ago, has been seen in the central part of Gloucester City at night. Among those who have seen the bird are William Cattell and William Gilmore, officials of the fire department, who say it has been fluttering about the fire house. They are trying to catch it to find out what kind it is. It resembles the bird seen about the Washington park bag-loading plant, giving rise to spook stories among the guards.

WILL DEDICATE PARK FOR WORLD WAR DEAD

LIVERMORE, Cal., June 27.—A committee of citizens of Livermore, Alameda county, has purchased fifteen acres of land to be turned into a rodeo and athletic park as a memorial of soldier and sailor dead of the world war.

The dedication ceremonies will take place July 4th as the beginning of a three-day round-up. The track and buildings and grandstand of the park have been nearly completed. Californians have been given invitations to the event, in which professionalism is barred, the riders and stock to come from the Mount Diablo and Mount Hamilton ranges.

'FLU' IS DEADLY TO NATIVES OF INDIA

Nearly Six Million Victims Die, Declare Reports to Government

NEW YORK, June 27.—Nowhere was the influenza epidemic of last autumn more deadly than in India, where nearly 6,000,000 persons were its victims, it is estimated. The preliminary report of the sanitary commission to the government of India on the effects of the disease there has just been published.

Quoting the report the London correspondent of the Journal of the American Medical association writes:

"In British India influenza was responsible for a death roll of approximately 5,000,000, and it is unlikely that less than 1,000,000 deaths occurred in the native states. The central, northern and western portions of India were the worst sufferers. The hospitals in the Punjab were choked so that it was impossible to remove the dead quickly enough to make room for the dying. The streets and lanes of the city were littered with dead and dying people.

"The postal and telegraph services were completely disorganized; the train service continued, but at all principal stations dead and dying people were being removed from the trains. The burning ghats and burial grounds were literally swamped with corpses, while an even greater number awaited removal. The depleted medical service, itself sorely stricken by the epidemic, was incapable of dealing with more than a minute fraction of the sickness requiring attention. Nearly every household was lamenting a death, and everywhere terror and confusion reigned.

"No part of the Punjab escaped. The total estimated influenza mortality during October and November amounted to 816,317, which is 4.2 per cent. of the provincial population. The poor and rural classes suffered most. The provincial sanitary commissioner attributed this to the fact that such classes were adversely affected by economic conditions resulting from the war and failure of the rains. Food prices were high, milk was scarce, and blankets and warm clothing very difficult to obtain. However, the incidence of the disease was very high among the well-fed British troops in India—greater in fact, among them than among the Indian troops.'

CLIMBS MT. WILSON ON 72ND BIRTHDAY

LOS ANGELES, June 27.—"Live right and think right and when you celebrate your seventy-second birthday you also can climb a mountain a mile high for a little jaunt."

Dr. Edward B. Warman, seventy-two years of age, and his wife, sixty years old, came down from the top of Mt. Wilson, near here, none the worse for their "little jaunt." It was their usual way of celebrating Dr. Warman's birthday and their eleventh trip on such an occasion.

"We feel fine," said Dr. Warman, the day after, when many a younger man would have been in bed or left the journey unaccomplished from sheer exhaustion. Mt. Wilson is about 6,000 feet high and it is an eight-mile hike to its summit.

The Fresno county board of supervisors have decided to ask government aid in the construction of post roads through the mountains from Sanger to General Grant park.

The Turlock Journal, which was recently purchased by Edwin Ullberg, is being published daily. It receives the telegraph news report of the United Press.

Advertisement.

If you really want the puckery tannin-taste, don't buy tea. You can get more tannin from oak-leaves.

If you want the real tea-flavor, pay enough for your tea to get it.

There is some tea-taste—not very fine—in common tea; but the tannin-taste smothers it.

Besides, fine tea is cheaper per cup than poor tea—a pound makes so many more cups.

Schilling Tea is the fine practical economical tea of this country.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchmyn-lined moisture-proof packages. At grocers everywhere.

A Schilling & Co San Francisco

The breakfast that never keeps him waiting

THE MILK IS ALREADY IN THE FLOUR

You are smiling and unhurried, and breakfast is ready on the dot—when it's Aunt Jemima Pancakes! For it takes but a jiffy to beat up the batter—before you know you've started you are taking the hot brown cakes from the griddle; and everything's ready as soon as the coffee is!

All the ingredients come ready mixed in Aunt Jemima Pancake Flour—specially ground cereals, baking powder, even sweet milk—so you add nothing but water. And oh, how those pancakes do taste! They're America's favorite breakfast! Ask your grocer for a package today. Try it for muffins, too.

"I'se in town, Honey!"

ROME'S PROFITEERS FILLING POCKETS

ROME, June 27.—Rome's first experiment with half-salted American pork is not a complete success. When the government dropped it on the market a few days ago at the retail price of 45 cents people rejoiced, thinking they were going to get good pork at about one-fourth the rate they pay for the home product when available. But quickly the sausage factories bought it all up and made it into sausages, and offered it to the public for $3 a pound. Not an ounce of American pork is to be had now. Meantime the price of milk has gone to 23 cents a quart.

So greedy have the local food dealers grown that nothing under 300 per cent profit will satisfy them, and the government appears either too weak or too indifferent to punish them.

American condensed milk, unsweetened, costs $1 a small can, and a pound of canned beef from Chicago is sold as a favor for $2.

The Rome municipal authorities are trying to abolish overcrowding on street cars by starting cars with trailers on the American "pay-as-you-enter" plan. Thousands have traveled daily free of charge by hanging onto the steps, buffers, foot-boards or windows. Many of these "human grapes" as they are called here, seem to hang on "by an eyelash." Accidents are of daily occurrence. Only one of the new-style cars is to be tried at first.

The Coming of Sahara, Great Booze Pageant, Opens Saturday Night

SAN FRANCISCO, June 27.—"The Coming of Sahara," a monster pageant, in which some thousands will celebrate, is expected to be held in this city beginning tomorrow night.

Already the city is crowded with disciples of John Barleycorn, friends of Tom and Jerry and avowed enemies of Gandier. Hotels are filled to capacity and still the would-be celebrants from neighboring states and dry patches of California, keep filtering in.

The lid has been lifted—slightly. The old life of San Francisco has returned—for a while. July 1st, 1919—the year of the great drought—will be history in a few days and placed in the same historical obscurity as the deluge.

MUCH COTTON IS USED IN U. S. SAYS REPORT

WASHINGTON, June 26.— Cotton consumed in the United States in May was 487,998 bales, the Census Bureau reported, and in the ten months ending May 31 was 4,783,319 bales.

Consumption during May last year was 575,862 bales of lint and 110,243 bales of linters.

Cotton on hand May 31 in consuming establishments was 1,390,865 bales of lint and 272,583 bales of linters, compared with 1,793,295 bales of lint and 168,084 bales of linters a year ago, and in public storage and at compresses 3,450,944 bales of lint and 212,223 bales of lint and 276,972 bales of linters a year ago.

Cotton spindles active during May numbered 33,556,011 compared with 33,691,576 a year ago.

Imports were 36,812 bales compared with 29,635 bales in May last year.

Exports were 444,718 bales, including 890 bales of linters, compared with 292,041 bales, including 12,012 bales of linters, the May before.

The most delicate warm weather desserts are Dragon sherbets and ice creams. Put up in cartons to take home—will keep three quarters of an hour. Five kinds daily.

PLAN CAMPAIGN UPON GROWERS OF APRICOTS

Directors Say They Must Have Greater Percentage of Acreage

Plans are rapidly being whipped into shape, according to announcement made here by the organization department of the California Prune and Apricot Growers, Inc., for the drive for increased acreage to be made this fall following the challenge sent out to fruit growers of the state by the board of directors at its last meeting.

The Association, which was organized on a basis controlling seventy-five per cent of the prune and apricot acreage in the state, has demanded in a resolution passed by the board of directors that additional acreage be added to its holdings before it will agree to exercise its options on the purchase of crops for 1920 and 1921.

If a large part of the growers now outside of the association refuse to join the combination of fruit producers, which was organized two years ago to put an end to manipulation of market conditions by the independent packers, the association has threatened to go out of business and throw overboard the benefits of co-operative packing and selling, which has been built up under its direction.

Orange county, which is strongly organized in associations in most of the fruit industries, has not been well organized under the California Prune and Apricot Growers, Inc., but under the impetus of the new movement, apricot growers here may sign up. there are few prunes here.

The campaign, as far as it concerns this county, concerns apricot growers only.

Thirteen representatives of the association's organization department are already in the field soliciting growers to sign contracts with the company. It was announced that additional solicitors were to be sent out immediately who will build up local organizations in every prune and apricot county in the state, preparatory to the launching of the membership drive late this fall.

The acreage campaign to be undertaken by the California Prune and Apricot Growers, Inc., is to be very similar in all respects to the one waged in 1917, under exactly parallel circumstances, by the raisin growers of the state, who under a bitter storm of attack by the independent packers, obtained control of approximately ninety-six per cent of the state's tonnage.

Commentin gon the ultimatum sent out to the growers, H. C. Dunlap, organization manager for the association, said:

"The contract with the growers now in force depends for its continuance beyond the season of 1919 on the management's exercise of an option on the deliveries of the crops to be produced during the years 1920 and 1921.

"Our plans in this matter can be best understood by reference to the raisin grower's action under similar conditions. At the end of their first three years of operation on a contract identical in form to ours they made their further activity contingent on the securing of an additional 15,000 acres. From a resulting campaign they secured practically three times this acreage.

One hundred per cent of the growers of the state approve of the prune and apricot growers' association, believe in the association, and would not see it discontinued under any circumstances. When they realize that absolutely and positively the association will not continue in business and in the good support of the markets without their overwhelming support, numbers of them, I am sure, will sign up and insure the future to which the industry is entitled."

OWN YOUR OWN HOME

BUILD NOW!

WHAT joy it would be to have a home all your own, built as a home should be built, arranged as you've always wanted your house, everything ordered as you want it, when you want it—your own yard and a cottage garden!

There's nothing like owning a home to make a man realize that he's a substantial citizen, or to give people the confidence in him he deserves.

You can't measure the value of owning your home on a dollars and cents basis alone—and yet with rents still on the increase and the price of building stabilized, probably for years to come, home building and home owning never was a better investment.

Just add to that the satisfaction and contentment for your wife, a better place for the babies to grow up, a more "liveable" environment—

A safe investment? Your house and lot are as safe as a bond. There is an unprecedented market now for improved property—you can "cash in" at once if you wish. Five years hence, even though building prices slowly settle to a lower level, the tremendous building activity that must come in the meantime will give your investment a substantial increase in value.

Prices will hold steady for years! You'll surely build some day and you'll never find a more opportune time than now

GERMAN REVOLUTIONS LOOM

DETAILS OF FETE ARE FIXED BY BOARD

Gold Trowel Will Be Used By Governor In Laying Arch Cornerstone

AUTOMOBILE TRAFFIC ROUTES ARE DECIDED

No Cooking Will Be Allowed at Park; All Expected to Take Picnic Fare

CARRYING out his belief that no man is too big to come into Orange county to attend a county-wide function, R. L. Bisby, as chairman of the executive committee of the Orange County War Service Recognition Association, is forwarding invitations to President Wilson, Secretary Daniels, Secretary Baker and other men prominent in national war activities to attend the Welcome to Service Men Sept. 9.

Secretary Daniels will be on the coast about that time, and there is just a possibility that President Wilson will be in the West about the same date.

Governor Wm. D. Stephens already has accepted an invitation to attend and deliver an address and to lay the cornerstone of the handsome and permanent memorial arch at the entrance to Orange County Park to be erected by the Board of Supervisors. A gold trowel will be provided for the occasion and Gov. Stephens will retain this as a souvenir of the occasion.

Bisby and Lieut. Norby this morning selected a landing site for planes which will be here on that day from March Field Norby is in charge of the recruiting air squadron now in the city. It is expected that five or six planes will come from March Field on the big day. The landing place is on the mesa just to the right of the last grade leading into Santiago canyon by way of the El Modena Grade.

Committee Meets

The executive committee met yesterday afternoon in the Commercial Club rooms at Orange, with all members present except Postmaster Ahlborn of Anaheim. Those present were Elmer Jahraus of Laguna, E. E. French of Huntington Beach, Major E. J. Marks of Fullerton, F. E. Hallman of Orange, Mrs. A. J. Lawton and R. L. Bisby of Santa Ana and Secretary Jack Wallace of Santa Ana.

Many of the details were discussed and some settled definitely and others passed over for further consideration.

It was decided that in going to the park automobiles would be permitted to travel over the El Modena grade up to 2 o'clock in the afternoon, with return during that time limited to the grades by way of Villa Park. After 2 o'clock machines may return either way. The regulation is to prevent machines returning over the dangerous El Modena grade when there may be heavy travel to the park.

Will Employ Landscape Gardener

The Supervisors will employ a landscape gardner to beautify the grounds by the removal of shrubs, etc., and after the celebration it is planned to devote considerable time to carrying out plans for arranging the park in a more systematic manner and keeping it in the forefront as a public playground.

The memorial arch to be erected will be part of the program. During the ceremony of the cornerstone laying on Admission Day, aeroplanes will drop flowers over the multitude assempled. A firing squad of thirty-two men, formed in a square and facing to all points of the globe, will give the gun salute. Members of the Seventeenth Separate company, national guard will be used. It is the desire of the committee not to burden any of the service men with activities during the day. The wish is to give them a day that they may enjoy as they see fit.

For the presentation of medals, some method will be developed that

WILL INVITE WILSON, DANIELS TO BIG SERVICE MEN'S CELEBRATION

Morgan to Help Build Up Europe

HARRIS & EWING

J. PIERPONT MORGAN

Money King Will Figure Largely In Coming Financial Deals

NEW YORK, June 27.—Perhaps the foremost man in the world of finance in America today is J. Pierpont Morgan, head of the great banking concern that bears his name. During the period of reconstruction in Eureopean countries to come, Mr. Morgan is expected to loom even larger on the financial horizon than he does at present.

Great deals in finance are to be made by the Europeans in getting their business on a solid peace basis. Much of the money needed will be furnished by Americans. Mr. Morgan is leader of the foremost group of these, moneyed men, hence he is expected to figure largely in the big loans to be made.

Morgan is not often seen in public but a photographer caught him in Washington recently and snapped a good likeness, when Mr. Morgan was called as a witness by the Senate committee that was probing the treaty "leak."

OBREGON WOULD BE MEXICO'S PRESIDENT

LOS ANGELES, Cal., June 27.—General Alvaro Obregon, who led Carranza's armies to victory over Villa, announced his candidacy for president of Mexico today. His announcement was in the form of a manifesto published in "Sonora," a Latin-American paper published here. Obregon directed his manifesto be given wide circulation in Mexico.

MOONEY STRIKES ARE PLANNED OVER NATION

NEW YORK, June 27.—A general protest strike to demand the immediate re-trial or release of Thomas J. Mooney will be held in Seattle July 4, James Duncan, president of the Seattle central trades union, stated today.

Duncan stated that protest strikes will be held in various parts of the country beginning July 4 and continuing at specified intervals until Mooney is freed. Detroit unions have voted, 80 to 1, to hold a five days' protest strike, Duncan declared, while California and Oregon workers will walk out en masse, he said.

WILSON MAY REPEAL DRY ACT BELIEF AT CAPITOL

Prohibition Leaders Admit Time Too Short to Pass Enforcement Legislation Before the First of July.

NEW YORK, June 27.—With only three days remaining until war time prohibition is due to go into effect, the prohibition situation today was:

1—Prominent officials and members of congress still believed the president will take some action to repeal war time prohibition as it affects light wines and beer. This action will come up on the signing of the treaty, they claim.

2—Dry leaders in congress admitted that it will be impossible to pass any enforcement legislation for the war time prohibition act in the two legislative days remaining before July 1.

3—The house judiciary committee was expected to formally report to the house today a bill with two disdinct sections, one providing for the enforcement of war time prohibition and the other for constitutional prohibition.

4—Should congress approve the house plan, enforcement of the war time act will be more lenient than was previously planned by the house judiciary committee. Only the manufacture and sale of intoxicating liquor are prohibited, but the house bill clearly defines intoxicating liquor under the war time act as any beverage that contains more than one-half of one per cent of alcohol.

5—Although enforcement legislation almost certainly cannot be passed before July 1, drys in congress believe the war time act in itself provides adequate enforcement provisions. While it does not define "intoxicating liquor," the manufacture and sale of liquor is prohibited with penalties of imprisonment from 30 to 90 days and fines of from $100 to $1000.

Wilson's Cablegram Gives Thrill Till All Received

WASHINGTON, June 27.—Early today the telegraph instrument at the White House began to click rapidly.

A cable message was coming from the President to Secretary Tumulty.

"I have decided to life the ban on b——," was the message the operator received. With visions of beer and light wines being saved, the operator excitedly told an assistant to call Secretary Tumulty on the telephone.

But after arousing the secretary, the last word of the message was "bullion."

Enforcement Legislation Formally Given to House

WASHINGTON, June 27.—Enforcement legislation for both war time and constitutional prohibition was formally reported to the House in a bill of two sections by the House judiciary committee today. The vote on reporting the measure was 17 to 2. As the bill now stands the more lenient laws are provided in one section for war time prohibition while the most stringent regulations effect the constitutional section.

The main provisions, however, are not changed from those agreed upon Wednesday. A special rule for consideration of the legislation will be asked but it is practically certain it will not come up in the House until the middle of next week. A minority report will be filed by five members of the committee.

Another eleventh hour move to report a separate bill for war time prohibition failed by a vote of 10 to 6.

NEW AIRPLANE RECORD

PHOENIX, Ariz., June 27.—A new Arizona airplane record today stood to the credit of Captain L. E. Appleby of March field, Riverside. He made the 135 miles from Phoenix to Tucson in 67 minutes. Appleby is here recruiting for the aviation section.

WAGE RATE OF CANNING PLANTS IS GIVEN LIFT

New Scale Fixed By State Commission Going Into Effect on July 1st Will Boost the Payrolls Greatly.

EXPERIENCED women and girls, $13.50 a week or 28 cents an hour.

Inexperienced women, 21 cents an hour.

Inexperienced girls, 18 cents an hour.

Male minors, 25 cents an hour.

The above is a schedule of the minimum wages for women, girls and boys employed in the fruit and vegetable canning industry in California this season, as recently ordered by the Industrial Welfare Commission. The schedule is effective early in July.

The rates of pay prescribed for cannery workers this year are nearly forty per cent higher than last year's minimum wages.

Experienced women and female minors, says a copy of the wage order filed with the county recorder here, shall receive not less than $13.50 a week, or 28 cents an hour, for their labor, in the case of those physically diabled by age or otherwise, and these must have special permits from the Industrial Welfare Commission to work for less and a special minimum will be prescribed for each holder of a special permit.

Inexperienced women must be paid not less than 21 cents an hour, inexperienced female minors not less than 18 cents an hour, and male minors not less than 25 cents an hour.

Minimum Piece Rates

Minimum piece rates, per 100 pounds, are fixed as follows: Asparagus, 22c; cherries, 65c; apricots, 47c; cling peaches, 31c; free peaches, 20c; hand peeling peaches, 50c; pears, 55c; plums, 16c; tomatoes (12 quarts), 4 1-2c.

The rates of pay must be posted on a bulletin board in each plant and a record of each employe and the pay each receives must be kept on approved forms and sent to the commission. If all employes are paid on the piecework basis, more than two-thirds of the workers must receive $13.50 or more a week each.

Ordinarily employes are not permitted to work more than eight hours in any one day, nor more than 48 hours or six days in a week. Sunday is the day of rest unless otherwise prescribed. On ordinary days employes may not work before 6 a. m. or after 10 p. m.

In case of emergency, however, longer hours will be permitted, with pay at 1 1-4 the regular minimum rates for overtime, and double the minimum rates for time over 12 hours in any one day.

"Experienced" workers are those employed for a week or more.

Big Payroll Increase

The new minimum wages, it is predicted, will increase the payroll of the Taylor cannery in Santa Ana approximately $6,000 this season. Practically all of the workers in the California Packing Corporation's plant on East First street average well above this minimum, according to Superintendent J. W. Shumate, and hence the payroll there will not be appreciably affected. The new ruling, however, he said, will force this plant to eliminate the slow workers, and keep only those who can average high in the amount of work done.

The Industrial Welfare Commission has also established new minimum wages for experienced females employed in the mercantile industry of $13.50 a week, or $58.50 a month. Minor learners have three years apprenticeship, starting in at $8 a week for the first six months, and during the five succeeding periods of six months each their pay is advanced to $8.50, $9, $10, $11 and $12, receiving $13.50 after the three years.

Adult learners, 18 and 19 years old,

New Counter Revolution In Budapest Controlled By Forces of Bela Kun

BELA KUN

JOSEPH POGANY

Martial Law Proclaimed By Soviet Head; Armistice After Big Battle

VIENNA, June 27.—A counter revolution has broken out in Budapest.

The battle began when monitors flying the Hungarian national colors bombarded Foreign Minister Bela Kun's headquarters in the Hotel Ungaria from the Danube. This was followed by fierce fighting, which continued theough the night. At dawn yesterday an armistice was declared to permit removal of the dead and wounded.

The soviet government proclaimed a state of siege in the capital. Bela Kun, assumed personal command of the soviet forces, has issued a statement claiming the situation is under control.

Hun's right-hand man is Joseph Pogany, minister of war.

Revolt Dies When Leaders Are Captured, Is Reported

COPENHAGEN, June 27.—A counter revolutionary movement against the Hungarian soviet republic in Budapest has been suppressed, according to dispatches received here today.

In addition to street fighting, river monitors bombarded soviet headquarters Tuesday night. Crowds of spectators swarmed the banks of the Danube during the bombardment, cheering and waving flags and handkerchiefs. The revolt was put down when the counter revolutionary leaders were captured, it was said.

The latest advices said order had been restored and that soviet armed guards were patrolling the streets.

BULLETINS

NEW YORK, June 27.—Forty-one cars oranges and 3 cars lemons sold. Orange market strong, prices 25c to 50c higher. In some instances advances were even greater. Averages from $2.80 to $7. Highest price, Alphabetical, $7.30. Lemon market 50 cents higher; averages, $4.49 to $7.20. Weather, rain; 8 a. m., temperature, 70.

VERSAILLES, June 27.—The German delegation to sign the pence treaty will arrive at 9 o'lock tonight, Secretary von Maniel was notified this evening. Previous dispatches had said that the Germans would reach Paris tomorrow morning.

WASHINGTON, June 27.—The House today by a vote of 220 to 0, on its stand that the average army for the next fiscal year must be 300,000 men. Chairman Kahn of the Military committee said that the Senate conference committee had agreed to accept the figure of 350,000 as a compromise.

WASHINGTON, June 27.—The Senate today passed Senator Hiram Johnson's resolution requesting the President to inform the Senate regarding the government's military policy in Siberia.

NEW YORK, June 27.—One seaman was lost and the schooner Friendship, bound for South America with a cargo of linseed, was badly damaged in a collision with the Japanese steamer Tsuruga Maru off Sulpin Light early today.

NATION LEAGUE FOES MAY ASK AMENDMENTS

By L. C. MARTIN
(United Press Staff Correspondent)

WASHINGTON, June 27.—Senator Borah made it plain today that he will not be satisfied with any plan regarding the League of Nations which he does not regard as meeting the issue of Americanism vs. internationalism without equivocation.

If Chairman Hays of the Republican National committee comes out for a program of effective amendment, Borah and those who are with him against any league, may be expected to support that program, it was learned.

Some of them are beginning to realize, they admitted today, that a league in some form is inevitable.

Intimations were allowed to seep out from Republican circles today that 51 votes have been pledged against Article 10 (the Monroe Doctrine clause) of the league covenant. Inasmuch as at least two Republicans, McNary and McCumber, have already announced they will vote for Article 10 as it stands, the "pledged" vote must include at least four Democrats.

Administration forces said there are only two Democrats at all likely to vote even for amendments—Reed and Gore.

From cities which have been mentioned as probable stopping places in President Wilson's projected tour, invitations are coming in to Borah and Johnson, they said today, to appear in answer to the president's arguments.

POINDEXTER WILL BE OUT FOR PRESIDENCY

SPOKANE, Wash., June 27.—United States Senator Miles Poindexter is to be formally named a candidate for the presidency of the United States.

A call by prominent Republicans asks that Poindexter clubs be formed all over the state on the evening of July 5.

CUMMINGS TALKS FOR LEAGUE OF NATIONS

LOS ANGELES, June 27.—Opposition to the League of Nations in the United States is born of jealousy more than anything else, Homer S. Cummings, national Democratic chairman, told a mass meeting here last night.

He praised the league plan and President Wilson's foreign policies.

ACTION TO CLEAR UP SHIP STRIKE ISSUES

SAN PEDRO, June 27.—Action designed to make clear the issues involved in the strike of 6000 employes of the Los Angeles Shipbuilding and Dry Dock Company, was taken by the strike committee today. A statement was issued outlining the men's demands. It was then announced that a contract between the company and the men would be drawn up immediately and presented to the company with notice that the strike could not end until the contract is signed.

CONTROL BY ROYALISTS BELIEVED SOUGHT

Escape of Former Crown Prince From Holland Is Significant

PEACE DELEGATES ON WAY TO VERSAILLES

Foreign Minister Mueller and Colonial Minister Bell Are to Sign

By FRED S. FERGUSON
(United Press Staff Correspondent)

PARIS, June 27.—With every preparation completed for signing the peace treaty in Versailles at 3 o'clock tomorrow afternoon, the allied delegates today turned their attention to the internal situation in Germany.

Communist uprisings in Berlin and Hamburg, together with the reported escape of the former crown prince from Holland into Germany were regarded as possibly significant in view of the last ditch fight made by the German government against unconditional acceptance of the terms.

Germany, it was believed in some quarters, is on the verge of a counter revolution and possibly two. While the present government's attention is directed toward the radical revolts in Berlin and Hamburg, it was thought the royalists in the eastern territories might seize the opportunity to attempt a restoration of the empire.

Success Is Doubted

Success of either possible movement is doubted here, but it was admitted that further internal disorder in Germany at this time would prove embarrassing to the Allies.

What part the former crown prince might play in a royalist counter revolution was the basis for considerable speculation. Although known to be unpopular even with the majority of the militarists, it was pointed out that he, as the Hohenzollern heir, is the most eligible candidate for the throne in the event an attempt is made to restore the empire.

The new German delegation which will sign the treaty was en route to Versailles from Berlin today. A change in the personnel was necessitated at the last moment through withdrawal of Herr Giesberts and Herr Leinert. As now constituted it consists of Foreign Minister Mueller and Colonial Minister Bell.

Accompanied by a small staff of assistants, these two officials were scheduled to arrive here at 7 o'clock tomorrow morning, the ceremony beginning in the palace at Versailles eight hours later.

German Peace Delegation Leaves Berlin For France

VERSAILLES, June 27.—The German delegation which will sign the peace treaty left Berlin at midnight and will arrive in Paris at 7 o'clock tomorrow morning, it was officially announced today. The party was scheduled to reach Dusseldorf at 3 o'clock this afternoon. Foreign Minister Mueller and Colonial Minister Bell, the German signatories, are accompanied by three high officials, including Herr Schmidt ,intimate councillor and expert on international law and Herr Krause, economic expert. There are also three legation secretaries in the party.

Herr Giesberts and Herr Leinert, who had been appointed to sign with Mueller, withdrew at the last moment.

Dutch Government Says Crown Prince on Island

THE HAGUE, June 27.—The Dutch government officially announced today that the former German crown prince is still on the island of Wieringen.

The former crown prince was reported to have escaped from his place

TO THE GRADUATES

A lot of good advice is being given to graduates this week. A good deal of it has to do with abstract principles and a good many commencement addresses represent a lot of sermons boiled down ad presented with telling force. But there is one piece of advice that deals not with abstract principles, but with the decision that the graduate must make, if he has not already made it, as to what he is going to do in the next two, three or four years.

What next?

Invariably, the advice given by grammar school, high school and junior college commencement speakers is that the students enter some higher institution and continue with their education.

It is good advice. There is no doubt about it, for the country is now well advanced in a period in which education counts for a great deal. College men and college education during the war made great strides in the estimation of the world. A great period of readjustment is before us, and in the opportunities that this world offers it will be those who know how to do things who will achieve the best results.

Schooling is not everything, of course. There are too many college men whose failures prove that a college education misused or in the hands of one who hasn't the strength of character or the strength of personality to use the tools that are given him by his college is valueless. After all is said, the success of his life depends upon him, not upon his college and not upon the completion of certain defined courses of study.

At college, the curriculum, too, is not to be counted as the only phase to be considered. College life, the brushing up against people, the contact with broader minds and bigger people, the opportunity to achieve in academic affairs, the field for making of true men and true women—these are things to be considered in the selection of a college.

So far as actual study is concerned, so far as opportunity for two years or four years of digging into books goes, one college is about as good as another. For that alone, one could put in four years of digging in the public library under suggestions from courses given by correspondence schools. It's the atmosphere of college, the spirit of the life lived there, the probability of arousing ambitions, the pointing of the way, the development of latent talents that are of consequence in going on to some college or university beyond the high school.

THE AIR SERVICE

Congress is fortunately adopting a more liberal policy with regard to aviation. The House, voting an appropriation of only $15,000,000 for the naval air service next year, has raised the amount to $35,000,000. It was made clear that the navy could not get along on less than $35,000,000, unless it were to eliminate all progressive, experimental, constructive effort and simply continue its present equipment and stand pat on present achievement.

Now similar steps may be taken with the army air appropriation. The House committee has cut that down to $15,000,000. The original estimate of $86,000,000 seems small enough, when compared with those of the other powers. Great Britain is planning to spend $300,000,000 on aviation next year.

The federal aviation service was long enough a disgrace to the country. It has only lately attained a strength and effectiveness in which Americans can take any pride or satisfaction. The nation, while naturally not disposed to spend money on airplanes at a war-time rate, realizes the value of maintaining and developing this new mode of transportation, for purposes of war and peace alike, and is willing to pay any reasonable price.

FOR THE LEAGUE

It would hardly be accurate to characterize the Federation of Labor vote on the League of Nations as a straw showing which way the wind blows. It looks more like a strawstack in a tornado. There is no mistaking the fact and its significance.

The vote cast at the Atlantic City convention in behalf of the more than 30,000 local unions represented was 29,750 in favor of the covenant as it stands, and only 420 against it. That is seventy to one.

It cannot be argued logically that this indicates the actual ratio of public opinion on the subject. The unions were strongly influenced by the favorable provisions incorporated in the peace treaty in behalf of labor. But with all due allowances made for this and other determining factors, it looks like a pretty clear indication of the way the "plain people" feel about the matter.

That vote registers the sentiment of 3,000,000 workers, representing directly, with their families, perhaps 15,000,000 people, and indirectly representing many millions more. It seems likely that unorganized labor in general will follow the lead of the Federation.

Here is the biggest block of definite public sentiment that has yet appeared in America on either side of the controversy. Opponents of the League may well doubt whether they can muster any weight of hostile sentiment sufficient to counteract it.

To Belgium

Pasadena Star-News

Every Loyal American is gratified that President Wilson has visited Belgium. He carried officially to that brave government and people the sympathy of the American people. In his own gracious way he, officially and personally, expressed profound admiration and respect for Belgium's high courage and magnanimous devotion to right, even to the extent of going to the stake in national martyrdom, as it were.

The world never will forget—America least of all—that sublime spectacle of a people that preferred to perish, or to suffer unspeakable ravishment, rather than unsouledly to submit to the haughty invader in his atrociously unjust invasion. No people ever suffered more with so little murmuring or with grander manifestation of invincible spirit than did the Belgians.

They are a grateful people. They greeted America's President demonstratively and affectionately. Their statesmen and orators voiced eloquently Belgium's gratitude to Americans all, and particularly to Herbert C. Hoover and Brand Whitlock, whose efforts in Belgium's behalf will always shine out, in history, amid the somber clouds of the great war.

The Budget System

What is the present Congress going to do about creating a national budget system? This is a question which at the present time is being asked by tax organizations and research bodies. Congress is pledged to establish a modern budgetary practice in the federal government. But the last Congress was similarly pledged and failed to keep the pledge. From the looks of things the present Congress is going to give a great deal of attention to politics, and it may be that as a result of its political activities the budget plan will be forgotten. Every business interest in the country would do well to remind its representatives in the Senate and House not to overlook this important matter.

The United States is the only great nation which does not systematically plan its expenditures on a budget basis. We are indeed the most easy-go-lucky and profligate of powers. The estimates for the federal departments are presented to Congress by the Treasury. They are not reviewed by the executive. The appropriation bills are prepared by fourteen independent committees in the House and fifteen in the Senate. These committees work independently of each other and of the executive.

What kind of federal financing can be expected under such a system as that? Duplication of appropriations is inevitable in some instances, while in others it is just as inevitable that proper financial provision is not made.

So far as it has found expression, the sentiment is in favor of an executive national budget; that is, a budget presented by the President and sponsored by him.

It is to be hoped that an executive budget system will be adopted, not only because an executive budget is the best budget, but also because it will serve as a model for the states. Every state ought to have a budget prepared by its governor, and yet, perhaps, Illinois is the only state thus far to adopt this plan. The demand for executive budgets is becoming stronger all the time, and in a few years, it is to be hoped, practically all of the commonwealths will be found making their appropriations upon a budget basis.

Vote the Bonds

Long Beach Press

When an obviously meritorious measure comes before the people, to be voted upon, it is confronted by one big menace—that is, overconfidence among voters friendly to it. It is so common for electors, in such circumstances, to say: "Well, everybody's for the bonds; there's no need of my going to the polls." This attitude on the part of great numbers of qualified voters has killed or crippled many a good measure.

The $40,000,000 state highway bond proposal, to be voted upon next Tuesday, will suffer from this very overconfidence, if its friends do not rally well. That the measure will carry seems to be a foregone conclusion. But it should have a very large vote and an overwhelming majority, as it deserves. The people—all the people—should manifest their interest in it.

There should be realization among the people that everybody will benefit from this huge outlay; that practically all the $40,000,000 will be disbursed here in California to Californians; and that it will help mightily in readjusting economic conditions and in providing work for returned soldiers and sailors.

Labor's Stand

How the Money Will Be Raised to Pay Off Bonds

The Forty Million Dollar Bond Issue Will Be Paid Off From Funds of the State Derived From the Corporation Tax. County Taxpayers Will Be Asked to Pay Only the Interest on That Portion of the Bonds Used for the Construction of State Roads in This County.

The Register is in receipt of a letter from a well known farmer protesting against the $40,000,000 state highway bond issue, which is to be voted on Tuesday, July 1st, on the ground that it will impose a burden of taxation on this county which the taxpayers can ill afford. The writer assumes that this county will be called upon to pay off its pro rata of the $40,000,000 issue and that this county's proportion will be based on the total assessed valuation of all taxable property in the state of California.

The Register's correspondent's opposition is based on wrong information entirely. The Register submitted the letter to the chairman of the California Good Roads Campaign committee, for an authoritative statement as to how the long term bonds are to be paid off. The chairman called up the headquarters of the general committee in San Francisco, and the following conversation took place over the long distance telephone.

Question—Voters of this county opposed to the $40,000,000 bond issue claim that the taxpayers of this county will have to pay directly that proportion of the entire bond issue that the entire taxable property of this county ($100,000,000) bears to the entire taxable property of the state. Is this true?

Answer—No, this is not true. The taxpayers of Orange county will not pay one cent of the $40,000,000 principal.

Question—From what source will the funds be raised to meet the principal and interest of this $40,000,000 issue?

Answer—The principal sum of the $40,000,000 bond issue will be raised exclusively from and by the corporation tax of the state of California, not one dollar being taxed directly to any taxpayer in Orange county.

Question—How will the interest on the $40,000,000 be paid?

Answer—Interest will be paid by each county in proportion to the actual amount of money expended out of this $40,000,000 bond issue within the confines of the county.

So, you see, no county will be called upon to levy taxes to pay off the principal of the bonds. No county will be called upon to pay any part of the bond interest unless a portion of the $40,000,000 fund is expended within the county.

Worth While Verses

SMILE.

'Tis easy to smile when the sun smiles,
And the sky is a field of blue;
But give me your smile when the sun is gone
And the sky is of leaden hue.

'Tis easy to smile when the flowers smile, too,
And you walk in their odors sweet;
But give me your smile when the flowers are dead
And the thorns prick your weary feet.

'Tis easy to smile when the birds sing cheer,
And you hark to the rippling rill;
But give me your smile when the waters sigh,
And the songs of the birds are still.

—Selected.

PERSONALS

G. P. Hill and family have gone to Hemet to stay for the month of August to help with the apricot crop.

Mr. and Mrs. N. J. Warner, 1417 North Main street, started today on an extended trip East. They go via San Francisco and the Union Pacific to St. Paul, Minn., which will be their headquarters. They will visit at their old home, Spring Valley, Minn., and at other places in that vicinity. Returning home about the middle of August, they will be accompanied by their daughter, Mildred, who is now in the East.

Neal Brock returned yesterday from a trip by automobile to Yosemite valley.

Theo. West, who has been in a government spruce camp in the Vancouver district for the past six months, returned home Wednesday evening, having been discharged at Vancouver. He was in the "cut-up camp," one of the largest mills the government operated during the war.

Mr. and Mrs. F. M. Joplin and son of Crowley, Louisiana, who have been visiting his brother, J. C. Joplin, left here yesterday. They expected to visit in Los Angeles, at Catalina, and to stop over for short visits in Salt Lake City and Denver en route home.

CHEER UP

Only pessimists believe that bomber days are ahead of us.

Fresh fruit ices and ice cream at the Dragon, in cartons. Will keep nicely for three quarters of an hour. All flavors.

LEMON JUICE
FOR FRECKLES

Girls! Make beauty lotion for a few cents—Try it!

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and rosy-white the skin becomes. Yes! It is harmless and never irritates.—Adv.

Greater Value

EVERY man cannot afford to pay $50.00 or $60.00 for a suit, but that is no sign that he does not like to wear good clothes.

On the other hand, he may have discovered that Vandermast Clothes are wear guaranteed clothes, and while they cost him less money they yield far greater value for the money spent.

Boys' Department

THE days of hardest play are here. Lads are at it heart and soul. The game's the thing and slight enough is the consideration these husky youngsters give their clothes. It's a time when clothes troubles are on the increase for some mothers; but not for those who buy Oregon Cassimeres. These clothes never have been equalled for hard wearing quality nor for washing quality. Let us show you the new fabrics, as well as all the other necessities for the boy's vacation period.

SUMMER SPECIALTIES

For men we recommend Palm Beach suits. Good looking, light weight, low-priced and comfortable.

PANAMAS

Real Panamas and Japanese Togo Panamas, as well as sailor straws, are ready for you.

SUMMER UNDERWEAR

Nainsook checked summer underwear is a big seller.
Then we have Porosknit and the regular Athletic summer garments.

Social Events

Ebell Tomorrow

Florence Pierce Reed, whose one-act comedy, "Lemon or Cream," will be presented before the Ebell Society tomorrow, has had seventeen of her vaudeville plays produced, and is pronounced by Tyrone Power, the great American actor, to be the coming American woman playwright.

"Lemon or Cream" has been played before 400,000 people in vaudeville, and has been produced before many clubs on this coast. It had its initial production before the Drama and Stage Society of the Wa-Wan Club at the Gamut Theater in Los Angeles.

Louise Anderson Henderson, who, with Mrs. Reed, appears in the play Saturday afternoon, is a widely known dramatic interpreter, especially well known for her child characterisations.

Mrs. Reed will play the hostess, and Mrs. Henderson the caller, in "Lemon or Cream," and Mrs. Henderson will also give child impersonations, a negro impersonation, and a group of original poems.

Mrs. H. M. Sammis will sing a group of songs.

The question of whether future Ebell meetings will be on Saturday or Monday will come up for settlement Saturday, and also the question of a change in the method of election of officers.

* * *

The women's Bible class of the Methodist Episcopal Sunday school met Wednesday at the home of the class teacher, Mrs. Fannie Lash, for an all-day good time and luncheon. Pink carnations and sweet peas were used for decorations, and at noon a three-course luncheon was served. Readings, solos and story telling, in which every member had a share, filled the pleasant afternoon hours. Those present were Mmes. Winchell, Kimball, Demud, Raugh, Fay, Glenn, Clark, Holderman, Folsom, Dunning, Palmer, Myer, Sturgeon, Michelson, Marston, Brott, Drickeen, Hutchens; Mrs. Dutton, a guest of the class; Mrs. Lash, and Misses Southwell and Wendelkin.

* * *

Surprise Party

Mrs. Norris Wing who, with her husband, leaves next week for Bakersfield to make her home, was given an afternoon surprise party yesterday. As she left to spend the afternoon with a friend her neighbors took possession of her home, replacing the key where they had found it. When she returned upon an errand, the surprise was startling and complete.

As the guests had prepared the surprise they completed it very nicely with dainty refreshments.

Pictures were taken of the group and will make pleasant remembrances for Mrs. Wing of the friends she made during her residence here, who regret the circumstances that will take her away from her home.

The uninvited guests were Mmes. Inez Richards, R. J. Brown, Albert Schroff, C. E. Price, Franklin, John McKim, V. Ehrhardt, Ida Jessen, John Wolford, John Neilson, Lilly Sunbeck, and the Misses Alma Hays, Alma McKim and Gladys McKim.

* * *

Fidelis Class

The Fidelis Class of the First Baptist church Sunday school held an all-day meeting yesterday at the home of Mrs. David Meyer on West Santa Clara avenue.

A picnic lunch in the cool shade of the walnut trees was followed by a brief business session, with Mrs. G. P. Hill, the class teacher, presiding. Mrs. Hill will be away for the summer and Mrs. Osgood S. Catland will take her place.

Rev. Davies was a welcome visitor at the luncheon hour.

Those present were Mmes. G. P. Hill, O. S. Catland, Marshall, C. H. Baldwin, Frank Stansfield, Blanchar, Wilson, A. Ritner, Fairbanks, Hartman, Harrison, Tomlinson, Ramsey, Duncan, Deaver, Peterson, Glenn, Hull, Dietrick, Badey, Crane, Steward, and Mock.

Needlework and visiting occupied the hours of the afternoon.

* * *

Placentia Wedding

Mr. and Mrs. Samuel Kraemer, prominent residents of Placentia, gave their daughter, Miss Adella Kraemer, into the keeping of Walter Muckenthaler yesterday at a very pretty wedding.

The service was performed in the St. Boniface Catholic church, which was decorated in pink roses tied with soft bows of white and pink tulle.

Immediately after the close of mass the bridal party returned to the home of the bride, where an elaborate wedding breakfast was served to the members of the two immediate families.

After a honeymoon spent in Yosemite and other points in the northern part of the state they will return here to reside. Both bride and groom are very popular among the younger set and are very devoted to their church and all of its activities, and have a host of friends who wish for them a long life full of happiness.

* * *

Return to Denver

Mr. and Mrs. R. J. Blee and Mr. and Mrs. J. W. Blee enjoyed a visit from their cousin, Mrs. Frank Welck, and her husband. Mr. and Mrs. Welck were but recently married and came out here from Denver two weeks ago for a little journey. Many family dinners were given them by the Blees and short trips taken all over Southern California.

Mr and Mrs. Welck left yesterday for their home in the East.

* * *

Rainbow Circle

The name of Miss Waive Kingrey was inadvertently omitted from the list of honor guests entertained by the Rainbow Circle of the First Christian church at the home of Mrs. F. S. Clark, at 1501 North Main street, Wednesday night.

* * *

To Enjoy Eastern Summer

Mrs. J. A. Stevenson and her son James, left Los Angeles Monday for an extended trip east. After a stop at the Grand Canyon, they will travel on to Western Pennsylvania, where at the old home of Dr. Stevenson and his brother Rev. Thomas E. Stevenson, near Pittsburg, they will spend the summer. They expect to remain in the east until the return of Dr. Stevenson from overseas.

* * *

Prof. Ratcliffe Here

Professor Emery Ratcliffe, formerly of the Santa Ana high school and now professor of psycology and economics at the State Normal school of Fresno, attended the Junior College commencement last evening. He made the trip to attend to business interests in Whittier and in a few days will leave for the east.

* * *

Whist Party

Mrs. E. L. Madden entertained the ladies of the Altar Society of St. Joseph's church yesterday afternoon with a very pretty whist party.

Pink carnations and baskets of Coral Bruner roses and heliotrope decorated the rooms where the small tables were placed for cards and later utilized for the serving of refreshments.

Mrs. Madden's daughter, Miss Mildred Meacham and Mrs. Henry Carmichael of San Diego assisted Mrs. Madden during the afternoon.

Prizes were awarded to Mrs. Collier of Orange, who secured the first prize, and Miss Kate Anselmine, the consolation.

The guests for the afternoon were Mesdames Charles Bevis, E. A. Biggs, R. G. Tuthill, Carl Klatt, Horace Fine, George Young, Candelat, Louise Brown, Anna Owens, F. Kraemer, Norton, John Rudolph and Mrs. Hammersmith; Misses Anna Young, Bertha and Barbara Klatt, Father Eummelen and his sister, Mrs. Hersinger, of Imperial, were also guests.

* * *

Fifth Wedding Anniversary

Mr. and Mrs. Chas. S. Cooke, of 1021 North Ross street, celebrated their fifth wedding anniversary recently. The house was decorated with Shasta daisies. The evening was spent in playing games, and in music and dancing. Mrs. Cooke's sister, Mrs. Geo. Wade of Los Angeles, presided at the punch bowl. Mr. and Mrs. Cooke were presented with many beautiful gifts.

The guests present were Mrs. Cooke's brother, Mr. Butler Powers, and mother, Mrs. Frank Powers and sister, Mrs. Geo. Wade, her son Mr. Frank Wade, and Mr. Reed Waterman and Mr. Geo. Stevens of Los Angeles, Mr. Fred Marsh of Anaheim, Mr. and Mrs. Leipsic and daughter, Martha, Miss Bertha Crawford, Miss Littlepage, Miss Gladys Smith, Miss Ruth Bevis, Miss Laura Menefee, Mr. and Mrs. Joe Ryan, Mr. and Mrs. J. C. Clark, Mr. and Mrs. Raymond Nelson, Mr. and Mrs. Phillips and daughter Lizzetta.

SHIPPING WATERMELONS

Shipments of watermelons from the Imperial valley have already reached 418 cars and indications point to this season being the best season in the history of the valley. Prices in Los Angeles have been $20 to $25 a ton, and in San Francisco $2.25 a hundredweights. From 30 to 35 carloads will be shipped daily for another week.

CYPRESS NEWS NOTES

CYPRESS, June 27.—Mr. and Mrs. H. La Rue, and Mr. and Mrs. Scally motored to Pasadena last Sunday and spent the day with Clyde Stoner, whose home was at Cypress for a good many years. Mr. Stoner has just bought them a nice home at Pasadena.

Mr. and Mrs. A. R. Bradley were the week-end guests of Mr. and Mrs. John Wertz of Whittier, Mr. Bradley going up on Saturday afternoon and remaining till Monday noon. The Wertz family motored down after them and brought them home again. A big birthday dinner was given in honor of Mrs. Bradley.

Mrs. Edith Miller, Mrs. Edith Sconce, Mrs. A. R. Bradley and Mrs. Sidney Feagan all motored into Anaehim to the picture show Wednesday night.

Mr. and Mrs. Thos. Gillison and Mr. Ole Nelson attended the dance at Los Alamitos last Friday night, Mr. and Mrs. Guy Cox returning home with them over night. On Saturday morning all motored to Redondo Beach, where the Los Alamitos Sugar Company had a big picnic. Mr. and Mrs. Gillison and son, and Mr. and Mrs. Guy Cox returned by Long Beach, where a picture show was enjoyed and then they went to Seal Beach, where they danced. On Sunday they drove to Huntington Beach and then on to Santa Ana to the Temple theater to see "Daddy Long Legs," then motored by Los Alamitos and left Mr. and Mrs. Cox at their home.

The new road is paved on this side at Sidney Feagan's and they expect to complete the paving this week or the first of next week. There are about thirty men on the job.

Mr. and Mrs. Arthbert Miller, Mr. and Mrs. George Miller, Mr. and Mrs. Cherry were all-day visitors at Sidney Feagan's last Sunday to a big chicken dinner.

Mr. and Mrs. Charlie Damron, Mr. and Mrs. Cherry were out on the ocean fishing last Tuesday and caught a hundred pounds of fish, which they distributed among friends in Cypress.

Mrs. Charlie Damron will teach the Cypress primary grades and Miss Johnston will be the school prineipal next term.

Mr. and Mrs. H. La Rue and son, Ralph, and Mrs. Thos. Gillison and son motored to Anaheim to the Fairyland to hear the naval band play.

Mr. Thomas Gillison attended the Los Alamitos club last Tuesday evening with Mr. and Mrs. Henry Lucas and son, Perry Lucas.

A. R. Bradley is irrigating his place this week.

O. P. Bunyard has been irrigating his orange trees and beans this week. He has in a fine stand of tomatoes.

Mr. and Mrs. Ben Sconce motored into Los Angeles last Sunday to visit her sister, Mrs. Harry Kendall.

C. Norland is the carpenter on Mr. Hollingsworth's new home, which will have six large rooms.

A. R. Bradley has sold his home south of the Methodist church at Cypress.

Mr. and Mrs. Harry Covell, Mr. and Mrs. Hugh La Rue and Mr. Truechill attended the Chamber of Commerce banquet at Balboa last Wednesday evening.

Mr. and Mrs. O. L. Bunyard, Mr. and Mrs. O. P. Bunyard motored to Norwalk last Sunday afternoon to the ball games and on up to Rivera to visit Mrs. O. P. Bunyard's sister, Mrs. E. R. Wylie.

Perry Lucas and Dan Williams motored to Huntington Beach last Saturday evening and caught a lot of fish and on Sunday drove to Serra Beach to fish, but caught nothing.

Henry Lucas went to Pasadena last Saturday night and Sunday to visit his father and mother.

Miss Ruby Lucas is spending the summer months with her aunt and uncle, Mr. and Mrs. Henry Lucas.

The Cypress farmers are loading a carload of potatoes this week.

Mr. and Mrs. H. La Rue and boys and Miss Estell ——— of Santa Ana motored up to Los Angeles and surprised Mr. and Mrs. Douglas Naylor. Mrs. Naylor was formerly Miss Margaret Dreger of Cypress.

Dudley Newcomb of Los Alamitos, has returned from overseas, and is wearing a wound stripe received in the Argonne battle. He is a brother of Mrs. Clayborn Cawthorn of Cypress.

Mrs. Cawthorn has a Hupmobile, which she purchased last week.

John Sconce is irrigating and putting in corn this week.

Mr. John has purchased a new Buick.

Mr. Rennie is still improving, but has suffered terribly with his neck this last week.

Mrs. Southerland was a visitor in Los Angeles this past week.

Cuthbert Miller attended the ball game in Los Angeles last Saturday afternoon.

Lane county, Oregon, is producing a large quantity of rye. It is a favorite for pasturage with dairy people of that section.

One county in Oregon produces about 2,000,000 pounds of prunes which have been contracted for this year at around sixteen cents.

New York apple growers are compelled to pay 65 cents per barrel for their cooperage. This, however, is 20 cents under last year's contract.

Beautiful---Yet Practical

Is this Nine-Piece Bedroom Suite—a Louis XVI Design—in Delicate Old Ivory

Built In The Hawthorne Furniture Shops of Los Angeles

Here is Bedroom Furniture that you will be proud to own. The above set comes in Old Ivory and is one of the most beautiful suites we have ever shown at the price quoted. Consists of nine pieces, including Bed, Dresser, Vanity Dressing Table, Chiffonier, Night Stand, Large Chest, Writing Desk, Chair and Rocker, all exactly as illustrated.

This product of the Hawthorne Shops comes to you as an example of fine furniture construction, with quality and artistic design so noticeable that it speaks for itself. And best of all, the price is VERY reasonable.

New Designs in Reed Furniture

Cool and Comfortable—Rich and Exclusive

A few pieces of airy Summer Furniture, cushioned in bright cretonne, will effect a charming transformation in the appearance of the living room, sleeping room, sun room or porch, and make the home more inviting during the summer months.

This kind of furniture is having a new vogue and is deservedly popular because it is extremely good looking and comfortable. Especially attractive are the new designs in ivory, fumed finish and "natural," of which we are showing a good variety at moderate prices.

You saw "Old Wives for New" and "Don't Change Your Husband," now come and see—

Cecil B. De Mille's

latest Artcraft creation

"For Better, For Worse"

with the same big all star cast including

ELLIOTT DEXTER—GLORIA SWANSON
RAYMOND HATTON—WANDA HAWLEY
THEODORE ROBERTS—SYLVIA ASHTON
JACK HOLT—WINTER HALL
TOM FORMAN—FRED HUNTLEY

Vanity, jealousy, love, hate—each of the fads, foibles and freaks of human nature have been painted by Cecil B. DeMille inproducions like "Old Wives for New," "We Can't Have Everything and "Don't Change Your Husband."

But never before has he shown you the feelings of a woman face to face with a man she loves but who is, in her eyes, a despiseable coward. The heat of her anger at the man she loves, yet hates, shocks you. The punishment she meets out to him makes you say to yourself, "Serves him right." But the sublimity of his sacrifice makes you halt judgment for a moment and then— By the queerest twist of fate love conquers and the woman sees through the man's eyes and—Come! It's too great a pleasure to miss.

(To women on the lookout for the latest Parisian frocks and gowns Cecil B. DeMille's Pictures have a powerful fascination. They are not equalled by the Fifth Avenue shops.)

ROYALISTS SEEK CONTROL OF GERMANY

Attention of Peace Heads Turned to Internal Affairs of Foe

(Continued from page one)

f internment and to have entered ermany. Advices received in Paris ere that he was accompanied by a aff officer. He was interned on the land of Wieringen at the end of the ar when he entered Holland as a erman army officer.

LONDON, June 27.—Friedrich Wilelm, former German crown prince, eported yesterday to have escaped om Holland into Germany, recently xpressed to the Brussels correspondnt of the Mirror his plan of living on is estates in Silesia after peace is igned.

"East Prussia and Silesia will never gree to Polish domination," the form- crown prince was quoted as saying this interview, granted at his refuge n the Island of Wieringen.

"There will be another war within n years. Belgium, Serbia, Italy, Rumania and Greece will be furious at ie peace terms. Only France, Britain nd America will be satisfied.

"After peace is signed I intend to ve on my estates in Silesia. There is o truth in the reports I intend to tart a pottery factory. The kaiser ill remain in Amerongen for some me."

AN EXTREMIST.

"Isn't Nexdore's wife rather fond of n argument?"

"Is she? Why, that woman is so ond of an argument she won't even at anything that agrees with her."—Boston Transcript.

NATIONS ARE WARNED BY WILSON'S SPEECH

PARIS, June 27.—President Wilson, speaking at a dinner given by President Poincare to the Allied delegates, warned that any nation attempting to emulate Germany's effort at world domination in the future, would suffer a like fate.

"Merely to beat a nation that was wrong once is not enough," he said. "There must follow the warning to all other nations that would do like things that they in turn will be vanquished and shamed if they attempt a dishonorable purpose."

The President said that while nations have formed contracts before, "they have never formed partnerships," that "they have associated themselves temporarily, but they have never before associated themselves permanenfly."

MARRIAGE LICENSES

IN SANTA ANA

Harold V. Martin, 22, and Helen E. Strelke, 20, both San Diego.
Robert Reich, and Anna Reich, 40, both Olive.
Thomas B. Walker, 25, and Vioda Smoot, 26, both Santa Ana.
John Dryer Ball, 23, and Isabel May Jayne, 23, both Santa Ana.
Paul L. Sanderson, 25, and Rose E. Shuck, 16, both Los Angeles.
Eugene D. Bedwell, 33, San Diego, and Katherine Keith, 39, Venice.

NOT A BIT NERVOUS.

The girl came on from the west, the man from the east meeting at the home of the bridegroom's brother in Chicago, to participate in the ceremony which would make them man and wife. Both were hurriedly dressing for the 8o'clock ceremony, as the officiating minister was due at another home for an 8:45 wedding.

Suddenly the bridegroom rushed frantically from his room into the hall, encountering his brother, who exclaimed, "Don't get nervous, Fred. You have twenty minutes."

"I'm not nervous," he answered, "but I can't find my collar."

"You're excited, that's all," laughed the brother. "There's your collar, already fastened at the back of your neck."

FIX DETAILS OF SERVICE MEN'S PARK FETE

Wilson, Baker, Daniels Will Be Invited to Attend County Affair

(Continued from page one)

will make it possible to quickly decorate the 2000 men expected to be present. Fifty young ladies selected from various communities of the county will have the honor of attaching the medals. Mrs. A. J. Lawton will have charge of gathering the committee of young women.

No Cooking on Grounds

The celebration, so far as the eats are concerned, will be strictly a basket picnic, and everyone who attends is cautioned to prepare fully, for no cooking will be permitted at the stoves on the grounds. These will be required to prepare coffee for the big throng. Picnic parties must take a pitcher with them, so that they can get their coffee and serve it. No attempt will be made to serve the coffee to individuals.

Ten barrels of lemonade and the same number of ice water will be distributed about the grounds. A large quantity of lemons will be required, and those who will donate a box or more or less, should get in touch with F. E. Hallman of Orange, as he was appointed to secure the lemons needed. In fact, he volunteered to see that there are plenty of the sour juice producers on hand to provide all the lemonade that the throng might want.

Special arrangements will have to be made for Gov. Stephens and members of his staff who may accompany him. It is possible that a barbecue dinner will be one of the features in compliment to the distinguished visitor. It is known that the governor enjoys a barbecue and in view of the situation at the park it may be decided to offer him this treat with the executive committee participating.

In the cornerstone laying the G. A. R. will have a position of honor, as escorts to the Governor. Because of the throng expected, it was deemed inadvisable to attempt to have all the G. A. R. men as escort, and each of the posts in the county will be asked to designate a certain number to the committee that will represent the veterans in the escorting party. It is probable the committee will number fifty.

Chairman R. L. Bisby will introduce the Governor when he delivers his address.

While the program has not been fully worked out, the general outline is for the populace to arrive at the park between 8 and 10 a. m., with addresses and the cornerstone laying occupying the hours between 10 and 12. From noon until 2 o'clock "eats" will be in order, with a general social time. At 2 o'clock and after will be the presentation of medals to service men, addresses, band concerts, etc.

Several bands will be present and there will be no lack of music. Dancing floors will be provided in different parts of the grove, with orchestra in attendance. A. G. Flagg of Santa Ana has been made chairman of the dance committee, and he will be assisted by others to be selected from points in the county.

Copies of papers printed in the county, the names of the service men and the Board of Supervisors, and other documents representative of the county will be enclosed in an iron box in the cornerstone. Anyone having a suggestion as to what should be placed in the box, will be welcome to offer the same to any member of the executive committee.

NEW WAGE RATE FOR CANNERY WORKERS

Scale Fixed By State Body Will Boost Payrolls at Plants

(Continued from page one)

have two years apprenticeship, receiving $9, $10, $11 and $12 respectively for the four periods of six months each. Adult learners 20 years of age or older have an apprenticeship of 1 1-2 years, with pay at $10, $11 and $12 respectively for the three, six-month periods. Reports on all learners must be filed with the commission, and not more than one-third of the female employes of any establishment may be classed as learners.

Part Time Rates

Part-time minimum rates are: Adult experienced, 35 cents an hour; inexperienced, 25 cents an hour, except waitresses, a ruling for whom is yet to be issued. Part-time workers are those employed less than eight hours a day.

Special workers, who work less than six days a week, have rates of pay prescribed as follows: Adult, $2.25 a day; minors, experienced, $2.25 a day; minors, inexperienced, $1.50 a day.

The employer must keep a record of the periods of employment, and cannot employ infirm or disabled females at less pay than the rates prescribed without special permit. Action will be taken, says the commission, against employers who make a practice of discharging workers as they become proficient and entitled to more pay, and replacing them with "learners" at small pay.

The pay of those working under a bonus or piece-rate system must be not less than the minimum time rate in the group where each worker belongs.

This mercantile industry order was made by the commission on April 22, to become effective sixty days later.

City and County Briefs

Mr. Osborne Garber, instructor in bookkeeping and accounting in the high school here, leaves Saturday for Berkeley, where he expects to compile a text-book and practice work in modern banking. It is his intention to have this work published and ready for use in high schools, business colleges, and universities, by January 1, 1920. He expects to return to Santa Ana in six weeks, where he will continue the work until school opens, in September, when he will be back on the job in high school.

* * *

J. C. Metzgar of the Chamber of Commerce will terminate a two weeks' vacation by attending the meeting of the Secretaries' Association to be held tomorrow and Sunday at San Bernardino and Pine Crest. The forenoon session will be held in San Bernardino tomorrow, after which the secretaries will go to Pine Crest to remain over night, with a barbecue featuring the evening. Sunday forenoon will be given over to a visit to Little Bear Lake and other entertainment.

* * *

Harry C. James of Hollywood, in charge of eight boys of the League of American Woodcraft, passed through Santa Ana today on bicycles on their return from an outing at San Diego. They were there for four days, during which time they were shown many courtesies by residents of the city. They camped at Capistrano last night and arrived in Santa Ana a little after 11 o'clock.

* * *

The July number of Young's Magazine contains a story by Mrs. Bonnie Wheeler, formerly Mrs. Bonnie Giessner, of Santa Ana, now of San Francisco. The story is entitled, "Secret Bread."

* * *

Sergt. Herschel G. Frye, 20th Engineers, A. E. F., returned to his home here this morning. Sergt. Frye declares that he has seen all that he wants to see of France, and that his motto is "California for me—especially Santa Ana."

* * *

The Ralls All Stars, a crack baseball team from Los Angeles, is to play the Tustin club on the Tustin grounds Sunday afternoon at 2:30 o'clock.

* * *

Naval Recruiting Officer Ingram, who was in charge of the local station for a time, is in Santa Ana with the navy band. He will remain with it as long as it is in this district and will then return to the office in Los Angeles. He is greeting many old friends, who are extending him the glad hand with sincere expressions of pleasure at meeting him again.

* * *

Messrs. Todd, Hayden, Gordon, Miller, Jones and Hinkle of the local gas office went to Long Beach last evening and assisted in organizing the gas company employes of that city into an Efficiency club. There were sixty charter members, and the club is modeled after the Orange county club, which has been in successful operation for two and a half years.

* * *

County Clerk Backs and Rev. T. E. Stevenson last night were impressed into service to make good the dart of cupid when they were routed out of home at abuot 11 o'clock to make it possible for Paul E. Sanderson and Rosa Shuck to return to Los Angeles as man and wife, after a visit to this city. As luck would have it Backs had just returned home when the couple arrived at his home and told him their mission to Santa Ana. With his usual courtesy he went down to the court house and issued a license. Rev. Stevenson was routed out of bed to tie the nuptial knot. The mother and father of the bride and a few friends accompanied the couple.

The following letetrs remain unclaimed in the postoffice at Santa Ana, Cal., for the week ending June 28, 1919: Juan Contreras and Calistro Ernandez. If not called for within two weeks, the above letters will be sent to the dead letter office. When calling for the above please say "advertised" and give the date.

NEW TESTING LAW GOES INTO EFFECT JULY 1ST

Animals in interstate commerce after July 1 must be shown free from disease, says the California Cultivator. The enforcement of this new regulation will, it is believed, be of great assistance in preventing the further spread of tuberculosis among live stock, and having the work practically under state and federal supervision at all times will serve to bring about uniformity.

The department of agriculture, through its bureau of animal industry, is now actively co-operating with the state live stock sanitary officials and cattle owners of 42 states in the eradication of tuberculosis from live stock.

Recent legislation in several of the states has made it possible to proceed with the work where heretofore it has been impossible to do so. Federal funds available for the work are insufficient to meet present demands, and now that the cattle owners are finding the work to be of such advantage and importance the demands will increase rapidly.

Most activities are in the "accredited-herd" work with the owners and breeders of pure-bred herds of cattle who wish to free their herds from tuberculosis and have them placed on the list as "accredited."

Lodi grape growers are appealing for a supply of at least 75 cars a day during grape shipping season.

Tulare Lake bottom will grow fortunes for wheat growers this year. Some of the fields are averaging twenty sacks per acre.

Tulare County Cantaloupe Growers Association, with headquarters at Porterville, reports fruit maturing very rapidly despite low temperatures.

The coming output of raisins will be the largest in the history of the industry. It is expected to reach at least 200,000 tons.

Merced county is having a fight between those who are working for an irrigation district and another faction endeavoring to block the advancement.

Lodi is overhauling Tokay packing houses and preparing for record crops and record prices.

NEWPORT READY FOR RECORD CROWDS

County Harbor Celebration Tomorrow Afternoon and Evening; Navy Band

Newport Beach and Balboa are ready to entertain record crowds tomorrow afternoon and evening on the occasion of the Orange county harbor celebration. There is no doubt but that the beach towns will be "jammed" with people and machines during the celebration commemorating approval of the harbor bonds on June 10.

There will be many big features. Chief Bandmaster Thomas J. Kennedy and his crack naval band of forty-five pieces, which played in Santa Ana yesterday and today, will take part in the joyfest, with concert in the afternoon at Balboa and on a moving boat in the evening, leading the illuminated boat parade. An outdoor screen will be provided for showing the official navy moving picture, which will be accompanied by a lecture on the navy by Chief Yeoman Howard N. Smith.

Then there will be the two U. S. submarine chasers, 307 and 308, the army aviators will perform between 4 and 5 o'clock, there will be yacht races in the bay, dancing, address by Clyde Fisher, reception to county delegations, and in the evening a water carnival and illuminated boat parade, with illumination of the proposed harbor channel.

Is everybody going? Sure they are.

RECRUIT 2 MEN HERE FOR AIR SERVICE

Floyd Webster and Robt. Best Enlist In Aviation at March Field

Floyd Webster and Robert Best of this city are to enter the air service. They have enlisted with Lieutenant E. S. Norby, as a result of the recruiting campaign conducted here this week, by the lieutenant and his assistants.

The recruiting party left this afternoon for Long Beach, where they will remain for several days in a campaign there. The plane pilots, Lieutenant Norby, Pilot Sergeant Oscar Holte and Pilot Sergeant John Montijo, will thrill the people of Long Beach with the daring stunts they have performed in the air high over Santa Ana.

The bird men certainly have won the admiration of the people of Santa Ana. The stunts they have pulled here have been new in many instances and created sensations.

Lieutenant Norby this morning secured orders to make a flight with the planes from Long Beach to Balboa tomorrow afternoon as a feature of the big harbor celebration to be held there. The three planes will fly from Long Beach, give an exhibition and return there without alighting.

A $5,000,000 beet sugar manufacturing company has been organized in Japan.

Oregon's promise of a big apple crop is inducing building of much larger storage facilities.

Summer Opportunities

Yes, the above two words are repeated many times when you look around our big store. One of our customers said the other day that we were always busy. We told him that right prices and courteous treatment was the keynote of our wonderful business, which so many have already found out.

Our two Extra Specials for Saturday are as follows:

1—Men's $2.00 Blue Bib Overalls for 99c
2—Men's $1.25 Dress Shirts for 85c

This will give you an idea of the opportunities standing at attention and waiting for you.

OPEN SATURDAY NIGHTS.

We have carefully considered the question of 6 o'clock closing on Saturday night and if we considered only our own pleasure and convenience we would close, but we feel we owe it to our many loyal customers who would be greatly inconvenienced by 6 o'clock closing to remain open, so as usual **Our Store Will Be Open Every Saturday Night Until 9 O'clock.**

LIVELY BIDDING AT DELINQUENT AUCTION SALE

Newport Lot Brings $42; Arch Beach Hts. Lots Sell For 76 Cents to $1.50

Lively bidding for several different pieces of property featured the auction sale of delinquent property upon which taxes had not been paid since 1912, held at the courthouse yesterday. Purchasers of the properties involved receive a tax deed from the state, and the original owners' only means of recovery is through the courts.

Lot 5, block 46, third addition to Newport Beach, brought the highest price, $42, and went to A. E. Koepsel. The lot is situated at West Newport and fronts on the ocean.

Five lots at Huntington Beach were sold. Lot 9, block 219, brought $28 and went to A. J. McCuiston; lot 9, block 314, went to Hugo Wetzel for $22; lot 5, block 415, brought $30, and lot 7, block 415, sold for $36, C. Anderson buying both. Wetzel also bid in lot 8, block 618 for $30.

Henry A. Stewart bid in 105 feet of lot 11, block 54, San Juan by the Sea, for $25. A. J. McCuistion took one lot in the Vista Del Mar tract at $11, and Wetzel took three at $9, $9 and $17 respectively. Wetzel bid in lot 183, Laguna Beach, for $37.50, and lot 18, block 3, of the Loma tract, below Arch Beach, at $18. R. C. Mize took lot 17, block 3, Loma tract, for $20.

Arch Beach Heights furnished quite a number of lots at the sale, and the highest price bid for any of them was $1.50, while most of them sold for 76 cents, the amount of the 1913 taxes. The property is situated on the hills back of Arch Beach, and has been regarded as practically worthless. Several were willing to take a chance, and all of the lots were sold. R. C. Mize took 16 lots; Fred R. Clapp, ten; E. S. Morrow, eleven; Henry A. Stewart, ten; A. A. Crawford, three; E. A. Beard two; Georgia A. DeLong, two; Mrs. M. A. French, two; Florence Peet Hansen, two; J. F. Mercereau, three; J. W. Inman, seven; Arch W. Craig, two, and E. R. Abbey, four.

Albert Launer of Fullerton, bid in lot 1, block 2, Modjeska mineral springs, for $7.50.

ALBERT F. GRIFFITH IN JAIL AT VISALIA

Several weeks ago a complaint was sworn to here charging Albert F. Griffith, formerly of Huntington Beach, with non-support. Circulars were sent out by Sheriff Jackson to other state officers, and word has just been received that Griffith had been arrested and was being held in the Visalia jail. Under Sheriff J. H. Inman went north last night to bring Griffith to Santa Ana for trial.

ANOTHER SPEEDER IN LINE FOR JAIL TERM

Another auto driver charged with going over fifty miles an hour is to face Justice Cox.

This man's name is Frank Lopez, and he lives at 105 South Boyle avenue, Los Angeles.

Wednesday Motorcycle Officer Carr took after a machine that had been caught in the trap at fifty-six miles an hour, and the chase resulted in the arrest of Lopez. There were three others in the car, including its owner, William Keeler, who formerly lived in this part of the country.

Lopez is to appear before Cox next Wednesday.

COURTHOUSE NOTES

The estate of William M. Six, deceased, has been appraised at $23,150.73.

The Hogue-Kellogg company has filed notice that it will appeal to the district court of appeals from a judgment against it recently entered in a suit over beans brought by William Schumacher of Buena Park.

H. J. Ryan, horticultural commissioner of Los Angeles county, has forwarded to the supervisors copy of a resolution adopted at a fumigation conference in Los Angeles June 25, urging horticultural commissioners and supervisors of the great citrus regions to see to the appointment of night fumigation inspectors.

An order was made today authorizing the First Methodist church of Anaheim to sel ltwo lots no longer needed for church purposes.

The will of Magdalena Fallert, deceased, has been admitted to probate, with John and Charles Fallert as executors. J. N. Anderson of Santa Ana and B. F. Pinson and H. A. Krause of Fullerton are appointed appraisers.

SUES FOR DAMAGES, RECOVERY OF FORD

Charles Kerr, with Victor Hyatt of Los Angeles as his attorney, today filed suit against William Lee Bridges, Roy Wilson, and E. F. Morales, asking $150 damages from Wilson and Morales, $75 from Bridges for attorney fees, and the recovery of a Ford car or $425 from Morales. The Ford, according to the complaint, was sold on installments by W. L. Truitt to Bridges, and Truitt then disposed of his interest to Kerr. Bridges violated his contract by incurring a debt of $75 against the car, it is alleged, Wilson secured a mechanics lien against the machine, and it was sold by the constable of San Juan Capistrano to Morales on May 20. Plaintiff claims the sale was illegal.

INSURANCE FUND FAILS TO WIN DAMAGES

Carl Jorn Favored In Action Growing Out of Auto-Motorcycle Collision

The State Compensation Insurance Fund failed to win a verdict in the second trial of its suit for damages against Carl G. Jorn of Orange. The jury which heard the evidence yesterday afternoon brought in a verdict in favor of the defendant Jorn.

The suit was brought as a result of a collision in February, 1916, of Jorn's automobile with a motorcycle ridden by Earl Summers, Summers being injured.

The evidence tended to show that Jorn did not run into Summers, but that Summers, who was crossing the road diagonally, started to turn into a driveway, without giving a signal of his intentions, and ran into Jorn's car.

The jury held that Summers was guilty of contributory negligence and that Jorn was not liable to the state insurance fund from the fact that Summers was fully a half mile from the ranch where he was employed when the accident happened.

ORANGE COUNTY AUTO CO. ARTICLES FILED

The original copy of the articles of incorporation of the Orange County Auto company was filed today with County Clerks Backs by Attorney Leonard Evans. Its principal place of business is at Anaheim and the incorporation is for a period of twenty years. The five directors are J. L. Findley, R. O. McCune, G. M. Simpson, C. C. Randall, and G. R. Franklin, all of Anaheim.

MAY PROSECUTE SOME WITNESSES IN CASE

REDWOOD CITY, June 27.—With Dr. Ephraim Northcott convicted of second degree murder in the Inez Reed murder case and scheduled to appear Thursday to ask a new trial, give notice of appeal or be sentenced, authorities are today intimating that there may be criminal prosecution of several other parties who testified they were at the house where the crime is alleged to have occurred. These include Mrs. Frances Fisher, Dr. Northcott's nurse and Patrolman Moreen of the San Francisco police force.

Pending his appearance Thursday, Northcott is out on bond.

OLIVES WILL BE BIG CROP FOR RIVERSIDE

Riverside Enterprise: Horticultural Commissioner D. D. Sharpe reports that the Riverside county olive crop has indications of being the largest ever known in the county. The crop here last year amounted to 640 tons. It will be nearly 800 tons this year. This county now ranks third in olive production in the state, Los Angeles and San Diego being ahead. There were 1430 acres of bearing olive trees in the county a year ago. Now there are about 1700 acres. The fruit never brought $80 a ton prior to 1914. Nowadays it brings from $145 to $160 a ton. By 1922 there will be over 2000 acres of bearing olive trees in this county. The war put the importation of Italian and Spanish olives out of commission and that gave the wonderful rise in popularity to our California olives.

The wheat crop in Arizona is estimated to be 1,000,000 bushels, probably the heaviest yield for many years.

SANTA ANA GRADUATES HAVE BUSY WEEK

CLASS OF GIRLS GET DIPLOMAS FROM JUNIOR COLLEGE

Excellent Address Delivered By President of Whittier Institution

At commencement exercises held last night at Elks' hall, diplomas of graduation were presented to sixteen girls, comprising the senior class of Santa Ana Junior College.

The occasion was impressive, and was marked by an addess that was inspiring to a high degree.

The sixteen young ladies who were given diplomas marched to the platform, looking very charming and pretty in their white graduation dresses, each carrying a bouquet of Dorothy Perkins roses.

Following the invocation by Rev. Charles C. Haworth of El Modena, the college glee club gave two very good selections.

Introducing the speaker, President H. W. Wright of Whittier college, Principal D. K. Hammond of Santa Ana high school, said that this was the third annual commencement of the Santa Ana Junior college and that the class was especially fortunate in securing President Wright. President Wright selected for his subject, "The Right of Choice."

The Right to Select

He said that lives are full of choosing but to him the educational viewpoint was of great importance.

"You and I are made in the image of God because we have that thing, the right of choice," he said, and he went on to explain his theory by reference to the different periods in one's life.

"In childhood," said he, "the right of choice is limited because of parental influence and lack of an entirely developed mentality. In maturity we are hindered by circumstance and habit."

To illustrate, he pointed out that a busy person may work through the day without stopping and individually choosing, the regular cut and dried routine of the work being so set that it is not necessary to choose, and habit so thoroughly installed is not easily broken. It is the business man who gets under the things on the surface and does things that are not obvious that makes big success in life.

The stage in between, or the intermediate period between childhood and

(Continued on Page Ten)

112 Diplomas To Be Presented At Program Tonight

TONIGHT at 8 o'clock, commencement exercises for Santa Ana high school will be held at the First Methodist church.

At that time 112 graduates will be presented with their diplomas.

Admission to commencement up to 8 o'clock will be by tickets, which have been distributed through the members of the class. At 8 o'clock whatever seats remain will be free to any who come.

Commencement program follows:

March—Mendelssohn .....
..... Marguerite Warne
Invocation...Rev. Perry F. Schrock
Cello Solo—(a) Chanson Triste (Gustlin), (b) Danse Rustique (Squire) ..... Edward Burns
Song—"Month of Roses (Sinnhold).....Senior Glee Club
Address .....
Pres. Evans, Occidental College
Song—"Our Old High" (Parks)
..... Class
Presentation of Class.....
.....Principal D. K. Hammond
Awarding of Diplomas.....
J. L. McBride, pres. School Board
Acceptance of Diplomas for Class ..... Milburn Harvey

GIRLS AQUATIC RACES TO BE HELD IN JULY

DEL MONTE, Cal., June 27.—Under the direction of the Pacific Association of the A. A. U., the annual Del Monte girls' swim championship races will be held here July 18, 19 and 20, with nearly all of California's fair mermaids ready for the splash. The races will be staged in the open-air Roman plunge, the final races being held Sunday, July 20, on Del Monte beach.

Among the water celebrites to be present are Frances Cowells, holder of a number of Pacific coast records, and Dorothy Burns, as well known as Frances Cowells. Efforts are being made to have Claire Gailligan Finney compete.

Mr. Flatbush (in Yonkers Statesman)—She has a very difficult part in the new play. Mrs. Flatbush—Difficult? Why, she doesn't say a word! "Wel, isn't that difficult for a woman?"

Try the Dragon fresh fruit sherbets for warm weather. Put up in cartons to take home. Delicious, delicate flavors.

You can get Purina whole wheat bread at the Dragon. First health flour manufactured since the war.

129 GRADUATES MARCHING OUT ON WAY TO POLY HIGH

Commencement Exercises For Intermediate School Grades Are Held

One hundred and twenty-nine sturdy boys and girls marching in perfect step, happy, bright and ambitious, in double file and in single file up one aisle and down the other was the opening feature of the unusually well programmed and well executed commencement affair at intermediate school last evening.

The class is one of which the teachers of intermediate are especially proud. Its record for scholarship is good, and the personality of the students is above the average. This class will be next year's freshman class of the high school.

Following the opening march, the class took its seats in the center of intermediate assembly hall. The remainder of the hall was crowded with friends and relatives of members of the class.

The music for the occasion was by intermediate orchestra, a very excellent student organization, and by members of the class. Little Miss Elizabeth Wright, a young musician of extraordinary promise, played "Militaire Polonaise" charmingly. During the evening as a number of songs were sung most acceptably by a double quartet composed of Misses Mary Oliver, Mildred Tummond, Elizabeth Wright, Ruth Vieria, Merle Allender, Olive Gilbert, Elizabeth Sirinsky and Marion Stuil. The singing of "Commencement Day" by the class was a delightful number of the program.

Among the closing numbers on the program was the class song, which in itself was extremely pleasing and its charm was added to by reason of the fact that it was the product of two members of the class, the words having been written by Glen Leake and the music by Elizabeth Wright.

"Angels of Destiny"

The invocation was by Rev. John Oliver, pastor of the First Methodist church, and the address by Rev. A. T. O'Rear, pastor of the South Methodist church. W. C. Roberts, principal of intermediate, presided during the exercises.

"Angels of Destiny" was the subject announced by Rev. O'Rear.

"I want to talk to you tonight," said he, "about six angels, three of them bad angels and three of them good angels, and each begins with the letter D.

"The first of these is the demon Discouragement. That bad angel says for you not to go any further with your work, just give up and quit. The devil can do a lot of harm to a discouraged person, for discouragement weakens a person. Don't get discouraged. Your world is just as big as you make your horizon.

"Then, beware the angel of Delusion. Deceit is the angel's weapon. He will try to make you think that you can't do what you want to do. I say to you that anything in reason is possible for you, if you apply yourself to your aims and purposes.

Angel of Dissipation

"The third bad angel is Dissipation. Don't waste your energies. Certain kinds of dissipation merely fritter away time. Others injure your health. The biggest little dissipation devil is the cigarette. It makes tremendous inroads into the capacity of boys. Cigarette smoking takes away your nerve. By all means, avoid cigarettes.

"The first good angel on my list is the angel of Desire.

"Get the ambition to do something in this world and to get somewhere, and you have the first requirement for success.

"The second good angel is Determination. It will not do much good to have ambition if you don't also have determination, the will to do.

"The third good angel is Devotion. You must have a realization of true values, a devotion and enthusiasm to duty and purpose. You can't make the success you should make unless you have the right relations with God. You can't be properly educated if you don't know God's wisdom.

"The best thing in education is character, and that is something that I want you to remember throughout all of your school work."

The class was presented to City School Superintendent Cranston by Principal Roberts, and as the class marched by each member was presented with a diploma by Superintendent Cranston.

The singing of a verse of "The Star Spangled Banner" closed the exercises, and the graduating class marched out singing, to the tune of "Tipperary."

"It's a long, long way to Polytechnic,
But we're almost there."

The names of those in the graduating class follow:

Merle Allender, Hamilton Armfield,

(Continued on Page Ten)

Group Prominent in High School Affairs

Officers For the 2 Semesters Are Shown

Arthur Perkins, Gwendolyn Hoyle, May E. Sexton, Lillian E. Pumphrey, Flora A. McFadden, Paul H. Bruns, Milburn Harvey Beatrice M. Vegely Grace Smiley

Class Colors Are Purple and Gold

In this group of Santa Ana High School seniors are several of the students who have been prominent in student affairs of the high school. In the group are the class officers for the the two semesters of this year, as follows: Presidents, Arthur Perkins and Milburn Harvey; vice-presidents, Gwendolyn Hoyle and Beatrice Vegely; secretaries, Beatrice Vegely and Lillian Pumphrey; treasurers, Flora McFadden and Paul Bruns.

In the picture also is Miss May E. Sexton, who took the comedy part in the class play, "The Melting Pot."

The class poet is Miss Harriet Owens; Miss Ruth Violett is class historian, and Fitzhugh Gray is class prophet.

The class will was written by Miss Grace Smiley, whose picture is in the group.

The class motto is: "We have climbed the hills, the mountains are before us."

The violet is the class flower, and the class colors are purple and gold.

DEODAR PLANTED AT CLASS DAY EXERCISES OF HIGH SCHOOL

Stunts, Together With Will, Prophecy and Poems, Feature Program

With class day exercises in the assembly hall and the planting of a deodar on the campus, the Class of 1919 very nearly said farewell to high school days yesterday.

The exercise yesterday was one for student fun, when dignity was not featured and joy was in the ascendancy. Dignity and all that goes with commencement exercises were left for tonight's program, when formal farewell to their high school career will be said by 112 graduates.

Cleverness and the joyousness of student life permeated yesterday's class day exercises. Good natured thrusts in the class will and class prophecy stood out as a part of the fun of the afternoon.

In the good-natured thrusts members of the faculty were not spared, while all of the foibles and fads of individual members of the class were held up for a good laugh.

Miss Grace Smiley read the will, and the prophecy, written by Fitzhugh Gray, was read by half a dozen students, interpreting it from a newspaper supposed to be one published some several years hence.

The class poem was read by its author, Miss Harriet Owens.

Orchestra Is Heard

Music for the occasion was supplied by the high school orchestra, which, under the direction of Miss Watson, has been a source of joy and entertainment frequently throughout the school year. An instrumental trio was also a part of the musical program.

There were two main hits on the afternoon's program. First came a kindergarten scene with Miss Flora McFadden as teacher. The pupils were selected from among capable, well known members of the senior class, attired in costumes that were screams. Every child among them sang lustily whatever kindergarten songs were called for by teacher, and an exhibition of "Bean Porridge Hot" cannot be described, but the shouts of the audience declared it a success.

The closing number was "The Doll Shop," which gave opportunity not only for a lot of fun but for displaying a lot of talent in acting and singing. It was excellently presented throughout.

The Doll Shop Cast

Those taking part in "The Doll shop" were:

Proprietor, Karl Loerch; Shop Girl, Georgena German; Rich Customer, Grace Smiley; French Doll, Gwendolyn Hoyle; Rag Dolls, Flora McFadden, Verdelle Breckenridge; Darkey Doll, Monroe Sharpless; Teddy Bear, Travis Anderson; Wax Doll, Helen Sylvester; Red Cross Nurse, Frances Walker; Boy Doll, Simon Fluor; Girl Doll, Ruth Violett; Ballet Doll, Marion Scudder; Egyptian Doll, Frances Baker; Sailor Boy, Beatrice Vegely; Old Fashioned Girl, Isla Burge; Indian Chief, Fay Burnett; Spanish Doll, Waive Kingrey; other dolls in the chorus, Harriett Owens, Mary Johnson, Nellie Larson, Ruth Cordes.

The tree planting took place near the east entrance of the administration building of the high school.

Milburn Harvey, president of the class, who presided at the afternoon's exercises, threw in the dirt around the deodar tree, selected as the class tree, and turned the shovel over to Douglass Keech, president of the junior class, and charged him with the care of the tree for the coming year.

OVER SIXTY OF CLASS WILL GO TO COLLEGE

Of the 112 members of the senior class of Santa High school, at least sixty will attend home higher institution of learning next year.

Since a number of the graduates have not decided what they will do the coming year, the proportion continuing with education courses beyond those completed today will be increased.

Possibly when September arrives seventy or seventy-five of the 112 will be again in school. A good many have decided to go to some college, but have not made their selections.

Acording to present plans, at least ten expect to remain at home and enter Junior College here. Of the universities and colleges, Pomona college seems to be a bit the most popular among the seniors. Six have signified their intention of entering Pomona next year. Stanford, the University of California at Berkeley, U. S. C. and Occidental will have from three to five students apiece out of this class. Two or three are to enter the Oregon Agricultural school, and two are to enter training for nurses.

So far as it is possible at this time to secure a check upon the intentions of the students, the following is given to determine where they will be during the next year:

Gertrude Alton, possibly go to Junior College; Floyd Andres, some college; Frank Andrews, Pomona college, Travis Anderson, Throop College of Technology; Clara Appuhn, plans uncertain; Worth Alexander, work; Phyllis Baker, going east to college; Fay Barnett, Junior College; Caroline Blake, Pomona college; Ruth Boose, plans uncertain; Bessie Bower, to be married soon; Lawrence Broady, Junior College; Isla Burge, undecided; Edward Burns, Boston Tech.; Verdelle Breckenridge, Pomona college; Paul Burns, U. S. C. Law school; Lucy Caldwell, at home; Homer Cain, Junior College; Marion Calhoun, at home;

(Continued on Page Ten)

SCHOOLS START FALL TERM ON SEPT. 10TH

Santa Ana city schools are to open for the fall term on Sept. 10, two weeks earlier than usual.

"There are three reasons for opening our schools earlier, for setting an earlier date and keeping it," said City School Superintendent Cranston today. "First so that Santa Ana students who transfer to other high schools after starting here will not be behind their classes in the new schools. Nearly all other high schools start earlier than we.

"Second, to give our athletes a fair chance with other schools. When we open school late in September, other high schools have the advantage of two or three weeks training.

"Third, because several summer schools to which some of our teachers might want to go start early in the summer. For instance, Stanford started June 17, and the University of California next Monday.

"We have not set a definite date for closing the school year, but it will be early in June.

"All of the city schools will open Sept. 10 except the Mexican schools. The two new buildings for the Mexicans will not be finished by Sept. 10. The Mexican schools will start Oct. 1st."

TEACHERS MAKE PLANS FOR SUMMER

Many of the high school and grammar school teachers have already made their plans for the summer. Berkeley summer school will have a good representation of Santa Ana teachers and several who live some distance away will return to their homes. Most of the teachers will return next year, but several resignations have been received, including those from Miss Marjorie McGee, Miss Adeline Hill, Miss Winifred Roberts, and Miss Isabel Jayne, all of whom are to be summer brides.

The resignations of Miss Minnie Gardner and Miss Grace Gebhart have also been accepted.

Here's what the high school teachers are going to do:

Miss Gowdy is going to spend a month at Idylwild; she will then move to the south part of town.

Miss Shea will remain at home, as her father is very ill.

Miss Wyant is undecided whether to go back to the heat in Iowa and visit her sister, or go to some mountain resort.

Miss Watson will attend the summer school at Stanford University, where she will get her Ph.D. degree.

Miss Finley is planning to spend several weeks in Berkeley with old college friends.

Mr. O. Garber is undecided.

Miss Scott will attend summer school in Los Angeles at the U. S. C. extension; she also expects to go to Catalina or the mountains.

Miss Clausen will visit Detroit, Minneapolis and Des Moines.

Miss Birdenia and Bess Henry are going to drive up to Palo Alto in their machine, where they will attend summer school.

Mrs. Robt. Northcross will go to Laguna Beach.

"Boss" Warren expects to farm his orange ranch.

(Continued on Page Ten)

LONG BEACH NOTES SUMMER'S ARRIVAL

LONG BEACH, June 27.—Conclusive proof that summer is here and that there are many more visitors to the amusement zone this year than last is found in reports from leading concessionaries and amusement men on the Pike and Silver Spray pier. The number of their patrons, it is said, exceeds by 20 per cent the 1918 crowds. Big jumps in revenues during the past two weeks are shown. Renewal of a lease for space in which a "racing derby" is to be established was announced today.

RECEPTION BY BANK LARGELY ATTENDED

FULLERTON, June 27.—Visitors from far and near thronged the rooms of the First National Bank and the Fullerton Savings Bank Wednesday night, the occasion being a reception by the banks' officials tendered to the public to fittingly mark the end of the "reconstruction" period after more than one year, or, to be exact, since the building was practically destroyed during the earthquake in April, 1918.

Two orchestras, one from Anaheim and one from Pomona, entertained the visitors throughout, the two alternating, so that there was a continuous musical treat. The reception hours were announced from 7 to 9 o'clock, but there were so many visitors, and they being reluctant to depart, that it was 9:30 o'clock before the Anaheim orchestra played "Home, Sweet Home," as a gentle reminder, when the satisfied visitors took their departure.

He's Wise

Bronze Tablet Set In Wall Is Dedicated Before Throng of Pupils

1917-1919
In Memoriam
Died in the Cause of Humanity and Democracy
Nurse Cara Keech
Lt. Charles T. Deaver
Lt. Egbert McKean
Sergt. Nathaniel Rochester
Sergt. John Simmons
Corp. Willard Best
Lt. Warren Mansur
Lt. Leon Martin
Ensign Walter Stafford

The above words and names appear upon a bronze tablet yesterday presented to Santa Ana high school by the senior class.

The ceremonies accompanying the presentation of the plate were short, but impressive. The tablet is upon the wall to the left of the entrance of the administration building of the high school.

Upon it are the names of eight former high school students and one former instructor who died while in the service of their country.

The tablet was covered with a beautiful silk American flag. Milburn Harvey, president of the senior class, in an address of dedication, declared that the sacrifices made by those whose lives were given must forever be an inspiration to every high school student, not only those of today but those who hereafter attend that school.

The memorial plate was accepted for the student body by its president, James Utt, who declared that the plate would forever remain as a token of the school's participation in the great war.

The accompanying picture is from a cut made for the Ariel, a high school publication. The cut was made before the recent death of Ensign Walter Stafford.

Three of those whose names appear upon the bronze plate lost their lives in the Argonne Forest, Sergt. Nat Rochester fighting with the Lost Battalion, Lieut. Leon Martin in the terrific fighting done by the 362nd Infantry, Lieut. Charles Deaver, a former instructor of Santa Ana high school, so far as known while scouting in No Man's Land.

Miss Cara Keech, Red Cross nurse, died of influenza in London, Sergt. John Simmons of pneumonia in Washington, D. C.; Lieut. Egbert McKean in an aeroplane accident in Louisiana, Corp. Willard Best of injuries received while stationed at Camp Kearny, Lieut. Warren Mansur of meningitis contracted in the service, Ensign Walter Stafford, following an operation at Mare Island hospital.

TEACHERS MAKE PLANS FOR SUMMER

(Continued from Page Nine)

Miss Frances Lapum will go to her home in Los Gatos.

Going to Camp

Mr. Gustlin and the band are going to the Y. M. C. A. camp at Catalina for a good time. The rest of the summer he will spend at home taking short trips to the beaches and mountains.

Miss Daniels will go to the U. C. summer school after visiting the Christian Endeavor convention at Long Beach.

"Shorty" Smith will take a course in summer school.

Major Carrier leaves for the University of California right after school closes to take military science. Later he will take short vacation trips.

Miss Leech will attend summer school at Berkeley.

Miss Schultz will take a trip to the mountains and will also attend summer school at Berkeley.

Miss Johnston will visit Chicago and other points in the middle west.

Mr. Neally is undecided, will probably remain at home.

Miss Lasby plans to spend the first part of the vacation at the Mount Wilson Obesrvatory, but will be in Santa Ana after the first of August.

Miss Rowland expects to attend summer school at Berkeley, then may take a trip to Seattle.

Most of the intermediate teachers are to remain in Santa Ana, taking short trips to the beaches and mountains. Misses Nellie Clingan, Mary Henderson, Lucy Carter, Wilma Andrews, Mrs. Iva Webber and Mr. Harry Garstang will remain at home.

Miss Hazel Bemus will attend the summer class of Mrs. Sooy of Los Angeles Normal Art department.

Misses Eva M. Thacker, Fannie Pease, and Joella Sharp will attend the summer school at U. S. C.

Miss Maude Wherry is to teach penmanship in a Los Angeles summer school.

Miss Phyllis Peckham will be in Los Angeles. Mrs. Nettie Wolf in Orange.

Prof. W. C. Roberts will take all the vacation possible in Santa Ana.

Miss Levenia Scott will be in Pittsburgh, Penn.

Miss Ruth Frothingham is undecided.

The Washington school teachers are rather undecided as to their plans. Miss Plumb, the principal, will attend summer school at Berkeley. Miss Edith Fulmer will go to her home in Pennsylvania, and Miss Mabel Latta to her summer home in the Colorado mountains. Miss Edith Cornell, Miss Sophie Hardy, Miss Carrie Hearde, and Miss Anna Rickerrich are undecided.

Miss Linda Paul of Lincoln school, and Miss Lois Thacker will remain at home. Miss Glenna Abbott to Modjeska; Miss Josie Eilers will go east; Miss Steward will visit relatives in Idaho; Miss Mary Giffin will spend most of her time between Santa Ana and Glendale, and Miss Florence Lewis will leave soon after school closes for Eagle Rock, where she has accepted the position as kindergarten director.

Miss Mead, principal of Roosevelt, and Miss Clevenger expect to visit the different beaches. Miss Mead will be in Long Beach most of the time. Miss Ada Borden and Miss Smart are undecided. Miss Christine Schenk and Miss Mary Collins will attend summer school at Berkeley, and Miss May Pulham will be at her home in Santa Monica.

Miss Barclay of Jefferson will go to Tulare with her mother, Miss Laughead to her Long Beach home. Miss Eunice Jones has not yet decided.

Miss Mary Andrews of McKinley, leaves next week for Yosemite, where she will remain for about ten days. Miss Lela Heil and Emma Hasty both expect to spend some time at Catalina. Miss Eunice Bauer and Miss Gertrude Potts are going to summer school.

Mrs. Ralph Trees will be at home most of the summer.

JUNIOR COLLEGE GIRLS GET DIPLOMAS

President of Whittier School Delivers Address to Graduates

(Continued from Page Nine)

settled manhood is the "golden age" for choosing.

That period commences, he stated, when a person enters high school and lasts until he graduates from college, or from the time he is thrown on his own resources and choosing becomes a real necessity.

Students begin their right of choice, first, in choosing the subjects they want to study and the course they want to follow. From that time they begin to assume responsibility, importance and a greater freedom.

This stage of the "right of chocsing, President Wright handled exceptionally well. "When the boy receives the chance to use his own initiative it is of the greatest importance that it be used in the correct way," said he. "Stewart Edward White could look with comparative ease across a canyon and pick out a deer. His friend asked how he could do such a thing and Mr. White said the secret was that his eyes had been trained in the mountains to eliminate the obvious things."

President Wright urged that the students in learning to choose eliminate the obvious things so that their work in college will mould their lives for the future, for it is a well founded theory that what a person is in this intermediate stage, he is bound to be in later life.

Another good point in the address was the importance of keeping the center of choosing outside of self. The speaker took up Germany as an example of a self-centered state existing only for the betterment of itself at the expense of the people. Its downfall was certain.

"Keep the center of your life outside of yourself," he said. "It is possible to walk down the street and pick out the people who live for themselves. Live a self-centered life and you die and though it would take a philosopher to give the reason, sacrifice brings the only true life.

"Everyone should make the most of his personality. Don't be satisfied by accomplishing something that is inferior to the best in you, or even if it is merely good, but develop to the fullest extent the best contained in you."

He spoke of the commercializing influence of the war, how it developed the desire to get quick jobs and quick money, which was all right if circumstances made it necessary, but to give up without a struggle the broadening influence of a college life and the personal touch and the fellowship of school friends was not wise choosing. Destiny is the sum total of choice.'

In closing he quoted:

"If he be unrighteous, let him be unrighteous still; if he be filthy let him be filthy still; if he be righteous let him be righteous still, and if he be holy, let him be holy still."

It was a splendid address delivered in a straightforward, simple manner.

Presentation of Class

In a short presentation address, Principal Hammond compared the previous graduating classes to this year's class both in numbers and scholarship average, as nearly as he was able to deduct. The result was very favorable to the present class.

Before awarding the diplomas, F. L. Andrews, secretary of the school board, thanked Principal Hammond and his faculty in behalf of the Board of Education for bringing the class to the completion of a successful year.

Miss Gretchen Walthers, president of the class, charmingly accepted the diplomas for the class, in a very clever, short talk.

After the singing of "America," an informal reception was held for the graduates. Those graduating are:

Annie M. Anderson, Harriett Brown, Martha Ehlen, Marjorie Dana Ellis, Emma G. Finney, Irene Marie Griset, Vivian Josephine Newman, Sylva Christine Groover, Margaret Frances Scharf, M. Corinne Skiles, Edna L. Stein, Dorothy Grace Squires, Dessa Mae Taylor, Ethel Irene Thompson, Gretchen Felicitas Walther, Iva L. Webber.

Shirts---Panamas---Hosiery Underwear---Collars

You'll like the class of Toggery we carry once you come in and let us show our stock. Every bit of Haberdashery here is backed by the National reputation of some big manufacturer.
In addition to Summer Shirts, Panamas and Neckwear, we are now showing

Coopers and Best Knit Hosiery
in Palm Beach and other colors— and

Ide Four-Ply Collars.

Although it's now "apres la guerre," you may be able to get a laugh from this story from the late front. It exemplifies well the Scots love for theology—not always undiluted. An army chaplain meeting a Jock who had taken "a drop too much," offered to guide him to barracks. On the way Jock became discursive. "Ye ken, chaplain," he said, "ma father is a very releegious man, and I'm that way inclined masel.' Noo I'd like to ha'e a bit argument wi' ye on predestination." The padre was much amused. "Hadn't you better wait until you are sober, Jock?" he replied. "Hoot, mon," said the Scot. "I don't care a d—n about predestination when I'm sober."

GOOD MAIL RECORD

IRETON, Ia., June 26.—Roscoe Morrison, carrier on route No. 1 out of here, never missed a day in making his route through all the bad weather last winter and the muddy roads last spring. This spring he has, in addition to carrying his route, ploughed and planted to corn twenty acres. This he proposes to cultivate without assistance.

Mercenary

A sailor man I would not be
And plow the bounding main.
I'd rather plow a farm, you see,
And bank my worldly gain.

SPEED ON KEYS BRINGS AWARDS TO STUDENTS

Good Records Made In Typewriting Department at High School

The records made in the typewriting department of the Santa Ana high school during the past school term were creditable. Contests were held at various times throughout the school year when each student of typing was tested on speed and accuracy. These tests were fathered by the Remington and Underwood Typewriter companies.

The first test on the Remington typewriter was held in March, at this time ten certificates were won for a net speed of twenty-five words per minute on new material for ten consecutive minutes with not more than five errors. In tests held in April and May sixteen additional certificates were won.

The latter part of May another contest was held when sixteen second Remington test certificates were won for a net speed of forty words or more per minute under same ruling as above.

Tests on the Underwood typewriter were held in March and April when fourteen certificates were won for a net speed of forty words or more per minute.

On June 17, another contest was held. Those having seven and one-half months of typewriting made the following per minute, net, on new material for ten consecutive minutes:

Clara Kellogg, 64; Ruth Walker, 55; Dorothy Duggan, 55; Kathryn Walker, 54; Mary Woodward, 53; Marion Scudder, 52; Marguerite Warne, 51; Catherine Jasper, 51; Martha McCune, 50; Lillian Walker, 48; Alice Wasser, 47; Waive Kingrey, 44; Gladys Swofter, 44; Gailene Finley, 42; Ireta Coulson, 41.

Those having more than one year of typing made the following record:

Isabelle Boyd, 64; Dorothy Whipple, 64; Vera Henrickson, 64; Clara Appuhn, 63; Della Iman, 63; Valeda Willard, 63; Ruth Boose, 60; Clara Sells, 60; Marie May, 60; Blanche Hill, 58; Emma Hardy, 58; Florence Neff, 58; Sylvia Shields, 55; Gladys Shields, 53; Mildred Edwards, 51; Nellie Larson, 50.

This high standard shows that many are eligible for the gold medal contest. This is the third award given by the Remington company for a net speed of fifty-five words per minute net, for ten consecutive minutes, and many are in hopes of winning this next year.

Special mention should be given Malcolm Finley, who has attained a speed of thirty-five words per minute, net, on new matter at the end of three months, having begun his typing March 17.

In the penmanship department of the Santa Ana high school, students who have won penmanship certificates this year:

Gertrude Alton, Glad Dillenbeck, Lena Favro, Glenna Jean Hill, Maydelle Jernigan, Nellie Larson, Rheta Read, Eugene Adams, Cleo Bowers, Kathryn Bexton, Myrtle Camblin, Gertrude Cauthon, Ruth Cope, June Crawford, Marin Golden, Lola Hooe, Eva Iman, Hazel Isenberg, Olive Jiles, Inez Klatt, Anna Klemm, Blanche Lambert, Julia Linsenbard, Myrtle Penn, Inez Pierce, Violet Post, Marion Prang, Helen Reich, Edmund Salter, Harriet Schultz, Ethel Smith, Leona Sproul, Dorothy Stanfield, Alberta Trickey, Beulah Wilson, Helen Young, Esther Zimmerman.

BAND AND PICTURE ENJOYED BY THRONG

Those who did not attend Clune's Theater last night missed a worthwhile show, which will be repeated tonight. It was a combination program without a weak spot, which delightfully entertained the large audience present.

The United States Navy Recruiting Band, under the direction of Chief Bandmaster Thomas J. Kennedy, and a vaudeville entertainment put on by band members was the chief drawing card, although the film, "Crimson Gardenia," by Rex Beach, was an unusually good, strong picture, which opened the program.

Following this was a lengthy film of activities in the navy, accompanied by an explanatory lecture given by Chief Yeoman Howard N. Smith. Many features of navy life and education were shown and these opened the eyes of many present who did not know just what the navy is doing for the youth of the country who enlist.

The vaudeville program was opened by Sailor Williams with a clever hand balancing act. Then came Sailor Dawson with violin solos. He was accompenied on the piano by another member of the party. Sailor Noonan pleased mightily with vocal solos, accompanied by the band, which might have been just a bit softer to suit the singer's voice. A jass selection by five trombones and the band enlivened things some and some excellent classical and other selections were given by the entire band.

William P. Hughes, a survivor of the Jacob Jones, sunk by a Hun submarine, gave a short talk of his experience.

SABBATH SCHOOL IS IMPORTANT DEPARTMENT

Orange County Wide Field For Activities of the Secretary

The Sabbath School is the most important department of the Church, as through it more than three-fourths of the members enter the church. The more efficient the school, therefore, the better will be the results of its work.

The field for a County Secretary for church school work in Orange county is a wide one, and if fully apprehended, appeals to those interested in the work as very important and necessary.

Starting and encouraging in the different communities, activities such as summer reading circles, teacher-training classes, mission study classes, temperance instructions; arranging contests in membership and attainment; forming leagues among the boys and girls; engendering a feeling of fellowship and close acquaintance by acting as a connection among the schools; bringing to the notice of the various schools methods used successfully by the foremost schools of the country, and by those similar to their own; procuring books dealing with the many phases of the work and calling them to the attention of those who ought to know about them; gleaning from every school the best things workable and carrying them even to the remotest schools, these are some of the duties pertaining to the position.

But that is not all. The State Association, with its experts in the work of the different divisions, stands ready to come to us at our invitation, but what is everybody's business is nobody's business in church school work as it is elsewhere. The other counties of Southern California have a right to the service of the State and need them as much as we do, and therefore detail work ought not to be expected of the state office even if it were feasible. Who can do it better than one whose business it is to be acquainted with the requirements and possibilities of the church school in all parts of the country

But even this is not all. An able corps of workers composes the executive force of the County organization. To arrange that these may come into contact with every part of the county through meeting small groups of interested and to-become-interested workers in conferences, who can measure the value of such work?

All this takes money. A man's salary must be paid; to conserve his time to make it possible for him to reach all parts of the county, a machine is required; postage and printing cost; no relief from excessive telephone rates can be expected before the installment of the Mutual; the county must continue to adequately support the State and International Associations. To do all this a minimum budget of $3000 will be required, which will maintain the county association for one year and include the State and International apportionments for 1919.

G. W. KITZMILLER,
County Secretary.

CORNELIUS AND SKIDMORE ARE FOR BONDS

Well Known Men of County Boost For $40,000,000 Issue For Roads

"People are now coming from all over the country to California to drive over our good roads system and enjoy our famous climate and wonderful scenery," declared W. A. Cornelius, deputy revenue collector and owner of the Newport News, in a letter to the Auto Club of Southern California.

Following is his letter and one from Joe Skidmore of Laguna Beach in support of the state bond issue for good roads:

"Irvine, Cal., June 21, 1919.

"Auto Club of Southern California,
"Santa Ana, Cal.

"Gentlemen: The next important matter for the voters to decide on is the proposed bond issue for an addition to the state highway system.

"We should vote 'YES' on these bonds and should consider that when we thus bring added tax burdens to ourselves, that we are going to get value received many times over for whatever the issue costs us in the way of added taxes.

"The proposed state highway extension and the cost incident thereto should be looked upon in the light of an investment in which the element of chance is missing.

"Good roads have never been a failure from an economic or investment standpoint and we would not think of parting with one mile of the good roads we now have.

"People are now coming from all over the country to California to drive over our good roads system and enjoy our famous climate and wonderful scenery.

"Our present roads are the best in the country. Our new extensions will prove as good an investment as were the roads first built by the state and counties.

"New sections will be opened for cultivation and home sites and miles of wonderful scenery in the cool refreshing air of the blue Pacific will be ours with the building of the Coast boulevard, one of the most important links in the new system.

"The day of the electric car with the expensive track and electric pole and wire outlay is past. We have found that passengers and freight can be moved cheaper and more rapidly by automobile. The use of the business and pleasure car and freight and express truck will increase as the electric railway business declines.

"Let us perfect our net work of paved roads. Their use has been apparent in past and their greater need is yet before us.

"Respectfully,
"W. A. CORNELIUS."

Skidmore for Bonds

"Laguna Beach, June 23, 1919.

"Automobile Club of So. California,
"No. 303 No. Main Street,
"Santa Ana, California.

"Attention Mr. M. E. Metcalf.

"Dear Sir: When a man wished recently to comment eulogistically on the place of his residence, Laguna Beach, he defined it as 'the paved part of his thorny path.' Leaving aside the implied compliment to my town, I would particularly draw your attention to the happy comparing of life with a road; one which is either 'thorny' or paved; undesirable or as it should be.

"And that in another sense, materialistic, commercial, if you will, the matter of the condition of roads is something vital—why, my dear sir, that's an axiom. By the way, Friend Metcalf, to save you the time of hunting for a dictionary—axiom is something that requires no further proof.

"In other words, I am heartily in favor of the proposition to vote bonds for the construction of additional 'Good Roads.'

"Very truly yours,
"JOE SKIDMORE."

Christian Brothers from Pacific coast states enter retreat at Berkeley, marking close of spring term of teaching.

STORE CLOSING ANNOUNCEMENT

Beginning Saturday, June 28, the undersigned merchandising establishments will close their places of business on the last day of each week at 6:00 P. M., instead of 9:00 P. M. as heretofore. This new policy will prove of mutual benefit to patrons as well as employes. The shorter day will conserve the strength and energy of employes. It will make it possible for them to render more efficient service to you.

Since the eight-hour law for women became effective, dry goods and apparel houses have experienced endless difficulty in re-arranging working hours for their help. The only possible solution for long-houred days, like Saturday, was to divide the forces into two shifts. This unsatisfactory method resulted in short-handing us on the busiest day. We have attempted to serve a heavy patronage with one-half our regular force on duty at one time. Disappointment, sometimes indignant customers, confusion and a heavy strain were the outcome of this.

Closing on Saturday nights remained the only proper and permanently satisfactory solution. The movement once agitated was quickly subscribed to by the six dry goods and apparel houses below. A full force will be on duty at each of these stores beginning next Saturday. The 6:00 P. M. closing hour will, we are firmly convinced, meet with the hearty and spontaneous approval of every patron. Will you help us make this worthy policy a success by

Interesting Description of an Ex-German Submarine

The following interesting description of an ex-German submarine is clipped from the Avon (Ill.) Sentinel, which was brought to the Register by Mr. Zimmerman.

Lieutenant Stevens, who wrote the article, is well known by Mr. Zimmerman: .

Lieut. Wayne E. Stevens, who is still in the army service doing historical research work in the War College at Washington, D. C., has written a letter to his parents, telling of a recent visit to the U-117, an ex-German submarine, anchored in the Potomac river, near the War College. We take the liberty of printing a portion of the letter:

A few days ago I visited the U-117, an ex-German submarine which is anchored not far from the War College. It was turned over to the allies immediately after the signing of the armistice and is now being exhibited here. It is one of the super-submarines and is credited with having sunk at least twenty vessels, some of them off our Atlantic coast in 1918. You can form some conception of its size when I say that it is 275 feet long and at one time carried a crew of six officers and sixty men. It is the most remarkable vessel I have ever seen. A large part of the hold is a mass of the most intricate and complicated machinery that you can imagine. It is a mass of pipes, speaking tubes, guages, valves, dials, indicators, levers, wheels, etc. There is a passage way through the hold barely large enough for one person. I was talking with a friend of mine who draws special designs for the war department and I asked him whether he had ever seen such a complicated mechanism. He said he never had. It is a marvellous tribute to German ingenuity. I was particularly interested in the officers' and men's quarters. The men slept in tiny, narrow bunks, arranged in tiers and they must have lived like rats. The officers' quarters are nicely furnished and are fairly roomy; resembling a stateroom in a Pullman car. While I have little sympathy for anyone belonging to the crew of a German submarine, I must say that the men must have led a wretched existence and after seeing the way they must have lived, I can believe almost anything which we are told concerning the state of their morale. I have yet to see anyone who has vitited the U-boat who would like to belong to the crew.

On the deck is mounted a good-sized naval gun, a 4.7-inch, I believe. It must have a very considerable range and penetrating power. It appears larger than some of the guns mounted on the merchant vessels. There are two periscopes, which project upward from the conning tower. They must be almost five inches in diameter at the bottom, narrowing considerably at the top. I am rather skeptical about the stories of some of our men who took pot shots at the periscopes of submarines from the decks of convoys and made wonderful hits. Imagine trying to hit a broomhandle moving through the water at a distance of from a quarter to half a mile! The top of the periscope is very little larger than a broomhandle. At the bow of the vessel are great steel knives which were intended to cut through the allies' submarine nets, which were made of wire cable.

After inspecting the U-boat my impression is that our danger from the German submarine campaign was much greater than was realized at the time. I came across some figures in my work the other day showing that during the war there was destroyed one-half the tonnage which existed in the whole world in 1914. Of course a great deal of it was replaced, but that will give you some idea of what the submarine accomplished. I have also heard two high-ranking naval officers, one of whom had charge of a very important operation in the North Sea, say that the shipping situation of the allies was at one stage almost desperate. I must say that it gave me a safe and comfortable feeling, as well as one of great satisfaction, to see an American flag floating from the German submarine.

The U-boat was the most deadly weapon which the Germans possessed and if they had begun its use at the outbreak of the war and continued without interruption they might have won.

RETURN HEROES AS AMERICAN CITIZENS

Seeks Chance to Square Up With Men Who Fought With Allies

Steps to remedy as speedily as possible the technical loss of citizenship that has arisen because of the impetuous valor of many thousands of American boys have been recently taken by the Bureau of Naturalization of the Department of Labor.

As soon as England entered the world war hosts of American boys were eager to fight the Huns by the side of those nations who championed the democracy of the world. They flocked "over the border" to volunteer in the Canadian companies or sailed across the seas to enlist directly in the armies of the French or the English. Then came an order from the United States to the effect that no United States troops should go to France. In order to be allowed to fight for the just cause they must, technically at least, forfeit their citizenship in this country. As a result of his order 9,000, it is said, became Canadians over night! They won on the battle, but they became men without a country!

While the battle was on, little did they care whether they were formally American citizens or not. The brotherhood of arms was a satisfying one. But, with the signing of the armistice, the thought of home asserted itself. Protests from the boys themselves and from their relatives and friends against this unjust loss of citizenship poured back to the home country. On May 9, 1918, congress attempted to remedy the intolerable condition by amending subdivision 12 of section 4 of the act of June 29, 1906, as follows:

"That any person who, while a citizen of the United States and during the existing war in Europe, entered the military or naval service of any country at war with a country with which the United States is at war, who shall be deemed to have lost his citizenship by reason of any oath or obligation taken by him for the purpose of entering such service, may resume his citizenship by taking the oath of allegiance to the United States prescribed by the naturalization law and regulations, and such oath may be taken before any court of the United States or of any state authorized by law to naturalize aliens or before any consul of the United States, and certificated court or consul to the department of state and the bureau of naturalization."

While this amendment to the naturalization law provides an easy and simple way for the soldier thus expatriated by fortune of war to be repatriated, the bureau of naturalization realized that overseas there was a very general ignorance of its provisions among those who need to take advantage of them. Moreover, delay and inconvenience naturally would result from such a lack of understanding. Therefore, the bureau took steps to smooth the path back to citizenship of these thousands of brave men.

Proper forms were prepared which would enable American consuls in foreign countries to arrange the process so as to cause as little inconvenience and delay as possible. Thirty-five thousand of these forms were printed and sent to the state department to distribute to the consuls. At the same time the widest possible publicity has been given to the matter so no soldier may neglect the opportunity through ignorance.

The bureau of naturalization is determined that these boys shall have their citizenship restored at as early a date as possible; since just such citizens are needed in the reconstruction period. The intention is that, when the transport brings them to their homeland, their first step on American soil may be, as it should be, as citizens of the United States.

OLIVE NEWS BRIEFS

OLIVE, June 27.—Mrs. Anna Reich surprised her friends and neighbors Thursday by quietly slipping away to Santa Ana and being married. The groom is Mr. Robert Reich, a cousin of Mrs. Reich's former husband. He is a widower with three small children.

The news of the marriage leaked out during the afternoon and a pleasant little surprise was planned for the couple when the neighbors gathered, bringing cakes and ice cream, went to the Reich home after the happy family and took them to the Olive hall, where a pleasant evening was spent in dancing and visiting.

Ice cream and cake were served in the dining room, where the tables had been hastily decorated for the occasion in pink and green.

Mrs. Reich's friends are very glad for her and congratulate ehr and also the groom, who is a stranger here, having come from Oregon.

Seventy rare avocado trees were destroyed by fire that started along the Santa Fe right-of-way in Fresno county. One hundred settlers could not save the grove. The trees were in their third year and bearing their first crop.

MIKE TAKES VACATION

GRAND JUNCTION, Colo., June 14.—Mike Dulany, 72 years old, a railroader for a half century and for thirty-one years at the local Denver and Rio Grand blacksmithing department, got a three-weeks' leave of absence recently for a visit with "home folks" in Philadelphia, Pa. It is his first vacation in seventeen years.

LEGAL NOTICES

ORDER TO SHOW CAUSE WHY ORDER OF SALE OF REAL ESTATE SHOULD NOT BE MADE.

In the Superior Court of the State of California, in and for the County of Orange.

In the matter of the estate of Simon B. Squires, deceased.

IT IS ORDERED BY THE COURT, that all persons interested in the estate of said deceased appear before the said Superior Court on Friday, the 25th day of July, 1919, at 10 o'clock a. m. of said day, at the court room of said Superior Court, in Department 2 thereof, in the Courthouse in said County of Orange, State of California, to show cause why an order should not be granted to the administratrix of said estate to sell all of the real estate of said deceased as may be necessry.

And that a copy of this order be published at least four successive weeks in Santa Ana Daily Evening Register, a newspaper printed and published in said County of Orange.

Z. B. WEST,
Judge of the Superior Court.
Dated June 27, 1919.

ORDINANCE NO. 642
AN ORDINANCE OF THE CITY OF SANTA ANA, CALIFORNIA, PERTAINING TO THE REGULATION AND USE OF GASOLINE AND PROTECTION OF THE CITY AGAINST FIRE; PROVIDING PENALTIES FOR THE VIOLATION THEREOF, AND REPEALING ALL ORDINANCES AND PARTS OF ORDINANCES IN CONFLICT THEREWITH.

The Board of Trustees of the City of Santa Ana do ordain as follows, to-wit.

Section 1. It shall be unlawful for any person, firm, corporation, owner, lessee, or occupant to burn rubbish, waste-paper, rags, excelsior, straw, grass, weeds or any other inflammable or combustible material within Fire District No. 1.

Section 2. It shall be unlawful for any person, firm, corporation, owner, lessee or occupant to burn rubbish, waste paper, rags, excelsior, straw, grass, weeds or any other inflammable or combustible material within the corporate limits of the City of Santa Ana, California, at any other time than between the hours of six o'clock a. m. and ten o'clock a. m. and then only at a distance of 15 feet from any building or other combustible structures.

Section 3. It shall be unlawful for any person, firm or corporation as owner, agent, tenant, lessee or occupant of any building or any lot, within the fire limits of the City of Santa Ana, California, to permit rubbish, waste paper, straw, rags, excelsior or junk or any other waste or inflammable or combustible materials to accumulate upon any roof, or in any room, basement, hall, closets or light wells of any building, or to permit dry weeds or grass or other rubbish to accumulate on any lot or premises nearer than 10 feet of any building or other structure within the fire district.

Section 4. It shall be unlawful for any person, firm or corporation to maintain or conduct any store, wherein any goods, wares or merchandise composed of combustible materials are kept or offered for sale, unless there is maintained unobstructed aisles not less than four (4) feet wide from the front entrance to rear exit, together with sufficient cross aisles not less than three (3) feet wide each, so as to provide ample passageways therein, provided further that said goods, wares and merchandise shall not be piled up nearer the ceiling of said store room than three (3) feet.

It shall be the duty of the chief of the fire department or his assistants to notify in writing the owner, agent, tenant, lessee or occupant of such building, lot or premises in or upon which such accumulations are found to remove same forthwith and the person or persons receiving such notice shall within 12 hours after receiving the same, comply with the requirements thereof.

Section 5. Provided further, that no person or persons shall make or cause to be made any open fire for burning rubbish or weeds or combustible material on any streets, alleys or sidewalks within the City of Santa Ana, California. Provided further, that no pumps or other devices for handling gasoline, petroleum, crude oils or other oils shall be installed or used on any street or sidewalks within the City of Santa Ana, California, unless specific permission shall have first been obtained from the Board of Trustees of the City of Santa Ana, California.

Section 6. Regulating the construction and use of buildings occupied as garage, clothes cleaning establishments and the storage and use of gasoline in connection therewith.

Definitions and miscellaneous provisions:

The following terms shall have the following meaning in this Ordinance, to-wit:

(a) "Chief of fire department" means chief of the fire department of the City of Santa Ana, California, or any one of his assistants.

(b) "Appproved" means approved by the chief of the fire department.

(c) "Gasoline" means any product or any hydro-carbon liquid that will flash or emit an inflammable vapor below the temperature of one hundred and ten (110) degrees Fahrenheit.

(d) An "automobile" is any motor vehicle using gasoline or distillate for generating motive power.

(e) A "public garage" is a building where motor vehicles are kept, or stored or where a charge is made for use or storage of automobiles.

(f) A "private garage" is a building where an automobile or automobiles are kept for private use only and not rented nor hired out to the public nor any charge made for keeping the same.

(g) "Private Garages" where more than two automobiles are kept or stored shall be subject to the same requirements as specified for public garages.

(h) A "Garage" shall include both a public and private garage.

(i) "Clothes cleaning establishments" shall mean any building or premises where more than one (1) quart of gasoline is kept to be used for cleaning or renovating any clothing or articles of wearing apparel or fabric of any kind including dye works and tailor shops.

(k) "Standard test" means will not flash or emit an inflammable vapor below one hundred and ten (110) degrees Fahrenheit, the fire chief shall determine the flashing point.

(l) The provisions of this Ordinance shall apply to buildings now existing as well as any hereafter constructed.

Section 7. Garages, filling stations, clothes cleaning establishments:

(a) Permits. It shall be unlawful for any person, firm or corporation hereafter to conduct or maintain any garage, filling station, or clothes cleaning establishment without first obtaining a permit therefor from the Board of Trustees of the City of Santa Ana, California. The application for a permit shall be in writing and shall specify the name of the permittee and the location of the premises to be used as an automobile garage, filling station, or clothes cleaning establishment, and the amount of gasoline that may be stored in said premises. No gasoline shall be kept or stored in or about any garage, filling station or clothes cleaning establishment, except as authorized by such permit, and provided for in this Ordinance.

(b) Protection. 1. There shall be in every public garage and clothes cleaning establishment one chemical fire extinguisher of not less than three gallons each where the floor space is less than one thousand square feet, and one additional chemical fire extinguisher for each additional 1000 square feet of floor space or fraction thereof.

2. Every public garage shall also have on hand at all times at least two hundred pounds of clean sand with one hand scoop in each barrel or box of sand to be placed in different parts of main floor and repair shop, if any, such sand when saturated with oil or gasoline shall be removed from the building. The use of sawdust for absorbing oils in any garage shall be prohibited (except for sweeping only).

(d) Regulations for automobile garage and clothes cleaning establishments.

Every garage and clothes cleaning establishment must at all times conform to the following regulations:

1. No gasoline shall be allowed to remain in any open can or open receptacle of any kind in or about the garage or clothes cleaning establishment.

2. No gasoline shall be put into or taken out of any automobile where there is an open light, or when the engine is in momentum.

3. No stove, forge, torch or other flame or fire shall be permitted in any garage, except in the office, retiring room or repair shop.

4. All lighting shall be by incandescent electric lights.

5. No smoking shall be allowed inside of any clothes cleaning establishment. A notice, in large letters, "No Smoking" shall be displayed in a conspicuous place and manner on the floors and at all entrances to any clothes cleaning establishments.

6. Handling Gasoline. Gasoline up to twenty-five gallons in amount may be kept inside of a garage and one gallon in any clothes cleaning establishment; provided that they are kept in safety metal containers.

7. Gasoline may be kept in approved portable filling tanks inside of a garage. No such filling tank shall have a capacity to exceed fifty (50) gallons. Every approved portable filling tank shall be mounted on an metal wheels with rubber tires and shall be equipped with an approved pump fitted with hose attachment not to exceed eight (8) feet in length with shut-off nozzle. The gasoline shall be pumped into the reservoirs of the automobile from such approved wheel tanks. Such portable wheel tanks when not in use must be kept near the entrance of the building.

8. Storage of Gasoline. Except as hereinafter provided, all gasoline other than that contained in the tanks of automobiles shall be kept in underground tanks in accordance with the following specifications:

(1) No single tank shall have a capacity of more than three hundred (300) gallons of gasoline.

(2) All gasoline storage tanks shall be constructed of at least 12-gauge galvanized steel or one-quarter (¼) inch black open hearth stock. Provided tanks less than 300 gallons may be constructed of less than ¼" steel.

(3) All tanks made of galvanized steel shall be carefully riveted and soldered. All tanks made of black steel shall be carefully riveted and calked.

(4) All tanks shall be coated on the outside with asphaltum or other rust-resisting material.

(5) There shall be no openings or connections of any tank except on the top thereof, and no tank shall be connected either directly or indirectly with any drain, catch basin, public or private sewer.

(6) All tanks shall be underground, outside of any building, in the yard, or under the sidewalk as near the curb line as possible, or under a public alley. The top of the tank shall be four (4) feet below the surface and entirely surrounded by not less than five (5) feet of earth and shall rest upon an earth foundation.

(7) Where the space under the sidewalk is excavated for use as part of basement, tanks shall rest on earth, with no floor underneath, and shall be surrounded on the sides with a concrete wall not less than twelve (12) inches thick, extending from the base of the excavation to four (4) feet above the top of the tank. The space between the top of the tank and the top of the wall shall be filled with earth, and the earth covered with at least three (3) inches of concrete.

(8) Where more than one tank is installed, the tanks shall be separated by at least twelve (12) inches of earth, all well tamped in place. The top of every tank shall be below the level of the lowest pipe line in the building used in connection with the equipment, not to have connection with each other.

(9) No storage tank shall be covered with earth until an inspection has been made and approval in writing signed by the chief of the fire department.

(10) Any storage tanks shall be provided with one (1) inch diameter galvanized iron vent pipe, same to be connected to top of the tank. This vent pipe shall be carried up at least twelve (12) feet above the ground level and terminate in a double goose-neck spark protector, the openings of which shall be covered with brass or copper wire screen of at least thirty (30) mesh. This vent pipe shall be placed on a dead wall as remote from windows and doors as possible, and shall be attached to wall with pipe hooks and kept firmly in place.

(11) All storage tanks shall be filled only from a tank wagon and in the daytime. In no case shall any tank or drum of gasoline, empty or otherwise, be allowed in or about any garage.

(12) Filler pipes shall be made of galvanized iron piping, which pipes shall enter at the top and extend to the bottom of the tank. The upper end of such filler pipe must terminate in a screw cap securely locked.

(13) When filler pipe runs to sidewalk or to alley or to other public highway, it shall terminate in a screw cap securely locked, and be protected by a cast iron filler box, which shall be flush with the sidewalk or alley of the highway.

(14) All pipes shall be galvanized and put together with litharge and glycerine.

(g) Pumps. Gasoline shall be drawn from storage tanks only by automatic closing valve pumps. Such pumps must be located above the top of the tanks.

Section 8. Chief of Fire Department and Assistants to enforce this Ordinance and have access to all buildings, for the purpose of enforcing this Ordinance, and ascertaining whether the provisions of the Ordinance are complied with. It shall be unlawful for any owner or occupant of any building or premises to refuse, or interfere with the entrance to any building or premises by the Chief of the Fire Department or any of his assistants for the said purposes.

Section 9. Any person, firm or corporation or any employee, owner, agent or representative of any person, firm or corporation, violating any provisions of this Ordinance shall be guilty of a misdemeanor, and shall be punished by a fine not to exceed fifty dollars, or by imprisonment in the city jail not to exceed 15 days, or by both such fine and imprisonment. Each day of violation of any of the provisions of this Ordinance shall be a separate offense.

Section 10. All Ordinances or parts of Ordinances to the extent that the same conflict herewith are to that extent hereby repealed.

Section 11. The City Clerk shall cause this Ordinance to be published three times in the "Santa Ana Daily Evening Register," a daily newspaper, printed, published and circulated in said City of Santa Ana, California, and thirty days thereafter it shall take effect and be in force.

The above Ordinance was passed and adopted and approved this 23rd day of June, 1919, by the following vote, to-wit:

Ayes: Trustees Tubbs, Chapman, Dale and Greenleaf.

Noes: Trustees, none. Absent, President Mitchell.

W. A. GREENLEAF,
President pro tem. of the Board of Trustees of the City of Santa Ana, California.

Approved this 23rd day of June, 1919.

W. A. GREENLEAF,
President pro tem. of the Board of Trustees of the City of Santa Ana, California.

ATTEST: I hereby certify that the above Ordinance was passed and adopted by the Board of Trustees and signed and approved by its President at its meeting held on the 23rd day of June, 1919.

(SEAL) E. L. VEGELY,
City Clerk and ex-Officio Clerk of the Board of Trustees of the City of Santa Ana, California.

(SEAL) E. L. VEGELY,
City Clerk and ex-Officio Clerk of the Board of Trustees of the City of Santa Ana, California.

RESOLUTION NO. 624
A Resolution of the Board of Trustees of the City of Santa Ana, California, Declaring Its Intention to Fix the Grade of Grand Avenue from Fourth Street on the South to Santa Clara Avenue on the North, and also that Portion of Santa Clara Avenue from the West line of Grand Avenue on the West to a point 498.50 feet East.

The Board of Trustees of the City of Santa Ana, California, do resolve and declare as follows:

Be It Resolved, that it is the intention of the Board of Trustees of the City of Santa Ana, California, to order the following street work to be done and improvement to be made in the city of Santa Ana, California, to-wit:

1st. To fix the official grade of Grand Avenue, the same being a public street in the City of Santa Ana, California, from the center line of Fourth Street on the South to the center line of Santa Clara Avenue on the North.

Section 1. That the grades established thereon shall determine the distance in feet of the designated point and the intervening space on a straight line between said points above the datum plane as said datum plane is established by Section 1 of Ordinance No. 58 and amended by Ordinance No. 571, adopted and approved by the Board of Trustees of the City of Santa Ana, California.

Section 2. At the intersection of the center line of Grand Ave. produced with the center line of Fourth street 136.65 feet above the datum plane.

Section 3. At the intersection of the center line of Grand Avenue with the center line of Central Avenue 142.30 feet above the datum plane.

Section 4.—At the intersection of its center line with the center line of Fruit St. on the West 145.80 feet above the datum plane.

Section 5. At the intersection of its center line with the center line of Fruit St. on the East 146.40 feet above the datum plane.

Section 6. At the intersection of its center line with the center line of Grace St. 150.10 feet above the datum plane.

Section 7. At the intersection of its center line with the center line of Washington Avenue 151.30 feet above the datum plane.

Section 8. At a point on its center line 660 feet North of the said center line of Washington Avenue 155.00 feet above the datum plane.

Section 9. At the intersection of its center line with the center line of Seventeenth Street 159.80 feet above the datum plane.

Section 10. At a point on its center line 1000 feet North of the said center line of Seventeenth Street 165.80 feet above the datum plane.

Section 11. At a point on its center line 1000 feet South of the intersection of its center line with the center line of Santa Clara Avenue 170.80 feet above the dictum plane.

Section 12. At a point on its center line 500 feet South of the intersection of its center line with the center line of Santa Clara Avenue 174.30 feet above the datum plane.

Section 13. At the intersection of its center line with the center line of Santa Clara Avenue 175.60 feet above the datum plane.

2nd. To fix the official grade of Santa Clara Avenue from the West line of Grand Avenue on the West to a point 498.50 feet East on said Avenue.

Section 1. That the grades established thereon shall determine the distance in feet of the designated point and the intervening space on a straight line between said points above the datum plane as said datum plane is established by Section 1 of Ordinance No. 58 as amended by Ordinance No. 571 adopted and approved by the Board of Trustees of the City of Santa Ana, California.

Section 2. At the intersection of its center line with the center line of Grand Avenue 175.60 feet above the datum plane.

Section 3. At a point 438.50 feet East of the intersection of its center line with the center line of Grand Avenue 178.40 feet above the datum plane.

Notice is hereby given, that on the 28th day of July, 1919, at the hour of 7:30 o'clock p. m., in the Council Chamber of the City Hall, in the City of Santa Ana, California, the Board of Trustees of the City of Santa Ana, California, will hear any and all persons having objections to the proposed work or improvement and they may then and there appear before said Board and show cause why said proposed improvement should not be carried out in accordance with said Resolution, or they may likewise then and there appear and make protest against the proposed work or the manner in which the same is being performed or in any manner pertaining to said work or improvement and show cause why said proposed improvement should not be carried out in accordance with this Resolution.

The City Clerk shall cause this Resolution of Intention to be published three times in the "Santa Ana Daily Evening Register" a newspaper of general circulation in the City of Santa Ana, California, which paper is hereby designated for this purpose by the aforesaid Board of Trustees of said City.

The Street Superintendent shall cause to be conspicuously posted along the line of said contemplated work and improvement and in front of all the property liable to be assessed for the payment of same or affected in any manner by said improvement notices of the passage of this Resolution of Intention in the manner and form required by law.

All the herein proposed work to be done in pursuance of an Act of the Legislature of the State of California and designated the Improvement Act of 1885, approved March 18, 1885, and amendments thereto.

The above Resolution was passed and adopted this 24th day of June, 1919, by the following vote, to-wit. Ayes, Trustees Chapman, Dale and Greenleaf Noes, Trustees, none.

Absent, President Mitchell and Trustee Tubbs.

W. A. GREENLEAF,
President Pro Tem of the Board of Trustees of the City of Santa Ana, California.

Attest:
E. L. Vegely, Clerk.

ORDINANCE NO. 162
AN ORDINANCE PROVIDING FOR THE LEVY AND COLLECTION OF AN ANNUAL TAX, SUFFICIENT TO PAY THE PRINCIPAL AS IT FALLS DUE AND THE INTEREST ON THE BOND ISSUE OF FIVE HUNDRED THOUSAND DOLLARS ISSUED FOR THE IMPROVEMENT, DEVELOPMENT AND PROTECTION OF NEWPORT HARBOR, WITHIN THE COUNTY OF ORANGE.

The Board of Supervisors of the County of Orange do ordain as follows:

Section 1. Whereas, there was a special election held throughout the County of Orange, State of California, on the 10th day of June, 1919, for the purpose of voting bonds for the improvement development and protection of Newport Harbor, within said County of Orange, to the amount of Five Hundred Thousand ($500,000.00) Dollars, to-wit, Five Hundred Bonds, of the denomination of One Thousand Dollars each, payable within twenty-six years, to-wit: One-twenty-fifth part of said bonds payable on the first day of September, 1920, and one-twenty-fifth part of the total amount of said bonds payable on the first day of September of each succeeding year thereafter until all of said bonds are paid, principal and interest payable in gold coin of the United States at the office of the treasurer of the County of Orange in the City of Santa Ana, County of Orange, State of California, and which bonds draw interest at the rate of five per centum per annum, payable semi-annually, and

Whereas, after a canvass of the returns of said special election, as and in the manner provided by law, the Board of Supervisors of the County of Orange, State of California, did duly declare that at said election said bonds, for the purposes aforesaid, did receive, upon the proposition voted upon for the issuance of said bonds more than two-thirds of al lof the votes cast at said special election and further declared said bonds to have duly carried and it being necessary in order to carry out the purposes for which said bonds were voted and issued and do conform to the provisions of the Constitution of the State of California, and the statutes in such cases made and provided that provision be made for the annual collection of a sufficient tax to pay the interest on said bonds and such portion of the principal thereof as shall become due from year to year as provided in the resolution calling said election and the proclamation and notice of said election; and none of said bonds having been sold or delivered and said Board of Supervisors being about to cause the same to be sold, issued and delivered;

Section 2. IT IS NOW, by the said Board of Supervisors, and the said Board of Supervisors of the County of Orange, before issuing and selling said bonds, do ordain as follows:

That the said Board of Supervisors of the County of Orange, at the time of making the next general tax levy after incurring the bonded indebtedness aforesaid, and annually thereafter until all of said bonds and the interest thereon shall have been paid, shall levy and cause to be assessed and levied upon the taxable property of the County of Orange, taxable therein for County purposes, in addition to the levy authorized for other purposes a sum sufficient to pay the interest on the indebtedness evidenced by said bonds as the same falls due and shall also at the time of making the next general tax levy, after incurring the bonded indebtedness aforesaid, and annually thereafter levy and cause to be levied and assessed upon taxable property of the county of Orange, in addition to the levy authorized for other purposes, and in addition to the levy necessary to pay the interest aforesaid, a sum sufficient to pay such portion of the principal of said indebtedness so evidenced by said bonds as become due on the first day of September, 1920, and on the first day of September of each year following, as provided in the resolution calling said election and the proclamation and notice thereof and in the resolution of said Board prescribing the form of said bonds until all the principal of said bonds is fully paid and satisfied and all moneys arising from such levy so made shall be used for the payment of said interest and bonds as they respectively become due and for no other purpose whatever, and the same shall constitute a sinking fund for the payment of said principal and interest before maturity as they respectively become due.

Section 3. Said tax when collected shall be paid into the treasury of the County of Orange and used solely to pay the interest and principal of said bonds as they respectively become due.

Section 4. This ordinance shall take effect thirty days from and after its passage and before the expiration of fifteen days from and after its passage, the same shall be published with the names of the members voting for and against the same for at least one week in the Santa Ana Daily Evening Register, a newspaper of general circulation printed, published and circulated in the said County of Orange.

T. B. TALBERT,
Chairman of the Board of Supervisors of Orange County, California.
(SEAL)
Attest:
J. M. BACKS,
County Clerk and ex-Officio Clerk of the Board of Supervisors of the County of Orange.

State of California,
County of Orange, ss:

I, J. M. Backs, County Clerk of the County of Orange, State of California, and ex-Officio Clerk of the Board of Supervisors thereof, do hereby certify that at a regular meeting of the Board of Supervisors of said County of Orange, held on the 21st day of June, 1919, at which meeting there were present Supervisors T. B. Talbert, Chairman; S. H. Finley, H. A. Wassum, Wm. Schumacher and N. T. Edwards, and the Clerk, the foregoing Ordinance, consisting of four sections, was considered Section by Section and each Section separately adopted, and that said Ordinance was then and there passed and adopted as a whole by the following vote, to-wit:

AYES: Supervisors Finley, Wassum, Schumacher, Edwards and Talbert.

NOES: Supervisors, none. Absent, none.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the seal of the Board of Supervisors of the County of Orange, this 21st day of June, 1919.

(SEAL)
J. M. BACKS,
County Clerk County of Orange and ex-Officio

SOUTHERN CALIFORNIA

SOUTH PASADENA, June 27.—T. F. Smith, of 1015 Monterey road, community Y. M. C. A. secretary, has plans under way for a summer camp at Catalina Island for the boys of South Pasadena, the dates being from August 28 to September 9.

LOS ANGELES HARBOR, June 27.—The captured German submarine, U-88, now on a tour of Mississippi river ports, is to be dismantled and scrapped in San Pedro, a telegram from Memphis, Tenn., received here yesterday, announced. The boat will sail through the Panama Canal and visit all Pacific coast ports, before being returned here.

PORTERVILLE, June 27.—According to a report to E. V. Smalley, district game warden, the success of the state fish hatchery on the Kaweah river is assured, a hatch of 400,000 fry having been completed under conditions which show the aerification and temperature of the water in that stream to be ideal.

IMPERIAL, June 27—John Rollins, a middle-aged laboring man, was sentenced to spend thirty days in the county jail for setting fire to the bedding in the city jail here Monday evening. Rollins had been drunk from Jamaica ginger, containing 90 per cent alcohol.

PORTERVILLE, June 27.—Feed for pack animals in the upper mountains is said to be somewhat shorter than usual this season, due in part to increased number of stock being grazed in the Sequoia National Forest and other parts of the Sierras. As a result travel by campers is a matter of more than ordinary difficulty.

LOS ANGELES, June 27.—A new process for paving highways, that of mixing sulphate of copper with asphalt is being tried out by the county it was announced yesterday by County Road Commissioner Joyner. The county will soon have completed a mile strip of road over Nigger Slough paved with this material. According to Joyner the process is 25 per cent cheaper than concrete paving and about 10 per cent cheaper than macadam paving.

LONG BEACH, June 27.—Plans of the Syd Chaplin Aircraft Corporation to make Long Beach its terminal in flights between the mainland and Catalina Island progressed yesterday with the selection of a landing field and the opening of a ticket office at the Chamber of Commerce. The site was obtained from the Dock and Terminal Company of Long Beach and lies in the harbor district adjacent to the channel.

The owners of 2,000 cows in the Salinas valley intend to invest about $65,000 in a modern plant to manufacture butter, cheese, and powdered milk on the co-operative plan under the name of the Salinas Valley Dairymen's association.

Orchardists about San Francisco have started a drive against the motorists who pilfer fruit from the highways. Mass meetings have been held and arrests made.

Daily trains from Merced are taking up to 100 tourists into Yosemite Valley. This travel is said to have reached its peak.

Eight men and one woman who, it was said, were trying to cause a strike of strawberry pickers at Hood River, Oregon, were put on a train and hastily deported by an organziation of vigilantes formed by the growers.

Delegates from board of trade organizations in British Columbia met at New Westminster to consider clearing and seeding of 400,000 acres of arable, uncleared, uncultivated land, in the Fraser Valley for pasturage.

School teachers of the Napa district have been accorded a raise of $15 a month. The schools will be closed during the prune harvest.

The Testa Cigar Co., a $2,000,000 concern, will establish a big factory at Napa, which will employ 100 girls at first and then increase the number to 300.

Members of the Los Molinos Farm Center have decided to operate a mutual telephone system. Thirty-five membres have guaranteed the cost of installation and operation. They are fighting increased telephone rates recently effective.

Legal Notices

NOTICE OF SALE OF REAL ESTATE AT PRIVATE SALE

In the Superior Court of the State of California, in and for the County of Shasta.

In the Matter of the Estate of Austin R. W. Sperry, Deceased.

NOTICE IS HEREBY GIVEN, that in pursuance of an order of the Superior Court of the State of California, in and for the County of Shasta, duly made and given on the 31st day of May, A. D. 1919, in the matter of the estate of Austin R. W. Sperry, deceased, the undersigned administrator will sell at private sale, to the highest bidder for cash, lawful money of the United States of America, and subject to confirmation by said Superior Court, on or after the 30th day of June, A. D. 1919, all the right, title, interest and estate of said deceased at the time of his death, and all the right, title, interest and estate that the said estate has acquired by operation of law or otherwise, other than or in addition to that of the said Austin R. W. Sperry at the time of his death of, in and to that certain lot, piece or parcel of land situated in the County of Orange, State of California, and described as follows, to-wit:

An undivided one-half (½) interest of, in and to the Southeasterly half of the Northeasterly half of Lot 46 in Block 11 of Irvine's Subdivision of the Ranchos San Joaquin, Lomas de Santiago and Flint and Bixby Allotment in the Rancho Santiago de Santa Ana, as per map thereof recorded in Book 1, page 88 of Miscellaneous Record Maps, Records of Orange County, California;

Together with the water rights belonging to said lands, comprising ten (10) shares of stock in the Santa Ana Valley Irrigation Company.

SUBJECT TO EASEMENTS FOR ROAD PURPOSES over the Northeasterly 33 feet and the Southeasterly 33 feet, as shown upon map recorded in Book 5, page 7 of Miscellaneous Records of Los Angeles County, California.

Offers or bids in writing for said real estate in one parcel will be received by said administrator at the office of R. C. Minor, attorney-at-law, rooms 12, 13 and 14 in the Bank of Italy building, Nos. 9-11 North Hunter street, in the City of Stockton, County of San Joaquin, State of California, at any time after the first publication of this notice and before the making of the sale.

Terms and Conditions of Sale: Cash, in lawful money of the United States of America; ten per cent. of bid payable at the time of the sale, balance upon confirmation of such sale by said Superior Court. Deed at expense of the purchaser.

R. C. MINOR and CARR & KENNEDY, Attorneys for Administrator.

FRANK BURTON,
Administrator of the Estate of Austin R. W. Sperry, Deceased.

BILL OF SALE—R. B. McKinney to G. J. Wood et al. Buick car.

SALADS

Potato Salad

Slice and cut in pieces 1 quart of cold boiled potatoes, 1 small onion and 3 hard boiled eggs. Season to taste. Mix together. Use for dressing One-half pint of vinegar sweetened to taste, 1 teaspoonful of mustard, a lump of butter the size of an egg, 1 tablespoonful of cream. Let this come to the boiling point and pour over the ingredients. After stirring well garnish with slices of hard-boiled eggs.

Apple Salad

Use equal parts of tart apples, peeled, cored and sliced, cut celery and chopped nut meats. English walnuts preferred. Use any good salad dressing and mix just before serving.

Chicken Salad

Boil the chicken until it is tender and cut in small pieces; cut also the whites of a dozen hard boiled eggs; add chopped cabbage and celery in equal quantities; pound the yolks of the eggs fine and add 2 tablespoons of sugar and butter, 1 teaspoon of mustard with pepper and salt to taste. Finally, add half a teacup of good vinegar. Mix thoroughly.

(Note: Veal, boiled tender, may be used instead of all chicken meat.)

Fruit Jelly Salad

Make a clean lemon jelly with gelatin as the wrappers on boxes of gelatin instruct, allow to partially cool and pour over any combination of fruits, as grated pineapple, sliced bananas, oranges, grapes or peaches. Pour into molds and set in a cool place to harden. English walnuts, chopped, may be added, if desired. Serve plain or with whipped cream.

Salad Cream

One cup of butter and 1-2 cup of sugar creamed; add 1 tablespoon salt, 1 of mustard, a pinch of cayenne pepper. Then add 4 eggs, one at a time, beating thoroughly. Next add 1 cup of cream, and last 1 1-2 pints of boiling vinegar. Stand over the fire until it approaches boiling point; remove and bottle. It is nice with potato salad.

Salad Dressing

Three eggs, 1 teaspoon flour, 1-2 teaspoon mustard, 1-2 teaspoon salt, 1-2 teaspoon celery seed, 1-4 cup sugar, 1 tablespoon butter (melted), 1-2 cup very mild white vinegar. Beat eggs very light, add sugar and other dry ingredients, then melted butter. Pour this mixture into vinegar, which must be at the boiling point. Stil until thick. Put into sealed jar and thin by adding cream.

The reason we never hear of a self-made woman, says Life, is because she changes the plans so frequently that the job is never finished.

ATTENTION, WALNUT GROVE WOULD-BE BUYERS!
DO YOU REALIZE that now is the very best time to buy a walnut grove? You get the crop, which will soon be gathered, and its a fine one. Prices, too, will be "way up," and give you prompt returns on your investment. Also that there are but very few walnut groves left to buy, and will be fewer soon. There is no safer investment today than a good walnut grove. Come in and let us tell you about those we have; and we have some splendid buys just now; 5, 10, 15 or 20 acres, but not many.
Hankey & Cole, Real Estate
301 N. Main St. Tel. 1218.

PECORD NAMED REFEREE FOR BIG FIGHT

Tex Rickard and Major A. J. Drexel Biddle Will Act As Judges

BY H. C. HAMILTON
(United Press Staff Correspondent)

TOLEDO, O., June 27.—Ollie Pecord, Toledo, was today named referee of the Willard-Dempsey heavyweight championship bout on July 4, and Tex Rickard and Major A. J. Drexel Biddle, the judges, by the army, navy and civilian board of boxing control. Rickard made the announcement here on receipt of a wire from the board at New York. Jack Skelly of Yonkers is the alternate referee and W. Warren Barbour of New York the time keeper.

The two judges will help Pecord if he needs assistance in the giving of a decision if the bout goes the specified twelve rounds, which no one about Toledo thinks it will.

Jack Dempsey expressed himself today as vastly pleased with Pecord as referee. "Give me an honest man who can count ten," he said. "I'll hit Willard early in the scrap and it will be over. All I ask for is that they send a referee in who will not be afraid to start counting the seconds and who will not be influenced by superficial things."

Dempsey's training did not slacken any yesterday, despite assertions made by himself that it likely would. He tied into Jamaica Kid and Bill Tate with such vigor that Jamaica slid to his haunches after one murderous clout on the chin, and Tate entered the ring with the challenger only after a heart to heart talk with Jack Kearns.

Wishes to End Job

Tate has become tired of taking them on the chin, despite his regard for Dempsey, and his feet were itching for a move out of camp.

Jack did slacken a bit on Tate to the extent of letting his jaw alone, but he went after the Texan's stomach for keeps and gave the huge sparring partner a fine afternoon. Jamaica Kid has gained a reputation for handing over some stiff punches for the Dempsey consideration. So much has been made of the fact that he slowed up his punching of the challenger that both men went into the ring yesterday with blood in their eyes. A sharp right cross to the jaw sent the kid down and he was willing to hug the rest of the afternoon.

Tate will stay in camp. He is too valuable to the challenger to allow him to leave. Dempsey will ease up on him and will get sufficient boxing with a man of Willard's size to give him space in reaching the Willard vital spots.

Willard is merely doing a day's work when he steps into the ring. He went through a very tame afternoon yesterday, with the exception of a final two rounds with Walter Monaghan, which were fairly full of action. He stepped ten rounds altogether.

Watching the Scoreboard

Yesterday's hero—Ira Flagstead. In the twelfth the Detroit right fielder singled and drove in the only and deciding tally in the game with Cleveland.

The Cubs and St. Louis wore out nine pitchers in splitting their doubleheader.

Merkle made a triple and three singles out of four times at bat in the first game. In the second he failed to connect in three times up.

By beating Pittsburg, 7 to 0, Cincinnati gained onthe league leading Giants. McGraw's men were idle.

St. Louis nicked Kerr for 15 hits and won, 3 to 2, from the White Sox in thirteen innings.

The first of the series if five games between Washington and Boston went to the Senators by a 3 to 1 score.

SECRETARY DANIELS PLANS VISIT TO L. A.

LOS ANGELES, June 27.—That Josephus Daniels, secretary of the navy, will come to Los Angeles, was definitely settled yesterday when a telegram came from Congressman H. Z. Osborne to the Chamber of Commerce stating the cabinet officer will accept the courtesies of the chamber while in the city. Secretary Daniels will be here some time in August, the date not yet being settled. Official announcement that the secretary will accompany the fleet, stimulated plans for its reception in the harbor.

STRAW HAT TIME

The hot days are here—and it is time to get into a good Straw or Panama hat. We are showing a large variety of styles at prices ranging from

$1 to $5.

SUB CHASERS TO AID FLIGHT OF SEAPLANES

SAN DIEGO, June 27.—Plans for a squadron flight from the North Island Naval Air Station to Santa Barbara, with five seaplanes co-operating with a like number of submarine chasers, were announced here today. The flight will take place Monday. The chasers will be in constant communication with the seaplanes by radio, so that a check can be kept on the progress of each machine. The air squadron will be commanded by Lieut. O. P. Kilmer and Lieut. F. L. Pittman will command the five submarine chasers.

OAKLAND'S TEAM WILL PLAY AT FULLERTON

State Championship Game Scheduled For Tuesday Afternoon, July 1

FULLERTON, June 27.—There is a real treat in store for lovers of baseball and it will be right at home.

Fullerton has won the championship of Southern California and thought they would have to go to Oakland to play the Tech nine of that city for the state championship.

The latter, however, wired that they desired to come to Fullerton for the deciding game and made a proposition which was accepted by the local boys and consequently the game will be staged in Fullerton on the high school grounds next Tuesday afternoon, July 1.

Owing to the fact that a state championship hinges on the game, it has aroused more interest than any sporting event of recent times, and as a result there will undoubtedly be a large representation from all the cities and communities in Southern California present to witness the contest. Not only lovers of the game, but Fullerton people generally who feel proud of the achievement ofthe local boys will turn out en masse.

Coach Culp got busy today immediately after wiring the Oakland boys of the acceptance of their proposition and will have everything in readiness to give the visitors the hottest fight of their career on the diamond.

Fullerton boys are already double champions, they having won the football championship last fall, and should they defeat Oakland they will have three championship scalps to hang on the wall for future high school students to wonder over.

EXONERATE BOXER FOR NOT HELPING VETERANS

SAN FRANCISCO, June 27.—Young France today stands officially exonerated of charges of "running out" of the American Waar Veterans' boxing benefit staged here recently, by the report of Alex Gregzains, matchmaker. According to the report, France was really incapacitated by a bad wrist.

Five other boxers—K. O. Kruvosky, Johnny Ray, Joe Coffey Jimmy Dundee and Joe Coghlan—will probably be barred from all squared circle activities hereafter as the result of the report, which charged them with refusing to take part in the benefit.

"BIG BILL" JAMES IS SIGNED BY OAKLAND

OAKLAND, June 27.—"Big Bill" James, 1914 world's series pitching hero, is signed to pitch the remainder of the season for the Oakland club of the Coast League. He will go to Oroville today to have his tonsils removed and will join the Oaks next week. James is still a member of the Boston Braves. Unable to get into form in the east, he obtained permission from Manager Stallings to sign up for the season with any of the Coast League clubs. All have been after him.

Yesterday afternoon, the Rainiers were kicking the Oaks all around their home lot. James was sitting in the press box. Manager Howard spied him and walked up to the press box.

"I'll take you at your own terms," he said. The deal closed last night.

'Round Coast League Bases

Home runs: Gleichman, Rainiers; Smith, Seals.

Bill Clymer continued his kidding fillibusterer and the Rainiers beat the Oaks out ofthe third straight, 4 to 1.

Baker's lone run won for the Beavers over the Tigers, 1 to 0. Oldham held the Arbuckleites to four hits.

Three runs in the eighth inning broke the tie and won for the Angels over the Senators, 4 to 1.

Fans threw pop bottles at Umpire Redford at Salt Lake; waited for him after the game; Johnson and Byler were thrown off the field; Bill Rumler tumbled over from a heart attack—outside of which, the Seals won the 11 inning game from the Bees, 9 to 6, by the aid of four runs in the last frame.

GOODYEAR WILL USE AIR MESSENGER LINE

LOS ANGELES, June 27.—Big business is adopting the airplane as a messenger and Los Angeles will be the terminal of one of the first of these aerial messenger routes.

It was announced yesterday by Edwin F. Parker, resident manager of the Goodyear Tire & Rubber Company at Phoenix, Ariz., that airplane service will be installed between the company's main office at Phoenix and its cotton ranches at Goodyear and Litchfield. Later in the year quick communication by the same route will be provided between Phoenix and Los Angeles.

Lieut. O. P. Johnson, an American ace, has been appointed manager of the new messenger service.

BRUISES—CUTS

Cleanse thoroughly—reduce inflammation by cold wet compresses—apply lightly, without friction—

VICK'S VAPORUB

New Summer Models For Men and Young Men

IN OUR new Summer models for men and young men there are many new styles in waist-line, slash-pocket suits.

These include all-wool, hard-twisted worsted fabrics—fabrics that are scarce in the Eastern market. The suits are in browns and blues and are of medium weight materials—especially comfortable during warm weather—and they are guaranteed to give satisfaction. There are also some double-breasted suits among this new lot.

Prices $20 to $35.

Straw Hats

There are enough of them here to shelter the city from Old Sol's rays. We think you get a shade the best of it here in quality, style and value in these new straw hats. Every soft and stiff style is shown in sedate or novelty designs. Milans, Sennets, Split Straws, Leghorns, Jap weaves and Panamas—at—

$3 to $7.

Vacation Needs

Suspenders in both the regular and invisible.
Hose Supporters in the best makes including the Boston, Paris and Ivory.
White Trousers in both flannel and Palm Beach. Just the thing for the sea shore.
Suit Cases—a few cases that are very desirable, **$1.50 to $15.00.**
Palm Beach Suits—only a few left. We have priced them for quick selling—**$13.50.**
Silk Shirts in all the new stripes—all late styles—**$4.00 to $6.50.**
Negligee Shirts in the new styles and fabrics, some with soft collars, **$1.00 to $1.50.**
Underwear—Balbriggan 2-piece, B. V. D.'s, Poros-knit, Union Suits, Pajamas.
Hosiery in Silk Lisle and Cotton.
Neckwear in all the newest spring styles, **50c to $1.00.**
Handkerchiefs of good quality linen at reasonable prices.

A Tailored Suit is Best

A nice tailored suit that is made to your order—one that fits you perfectly—will be a credit to you.

The suits that we make are perfect in fit—style—and fabric. We will be glad to show you our new line of Summer goods. Prices range from **$30 to $50.**

Summer Suits for Boys

We have an especially strong line of boys' suits, good all wool fabrics with plenty of style and wearing qualities. Our boys' suits are reinforced wherever the wear requires extra strength. **Boys' Suits,** some with two pair of pants, **$6.50 to $12.50.**

THE WARDROBE

B. Uttley, 117 East Fourth Street.

READY FOR IT

"Yes, grandma," said the fair young thing, "I am to be married."

"But, my dear," asked the old lady earnestly, "you are very young. Do you feel that you are fitted for married life?"

"I am being fitted now, grandma," explained the prospective bride, sweetly. "Seventeen gowns and three costumes."—London Answers.

HOW THEY LOVE

Alice—And so I refused him on the ground that I am too young to marry.

Marie—Oh, you clever girl! Who would have thought of that excuse from you?—Boston Transcript.

His Daughter's Voice

"What were you teaching Gwendolyn?" asked Mr. Cumrox.

"The natural scale," answered the teacher.

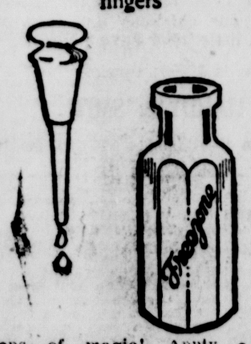

"I suppose you know. But it didn't sound natural to me."

OUCH! CORNS!

LIFT CORNS OFF

Doesn't hurt a bit to lift that sore, touchy corn off with fingers

Drops of magic! Apply a little Freezone on that bothersome corn, instantly that corn stops hurting, then you lift it off with the fingers. No pain at all! Try it!

Why wait? Your druggist sells a tiny bottle of Freezone for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without soreness at all.—Adv.

SMALL BOY WITH MATCHES SETS BARN AFIRE

Large Structure and Twelve Tons of Hay Go Up In Smoke

FULLERTON, June 27.—A five-year-old boy and a match caused the destruction of a large barn, twelve tons of baled hay, several cords of valuable stove wood, some farm implements, harness and several things of lesser value when the barn on Dr. Robert S. Rendall's ranch on East Orangethorpe avenue burned to the ground while a couple of hundred persons, men and women, stood by perfectly helpless, and watched the blaze.

Joseph Hill, son of Mr. and Mrs. R. S. Hill, who reside on the ranch, is the youngster who lighted the match—he said so himself—and started a small fire in some rubbish near the barn. He is a bright little chap for one of his years, and when the sparks set the barn on fire he ran to the house and called to his mother to "come and see the barn—I set it on fire."

When Mrs. Hill reached the barn the flames were raging furiously, having caught in the hay. She attempted to extinguish the blaze, but soon learned that her efforts were fruitless, after which she tried to call the Fullerton fire department, but for some reason she was unsuccessful.

Finally William Winters, who lives across the avenue on another ranch, saw the fire and notified the department. A hurried run was made by the fire boys, followed by dozens of persons in automobiles, all anxious to render any assistance possible, but they were helpless.

M. V. Tremain, Osteopath, Tues. & Fri.

ODD NEWS NOTES

ATLANTIC CITY, N. J.—Too many back to nature sights on the beach, police said in directing girls to don regular stockings and hitch up their shoulder straps.

MORRISTOWN, Pa. — The meanest thief local police have been asked to apprehend is the one who stole white crepe from a door here.

Did Him a Favor

"Sir, this is a golden opportunity. Small investment, no risk, and enormous returns absolutely sure."

LIBERTY CYANIDE

For Making

LIQUID GAS

FOR CITRUS TREE FUMIGATION

Our plant is nearing completion and will be ready to make liquid gas in any amount required. As previously stated, we have made connections with the American Cyanamid Company of New York, which is going to furnish us with cyanide for our entire output of gas this season. Advices just received from factory enable us to quote 60 cents today, at the plant of Azusa. Reduction of 5c per lb. We will contract to do this in any quantity, and the quality will be guaranteed under state inspection to be 96.98 per cent pure. Containers for same will be sold to you at the plant, at cost. Pumps will be about the same price as last year. Delivery has been arranged for at a price which will cost much less than you can afford to haul the same for, and this delivery is guaranteed to be satisfactory.

This gas is made under our patents granted by the U. S. Patent Office, and our improved methods and enlarged plant, built under specification of the most skilled engineers and chemists employed by the American Cyanamid Company, make it possible to render you the service that you will require, and our guarantee is backed by them.

We invite you to the plant at any time, and will be glad to show you its workings.

SOW PLANTS TO PUT NITROGEN INTO SOIL

Advice Is Given That Legumes Be Used to Replenish Poor Land

The call is now for progressive agriculture. It is no longer the number of acres a person farms, but the number of sacks, bushels, tons, etc., one gets per acre. This naturally calls upon the soil to perform a larger contract than it once ha dto fulfill.

Our farm lands slowly become incapable of supporting the crops demanded of them. The nitrogen supply in California lands is rapidly coming to be a serious problem. The continued farming of grain lands; the disregard of the necessity of crop rotation; the careless methods of plowing and cultivation; failure to select good seed and the ignorance of the physical condition of the land to be farmed are in reality crimes to be charged against a great number of our farmers.

This loss in fertility in worn-out farms is due, doubtless to a number of factors, but the loss of nitrogen is a frequent one. All over the agricultural world it has been found necessary to replace this lost nitrogen in the soil.

The few large deposits of nitrogen in the world are being rapidly exhausted. The recent war in Europe took an immense toll in our nitrate supply. Clearly enough, the supplying of the lost nitrogen will become more and more expensive as the nitrogen stores are used up. The seriousness of the problem of a constant draining of the nitrogen from the soil has been quite prominent in the minds of chemists and agriculturists, as they have learned in the last few years the significance of nitrogen for agriculture.

Replenishing the Supply.

The continuation of agriculture depends upon the existence of some means of reclaiming the nitrogen from the atmosphere for the use of plants.

The sole store of phosphorous, potassium, calcium, magnesium, iron and sulphur is in the soil. The great natural store of nitrogen, however, is in the air. Every farmer who owns an acre of land owns 35,000 tons of nitrogen. It is not directly available as a fertilizer, for unlike that in the soil, it is not combined with other elements. Nature has so arranged things that whereas the farmer loses his capital of nitrogen from the soil more rapidly than that of other elements, he has also been provided with means by which he can be compensated for this loss by drawing on the great reserve supply in the air.

In doing this he must rely on some plant of the legume family, such as alfalfa, beans, peas, clover, vetch, etc., and the bacteria have the power to enter and produce nodules or tubercles on the roots of these legumes.

As soil builders and cultivators, the legumes work by growing large, deep, penetrating roots that cultivate the sub-surface better than any tool can be made to do; by adding to the vegetable matter in the soil by the decay, and absorption of the roots; and through the bacteria that fix the nitrogen and add to the humus. This is now known to be a proven fact.

Over 20,000 successful farmers in California are using the legume process. It is only the skeptical who loses now, for the reason that he does not keep up with progressive farming. The old time "steam roller' soon gets him.

The new slogan should be "plant legumes." Use them as cover crops, as comparison crops, or as standard crops and insure your land against denitrification; as a cover crop by planting worn-out grain lands and orchards to clover or vetches and while plowing them under while green; as companion crops by sowing wheat, barley or oats with vetch or Canadian peas; by sowing corn and cow peas in the same row at the same time for ensilage; by planting cow peas between the rows at the last cultivation of corn, tomatoes, sunflowers, etc., if for grain; as a standard crop by sowing the legumes alone under proper conditions and afterward taking proper care of the crop.

UNIVERSITY OFFERING PHOTOGRAPHY LESSONS

Those who have ever bought a camera or yearned to buy one may have their enthusiasm revived when they learn that the art of photography is to be taught this year by the University of California in its summer session in Los Angeles. This will be the first time this field has been entered by the great western universities and the recognition of the place of photography in the world of today is gratifying to those interested in it either as a vocation or as an avocation.

Miss Margaret Craig of Los Angeles, sister of Marion Craig Wentworth, the well-known author, has been chosen by the authorities of the university to take charge of the course on account of her thorough training both in the general field of art and in photography. She will throw light on all the mysteries of the dark room, and inform the curious when it is proper to say "Look pleasant, please." One important feature of the course will be instruction in the taking of photographs for publication.

Both the commercial and art fields are to be treated by Miss Craig, and she will teach the photography of landscape, architecture, illustration, and portraiture.

This is one of the many modern courses given in the University of California's summer session in Los Angeles which will open at the Los Angeles State Normal School on June 30 and remain in session for six weeks.

The California Peach Growers have announced a new grade peach for this season, known as the "bakers' special," with an opening price of 17 1-4 cents a pound.

CAPITAL WILL GET GREAT ART MUSEUM

WASHINGTON, June 27.—Washington, with a governmental national gallery of art, promises to boast soon the biggest art museum in America.

Work on the Freer building of the Smithsonian Institute which was halted during the war, has been resumed and the building will be completed in September, officials say.

This new institution will carry a complete line of Oriental exhibits and will be presented to the National Art Museum by Charles L. Freer, of Detroit. Freer, himself for twenty-five years an ardent collector of Oriental art masterpieces, has already deeded his collection of 6,200 pieces to the new gallery.

Representative Hicks, New York, also would like to make Washington the center of a museum of history and art, in memory of Theodore Roosevelt. He has introduced a bill in congress, appropriating $5,000,000 for the erection of an institution of this character.

This bill, however, has been referred to the committee on public buildings and grounds and probably will not come up again until the fall.

FRIENDS AMAZED AT HER BIG CHANGE

Denver Nurse Declares Tanlac Ended Her Troubles—Glad to Recommend It

"Tanlac was just what I needed, for it has certainly put an end to my troubles and built me up until my friends are amazed at my improvement," said Miss Mary G. Hollister, a nurse of many years' experience, who has a wide circle of acquaintances in Denver, Colorado, residing at 1433 Ogden street, that city.

"For several months," she continued, "I suffered from a disordered condition of my stomach that worried me night and day. My appetite failed and what little I forced myself to eat soured and formed gas that caused me much distress. My back hurt right between my shoulders as though I had rheumatism and I was so restless at night that I could hardly sleep. I felt so weak and rundown and had so little energy that my work became a task.

"The medicine I took did me no good and when I heard about Tanlac I decided to try it. Positively it seemed to go right to the seat of my trouble and soon I began to pick up and feel better. My appetite has improved so that I can enjoy all my meals and am never troubled with gas. The pains between my shoulders have disappeared. I get my regular nine hours of sleep every night and I have strength and energy to go right through my work day after day without ever feeling tired or wornout like I used to. Tanlac has done me so much good that I am glad to recommend it to anyone who has troubles like I had."

Tanlac is sold in Santa Ana by Rowley Drug Co., in Fullerton by G. W. Finch, in La Habra by R. H. Rigdon's Pharmacy, in Orange by Dittmer's Mission Pharmacy, in Placentia by A. J. Robinson, in Tustin by Tustin Drug Co., in Brea by Brea Pharmacy, in Buena Park by Regal Drug Co., in Garden Grove by O. H. Anderson and in Laguna by the Laguna Beach Pharmacy.—Advertisement.

PLAN GREAT WALL TO PUSH BACK SEA

LONDON, June 27.—Having successfully assisted in changing the map of Europe, Englishmen are bent on changing the may of England. Under the direction of the board of agriculture, a great scheme of land reclamation has just been started on the Lincolnshire shore of the Wash—that bay on the east coast between Lincolnshire and Norfolk.

For a great many years the sea has been encroaching on the land at this spot, and pessimistic mathematicians have found a glorious pastime in trying to decide just how many years it will take to wash away the whole of England.

Now, however, they are doomed to disappointment, for a body of engineers have decided to build an embankment which will push the sea back, and by this means it is expected to recover about 12,000 acres.

The workmen employed on the job will have an added interest in their work, because it was at this spot that King John (of Magna Charta fame) lost all his jewels and magnificent equipment. English children are taught at school that King John was crossing this particular stretch of country with his jewels, money, and most of his portable possessions, when the sea rushed in and swept them all away.

So now an army of demobolized and discharged soldiers and sailors are attacking the job, some of them not so intent on pushing the sea back as in finding the baubles.

It is expected that the new county thus reclaimed will be known as "Victoria County."

Tomato plants in the back yard or where space is limited should be trained to stakes or trelises. This method saves room, permits of cultivation throughout the summer, prevents rot and sunscald so common where the vines sprawl over the ground, saves much effort in picking, allows easy protection from early frosts, and is altogether a much more interesting way to raise tomatoes.

WANTED—Help of all kinds. Apply Santa Ana Steam Laundry.

CANADIANS ARE ATTRACTED TO U. S. FARMS

Conditions In This Country Looked on With Favor, Says Report

A statement of the Canadian superintendents of immigration that "about 10,000 farmers per year for the last five years have proceeded from Canada to the United States," when compared with the figures of the department of agriculture which show that "less than 60,000 farmers left the United States for all countries of the globe during the decade when certain alarmists claimed that a million farmers left the United States for Canada alone."

The largest exodus from the United States to Canada took place in 1911. The number of persons who left the United States for Canada that year was 49,375. The assumption doubtless has been that practically all these were farmers seeking cheap lands. But the number of farmers who left the United States that year for all places in the world was only 11,560, considerably less than one-fourth the number of people who went from the United States to Canada that year. Nothing like all of that 11,560 went to Canada. There is always a considerable back tide of farmers from the United States to Sweden, Italy, the numerous other countries, and many of these were included in the 1911 figures.

The department figures for eleven years, 1908 to 1918, inclusive, total 55,833 farmers leaving the United States for all countries, or an average of 5075 per year, a little over half the number of farmers coming into our country from Canada alone.

It therefore appears that the old scare that the cheap lands of Canada are attracting enormous numbers of our best farmers and fruit growers has no foundation in fact.

TO TRY DATE GROWING ALONG THE TULE RIVER

W. R. Nutting of Fresno, known as the "Father of the Associated Raisin Company," and who was one of the first men in the state to foster the raisin industry, and especially the Thompson Seedless variety, has interested himself in a project that will, if successful, develop the Tule river valley, between Porterville and Springville, Tulare county, into the "Canyon of a Thousand Palms." He has had a survey made of that section with a view to planting date palms on an extensive scale, definite proof having been established that conditions are very favorable over the twenty miles of foothills.

During a recent visit to that section Mr. Nutting found more than 100 seedless dates growing prolifically in the canyon and many of them bearing fine bunches of fruit.

An active campaign to develop the industry is expected to be started in the near future. Mr. Nutting, who is one of the best known agriculturalists in the state, through his long association with the American and Boston Vineyard companies in Fresno and Kings counties, has been working on the date palm industry in central California for several years. Through experiments conducted a few years ago it was learned that this fruit will do about as well on alkali land as soil that is free from it.

Resinol would clear her skin

"She would be a pretty girl, if it wasn't for that pimply, blotchy complexion!" But the *regular* use of Resinol Soap, aided at first by a little Resinol Ointment, would probably make it clear, fresh and charming. If a poor skin is *your* handicap, begin using the Resinol treatment and see how quickly it improves.

Resinol Soap and Resinol Ointment are excellent, too, for the care of the hair, dispelling dandruff and keeping the hair live and lustrous. All druggists sell Resinol Soap and Resinol Ointment.

The Resinol Treatment contains nothing that could injure or irritate the most sensitive skin.

TALBERT MAN IS MARRIED TO L. A. GIRL

Miss Marie Ramerez Bride of Joseph Courreges at Church Wedding

TALBERT, June 27.—A wedding of local interest wa sheld Wednesday morning, June 25, at the St. Joseph Catholic church, Santa Ana, at which Joseph Courreges of this place took as his bride Miss Marie Ramerez of Los Angeles.

The pretty ceremony was performed at the hour of eleven by Rev. Father Kummelen, pastor of St. Joseph's, before a company of close relatives and friends of the contracting parties.

The young couple were attended at the altar by John Courreges, brother of the groom, and Miss Lupe Ramirez, sister of the bride.

The bride was beautifully gowned in white satin with georgette crepe drapes and wore a flowing veil with orange blossoms entwined. A lovely boquet of white orchids and rose buds was carried.

The bridesmaid wore a gown of blue with hat to match.

Following the ceremony the wedding party were guests at a reception at the home of the groom at this place and the party of twenty-four were served a sumptuous dinner at the noon hour.

The decorations were of carnations and ferns with red hearts intertwined.

Mr. and Mrs. Courreges were welcomed upon their arrival home by Miss Lupe Ramerez with the solo, "O, Promise Me," and during the afternoon, whic hthe bride and groom spent with the guests, they were delightfully serenaded and feted by their friends.

At 7 o'clock they were taken to Santa Ana by Miss Jessie Courreges, from which place they took the evening train for Coronado on a honeymoon trip of a week or ten days.

Upon their return, Mr. and Mrs. Courreges will be at home to friends at Talbert, the groom being in charge of his father's ranch here.

The wedding guests remained until a late hour at the Courreges home and passed the evening with dancing and music.

Misses Lupe ramarez, Carmen Fuentes and Louise Romo and Mrs. P. Laccabanne, all of Los Angeles, remained for a few days' visit with Miss Jessie Courreges.

PACKARD STILL LEADS SUNDAY SCHOOL RACE

WINTERSBURG AND SMELTZER, June 27.—The "Packard" car continues to lead the transcontinental automobile race that is on between the seven classes of the Sunday school of the Wintersburg church and this week beside holding the greatest mileage also made the greatest gain for the week.

The score for Sunday, June 22, stands:

Class No. 1—Overland; teacher, Mrs. W. F. Slater; 230 miles; 5 miles gain.

Class No. 2—Cadillac; E. Ray Moore; 260 miles; 10 miles gain.

Class No. 3—Ford; Miss Ruth Jordan; 195 miles; no loss or gain.

Class No. 4—Stutz; Mrs. E. M. Fox; 175 miles; 5 miles gain.

Class No. 5—Packard; A. H. Moore; 325 miles; 20 miles gain.

Calss No. 6—Hupmobile; Miss Carrie Mallette; 215 miles; no loss or gain.

Class No. 7—Dodge; Miss Ethel Dwyer; 260 miles; 5 miles gain.

ONE LEGGED HUSBAND SOUGHT BY THIS GIRL

TOPEKA, Kan., June 27.—A one-legged Chicago girl would correspond with Robert D. McGiffert, city park commissioner, with a view to "making a match." McGiffert, who has a wooden leg with barometrical qualities, was written up recently by a local newspaper. He is a former marine and lost his leg in battle in France.

Keep the garden busy by planting more seed whenever a crop is taken off.

The real test of a gardener's enthusiasm, persistence and skill will come during the hot days of summer.

Effective work in retaining moisture in the garden the cultivation or muching must be done before the moisture has escaped.

Advertisements.

ACIDS IN STOMACH CAUSE INDIGESTION

Create Gas, Sourness and Pain. How to Treat.

Medical authorities state that nearly nine-tenths of the cases of stomach trouble, indigestion, sourness, burning, gas, bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sours, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestents are not needed in such cases and may do real harm. Try laying aside all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a quarter glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never in liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

WINTERSBURG-SMELTZER

WINTERSBURG AND SMELTZER, June 27.—On Wednesday evening Mr. and Mrs. B. T. Gothard were guests at a farewell dinner given in honor of Mr. and Mrs. Richard Mooney by Mr. and Mrs. Ed Rawlings at their home at Whittier. Mr. and Mrs. Mooney, who had been the guests of Mr. and Mrs. Rawlings the past two weeks, left the following morning for their home in Ogden, Utah, where business interests caused them to hasten their return. They are proprietors of a sanitarium and bath house, connected with the mineral springs at that place. They are just establishing this resort which will be formally opened July 1st.

Mrs. H. Larter attended the all-day meeting of the Happy Workers society held Wednesday at the home of her sister-in-law, Mrs. Ed. Larter at Westminster.

Mr. and Mrs. C. N. Davis and son, Orbin, motored to El Monte Sunday afternoon and remained until Wednesday at the home of Mr. Davis' son, Ellis Davis, while assisting him in establishing his chicken ranch. Upon their return home Wednesday they were accompanied by Mrs. Ellis Davis and baby who came down for a visit of several days.

Miss Gertrude Sharratt left Thursday to join her parents at Stevensville, Montana, to which place they moved about a year ago. Miss Sharratt had since been with her grandparents here remaining to finish the school term. She spent the past week with her sister, Mrs. Kenneth Ufford in Los Angeles and left on her trip from that place.

Mr. and Mrs. Frank Ulrich and daughter, Miss Cleo, drove to Banning Saturday where Mr. Ulrich's sister resides. Mr. and Mrs. Ulrich remained over night and Miss Cleo stayed for a longer visit with her aunt. She will be away at least a week, probably two.

Mrs. Chris Nelson has been ill with tonsilitis this week and was able to be up for the first time Wednesday. Mrs. Barton has been caring for her. The frouble has been epidemic in the Nelson family, all the children having had it during the past week. One of the little girls was extremely ill and in bed for several days. Last week Mrs. Nelson suffered for several days from ptomaine poison caused from eating apricots.

Prof. and Mrs. H. O. Ensign and family moved Saturday to the Westminster gun club where they will remain a month during the absence of Robt. Falcke while looking after his interests there. Mr. and Mrs. Falcke and family left Saturday morning in their machine for Nevada where they will spend their month's vacation with relatives. Mr. and Mrs. Ensign moved in Saturday afternoon.

Saturday is the day of the Springdale school picnic to which all pupils and patrons of the school are invited. Anaheim Landing will be the destination for the day's outing and a good time is anticipated. The school house is the meeting place and 9 o'clock the hour set for leaving. Transportation will be furnished for all those wishing to go who have no machines.

Mr. and Mrs. E. M. Fox entertained at dinner Wednesday. Mrs. Fox's sister, Mrs. G. W. Wardwell and family of Huntington Beach. Mrs. Fox and Mrs. Wardwell spent the afternoon with Mrs. O. H. Ensign.

Mr. and Mrs. A. Ruoff spent Tuesday fishing at Huntington Beach and Wednesday Mr. Ruoff and Normand were off on another fishing expedition.

Mr. and Mrs. E. Ray Moore and family drove to Hemet Saturday, remaining over Monday with relatives there. On the return trip they came by way of Ontario and stopped over at Cucamonga for a short visit with Mr. and Mrs. Walter Buehler, former residents here. Buehler, who was blacksmith on the Golden West ranch owns the shop at Cucamonga and has a good business. Upon reaching home Monday Moore discovered that his windmill had pumped no water while he was gone and failing to locate any cause for it decided the water had fallen befow the pipe. He tried to get some one to sink the pipe deeper and failing in this decided to see if he could remedy the matter himself, when he discovered the cause to be only a defective cylinder.

Mrs. Blanche Paul and children left Saturday for Escondido to work through the fruit season.

Mrs. H. Larter and daughter, Miss Florence left Thursday morning for Laguna to spend several days at their cottage.

Mrs. B. T. Gothard entertained with a delightful dinner party at her home Sunday in honor of her sister-in-law, Miss Ethel Gothard of this place and Miss Helen Kemp of Long Beach. Both young ladies graduated from high school the past week, Miss Gothard from the Huntington Beach school the 19th, and Miss Kemp on the 20th from the Long Beach. Covers were laid at the prettily appointed table for ten, those present being the honorees, Miss Gothard and Miss Kemp, the former's brother, George Gothard, the latter's parents, Mr. and Mrs. J. E. Kemp of Long Beach, Mr. and Mrs. Leonard Stockenberg and son, Harold, also of Long Beach, and the host and hostess, Mr. and Mrs. B. T. Gothard.

Miss Eunice Stockton went to Tustin Wednesday where she was an over night guest of a friend. In the evening they attended the Senior class play given by the graduates of the Santa Ana Polytechnic High School.

T. J. Stockton is rapidly recovering from the smallpox and is now feeling fairly well. He is up and about all the time. He continues to remain in quarantine and the family take his meals to him.

Mr. and Mrs. E. M. Fox and family with Prof. and Mrs. H. O. Ensign and family motored Sunday afternoon to Newport Beach where they looked over the Ensigns prospective home for the coming year and the school of which Prof. Ensign will be principal.

Mrs. Marie Harris of Santa Ana was a guest Thursday at the home of her brother, H. Larter.

FRECKLE-FACE

Now Is The Time to Get Rid of These Ugly Spots

Do you know how easy it is to remove those ugly spots so that no one will call you freckle-face?

Simply get an ounce of Othine, double strength, from your druggist and a few applications should show you how easy it is to rid yourself of freckles and get a beautiful complexion. The sun and winds of March have a strong tendency to bring out freckles, and as a result more Othine is sold in this month. Be sure to ask for the double strength Othine, as this is sold under guarantee of money back if it fails to remove the freckles.

March Worst Month for This Trouble

EL TORO NEWS

EL TORO, June 27.—Mrs. Geo. Hardy of Orange, formerly of El Toro, entertained her Sunday school class this afternoon. Mrs. Harvey Swartz chaperoned the party, which consisted of the following: Misses Vera Cranford, Vida Cranford, Charlena Swartz, Dollie Rodger, May Swartz and Ida Swartz.

Mr. and Mrs. Frank Shaw are the proud parents of a new baby boy.

Miss Esther Munger spent the weekend with her mother.

Miss Carol Davidson of Swison, Cal., is writing Mrs. W. Cornelius and Mrs. Munger. She admires Southern California so much that she hopes to secure a school in this section for the coming term.

The Misses Juanita, Grace and Josephine Daguerre, with their guest, Miss Amestoy of Los Angeles, motored to Modjeska Inn and were entertained at afternoon tea.

Con Coleman of Murietta has arrived in El Toro to take up the duties of lookout on Santiago peak, which will last through the summer months. Ranger Stephenson took him to the peak yesterday to install him and explain the duties.

The county supervisors last Saturday met Forest Supervisor Tillotson, Road Engineer Ballis and Ranger Stephenson at the proposed site of the county play ground in Trabuco. Estimates were made as to the cost of the road and other improvements contemplated.

Mrs. Leah Pesterfield has been very ill, but is much better now.

Mrs. W. G. Olds entertained with a chicken dinner last Saturday evening in honor of Miss Nell Chaney of Oakland. After dinner dancing and music were enjoyed. Those present were Mr. and Mrs. Perry, Br. Birdsal of Fullerton, Mr. and Mrs. Leabow, Mr. and Mrs. Robinson, Mr. and Mrs. Stephenson, and Mr. and Mrs. Olds.

Mrs. Warren Grey's mother of Del Mar is visiting her.

The owners of the apricot orchards are getting ready to pit. Some of the fruit will be ready to work on the first of next week. There is un unusually large crop this year and it will take a lot of people to handle it.

AMERICAN-SIBERIAN TRADE IS STARTED

SAN FRANCISCO, June 27.—An established beginning of American-Siberian trade relations has had its start here with the establishment of a branch of the L. Vladimir, Bogolapoff Co., of Vladivostok. The branch here is under charge of S. B. Ginn, who is general manager of the company in the United States. San Francisco has been selected as the natural center for trading with Siberia.

Fifty of the seventy-four 4-minute men at Fresno were honorably discharged. The organization will remain intact for a time, but wil be unofficial.

ORANGE PERSONALS AND NEWS NOTES

ORANGE, June 27.—The reception given by Mrs. G. N. Atwood at her home on East Chapman avenue, in honor of Rev. and Mrs. H. V. Harris of the Trinity Episcopal church was altogether delightful.

The affair was given to show the appreciation of the congregation for the work of Rev. Harris during his four years' service as rector of the Trinity church.

Red, white and blue and the Allied flags made a very decorative and attractive color scheme.

Mrs. Francis Smith favored the guests with some very beautiful songs and Miss Alma Geiger played a number of lovely piano selections. Cooling refreshments were served, and about seventy-five guests enjoyed the hospitality of Mr. and Mrs. Atwood. Out of town guests were Rev. and Mrs. T. J. O. Curran of San Pedro.

* * *

Corporal Vernon C. Rozell of the 15th Balloon Co. Air Service, arrived in Newport News yesterday, was the word received by his father, C. J. Rozell. Corporal Rozell has been overseas a year the first of July.

The Knights of Pythias and the Pythian Sisters hel dtheir regular meeting at the Odd Fellows hall. There were visitors from Anaheim also. It was decided to hold the meetings only on the first and third Wednesdays during the summer months.

Mr. and Mrs. P. W. Ehlen have returned from Oakland, birnging with them Johnnie Ehlen and Mrs. Brohm, wife of Prof. Brohm of the California Concordia College.

Carl Frice has arrived from Oakland, where he has completed a four-year course in the California Concordia College.

Percy Davis, Elmer Yordy, H. Robinson and Charles Dyer formed a fishing party to Deep Creek. They will return Sunday.

E. W. Pohlmann and family of South Glassell street are moving to Anaheim to make their home on their ranch at West Anaheim.

Miss Gelsemina Brown of the high school faculty has gone to her home in Riverside to spend the summer vacation.

E. R. Forbes and family left yesterday by auto for a visit during the summer months in Houston, Texas.

Mr. Hornstra and family of north Glassell street have gone to Los Angeles to make their home.

N. T. Edwards and family have gone to Bear Valley, where they will spend a week's vacation.

Mrs. M. C. Kilgore left yesterday for Fayetteville, Arkansas, to visit with her daughters for a couple of months.

As soon as the soil is tillable after a rain or irrigation cultivation and muching should be attended to as if a long dry spell was in sight.

Remember that light waterings and sprinklings are of little use in summer time. Thorough soakings when neded followed by breaking the surface is the only practical way.

TRY SHAW—CLEANING EXPERT

He will clean, press and dye them a little better. Our method is modern. Our equipment is the very best consistent with our class of work. We will repair your clothes—make them look like new.

All minor repair work done free.
Suits made to order.

GREATEST WHEAT CROP WILL BE HARVESTED

Federal Reserve District Report Is Optimistic In Many Lines

SAN FRANCISCO, June 27.—Predictions that the Pacific Northwest and California will harvest their greatest wheat crops and a decidedly optimistic showing in lumber, building, exports, banking, most lines of farming and fruit raising and business in general features the report of the Twelfth Federal Reserve district.

Bank clearings—always a good business barometer—for May in 19 principal cities of the district show an increase of 26.5 per cent over May, 1918. Oakland led with a 42.5 gain, followed by Los Angeles with 40.9, and Portland with 38.5 per cent. Bank deposits increased more than 20 per cent over May, 1918, in nine large cities.

Wheat production for the Northwest and California this year is estimated at 119,000,000 bushels of both spring and winter wheat. This is an increase of 59 per cent over the 70,613,175 bushel crop of 1918. This year's estimate, prepared by the U. S. bureau of crop estimates, is: Washington, 57,775,000; Oregon, 23,641,000; Idaho, 23,253,000; California, 14,400,000. This will be largest crop ever produced in Oregon, Washington and Idaho, and California's largest wheat crop since 1907.

Alfalfa Crops Cut

"The first alfalfa crop is being cut in Utah, northern Nevada, Idaho and Oregon," says the report. "Arizona, California and southern Nevada are cutting the second crop. Livestock is generally improving in condition and summer range continues good.

"No change is noted in shipbuilding activity on the coast, except that a few yards are discharging some of their men, as government contracts are completed. These, however, are finding employment without difficulty."

As a problem, unemployment has disappeared in the district, the report states, supply and demand being about equal. The situation in California, where about 5000 are unemployed, is declared about normal. Lumber camps and some shipyards report labor shortages, and fruit men anticipate considerable trouble in getting sufficient fruit, berry and cannery help.

Mills Running Full

With an unusually strong demand for lumber, mills are opening up to full capacity. Increased production cost and limited supplies on hand have advanced retail prices. Orders were 23.2 per cent above production. Yard stock is so much in demand that all but a few mills which are under contract are cutting the entire log into yard stuff. Foreign demand is increasing, but bottoms for shipping are unavailable.

General exports from Pacific ports increased 16.7 per cent over April, 1918.

The California orange crop shipments are estimated at 16,600,000 boxes, as compared with 9,200,000 boxes last year. Deciduous fruit reports from all parts of the district are favorable, except in Oregon, where prunes have been dropping heavily.

Alaska's Great Riches Only Scratched, Avers Department of Survey

JUNEAU, Alaska, June 27.—Alaska is still an Eldorado for the gold-seeker and is chuck full of minerals, waiting for the "musher" and others to dig for it, according to maps issued by the United States department of survey.

The maps verify the statement that, despite the great wealth that already has been reaped from these fields, "Alaska's great wealth has only been scratched."

The department is emphatic in its declaration that gold is not the only metal of which Alaska can boast, although the yellow metal predominates in nearly every quarter of Alaska.

The maps show that, in addition to gold, coal, silver and copper, there are large deposits of iron, lead, graphite, cinnebar, palladium, platinum and molybdenum.

GREAT WHITE BIRD STARTLES GLOUCESTER

PHILADELPHIA, June 27.—A big white bird, said to resemble an owl, and claimed to be somewhat on the order of the "Jersey Devil," which caused so much commotion several years ago, has been seen in the central part of Gloucester City at night. Among those who have seen the bird are William Cattell and William Gilmore, officials of the fire department, who say it has been fluttering about the fire house. They are trying to catch it to find out what kind it is. It resembles the bird seen about the Washington park bag-loading plant, giving rise to spook stories among the guards.

WILL DEDICATE PARK FOR WORLD WAR DEAD

LIVERMORE, Cal., June 27.—A committee of citizens of Livermore, Alameda county, has purchased fifteen acres of land to be turned into a rodeo and athletic park as a memorial of soldier and sailor dead of the world war.

The dedication ceremonies will take place July 4th as the beginning of a three-day round-up. The track and buildings and grandstand of the park have been nearly completed. Californians have been given invitations to the event, in which professionalism is barred, the riders and stock to come from the Mount Diablo and Mount Hamilton ranges.

'FLU' IS DEADLY TO NATIVES OF INDIA

Nearly Six Million Victims Die, Declare Reports to Government

NEW YORK, June 27.—Nowhere was the influenza epidemic of last autumn more deadly than in India, where nearly 6,000,000 persons were its victims, it is estimated. The preliminary report of the sanitary commission to the government of India on the effects of the disease there has just been published.

Quoting the report the London correspondent of the Journal of the American Medical association writes:

"In British India influenza was responsible for a death roll of approximately 5,000,000, and it is unlikely that less than 1,000,000 deaths occurred in the native states. The central, northern and western portions of India were the worst sufferers. The hospitals in the Punjab were choked so that it was impossible to remove the dead quickly enough to make room for the dying. The streets and lanes of the city were littered with dead and dying people.

"The postal and telegraph services were completely disorganized; the train service continued, but at all principal stations dead and dying people were being removed from the trains. The burning ghats and burial grounds were literally swamped with corpses, while an even greater number awaited removal. The depleted medical service, itself sorely stricken by the epidemic, was incapable of dealing with more than a minute fraction of the sickness requiring attention. Nearly every household was lamenting a death, and everywhere terror and confusion reigned.

"No part of the Punjab escaped. The total estimated influenza mortality during October and November amounted to 816,317, which is 4.2 per cent. of the provincial population. The poor and rural classes suffered most. The provincial sanitary commissioner attributed this to the fact that such classes were adversely affected by economic conditions resulting from the war and failure of the rains. Food prices were high, milk was scarce, and blankets and warm clothing very difficult to obtain. However, the incidence of the disease was very high among the well-fed British troops in India—greater in fact, among them than among the Indian troops.'

CLIMBS MT. WILSON ON 72ND BIRTHDAY

LOS ANGELES, June 27.—"Live right and think right and when you celebrate your seventy-second birthday you also can climb a mountain a mile high for a little jaunt."

Dr. Edward B. Warman, seventy-two years of age, and his wife, sixty years old, came down from the top of Mt. Wilson, near here, none the worse for their "little jaunt." It was their usual way of celebrating Dr. Warman's birthday and their eleventh trip on such an occasion.

"We feel fine," said Dr. Warman, the day after, when many a younger man would have been in bed or left the journey unaccomplished from sheer exhaustion. Mt. Wilson is about 6,000 feet high and it is an eight-mile hike to its summit.

The Fresno county board of supervisors have decided to ask government aid in the construction of post roads through the mountains from Sanger to General Grant park.

The Turlock Journal, which was recently purchased by Edwin Ullberg, is being published daily. It receives the telegraph news report of the United Press.

Advertisement.

If you really want the puckery tannin-taste, don't buy tea. You can get more tannin from oak-leaves.

If you want the real tea-flavor, pay enough for your tea to get it.

There is some tea-taste—not very fine—in common tea; but the tannin-taste smothers it.

Besides, fine tea is cheaper per cup than poor tea—a pound makes so many more cups.

Schilling Tea is the fine practical economical tea of this country.

There are four flavors of Schilling Tea—Japan, Ceylon-India, Oolong, English Breakfast. All one quality. In parchmyn-lined moisture-proof packages. At grocers everywhere.

A Schilling & Co San Francisco

The breakfast that never keeps him waiting

You are smiling and unhurried, and breakfast is ready on the dot—when it's Aunt Jemima Pancakes! For it takes but a jiffy to beat up the batter—before you know you've started you are taking the hot brown cakes from the griddle; and everything's ready as soon as the coffee is!

All the ingredients come ready mixed in Aunt Jemima Pancake Flour—specially ground cereals, baking powder, even sweet milk—so you add nothing but water. And oh, how those pancakes do taste! They're America's favorite breakfast! Ask your grocer for a package today. Try it for muffins, too.

"I'se in town, Honey!"

ROME'S PROFITEERS FILLING POCKETS

ROME, June 27.—Rome's first experiment with half-salted American pork is not a complete success. When the government dropped it on the market a few days ago at the retail price of 45 cents people rejoiced, thinking they were going to get good pork at about one-fourth the rate they pay for the home product when available. But quickly the sausage factories bought it all up and made it into sausages, and offered it to the public for $3 a pound. Not an ounce of American pork is to be had now. Meantime the price of milk has gone to 23 cents a quart.

So greedy have the local food dealers grown that nothing under 300 per cent profit will satisfy them, and the government appears either too weak or too indifferent to punish them.

American condensed milk, unsweetened, costs $1 a small can, and a pound of canned beef from Chicago is sold as a favor for $2.

The Rome municipal authorities are trying to abolish overcrowding on street cars by starting cars with trailers on the American "pay-as-you-enter" plan. Thousands have traveled daily free of charge by hanging onto the steps, buffers, foot-boards or windows. Many of these "human grapes" as they are called here, seem to hang on "by an eyelash." Accidents are of daily occurrence. Only one of the new-style cars is to be tried at first.

The Coming of Sahara, Great Booze Pageant, Opens Saturday Night

SAN FRANCISCO, June 27.—"The Coming of Sahara," a monster pageant, in which some thousands will celebrate, is expected to be held in this city beginning tomorrow night.

Already the city is crowded with disciples of John Barleycorn, friends of Tom and Jerry and avowed enemies of Gandier. Hotels are filled to capacity and still the would-be celebrants from neighboring states and dry patches of California, keep filtering in.

The lid has been lifted—slightly. The old life of San Francisco has returned—for a while. July 1st, 1919—the year of the great drought—will be history in a few days and placed in the same historical obscurity as the deluge.

MUCH COTTON IS USED IN U. S. SAYS REPORT

WASHINGTON, June 26.— Cotton consumed in the United States in May was 487,998 bales, the Census Bureau reported, and in the ten months ending May 31 was 4,783,319 bales.

Consumption during May last year was 575,862 bales of lint and 110,243 bales of linters.

Cotton on hand May 31 in consuming establishments was 1,390,865 bales of lint and 272,583 bales of linters, compared with 1,793,295 bales of lint and 168,084 bales of linters a year ago, and in public storage and at compresses 3,450,944 bales of lint and 212,223 bales of lint and 276,972 bales of linters a year ago.

Cotton spindles active during May numbered 33,556,011 compared with 33,691,576 a year ago.

Imports were 36,812 bales compared with 29,635 bales in May last year.

Exports were 444,718 bales, including 890 bales of linters, compared with 292,041 bales, including 12,012 bales of linters, the May before.

The most delicate warm weather desserts are Dragon sherbets and ice creams. Put up in cartons to take home—will keep three quarters of an hour. Five kinds daily.

PLAN CAMPAIGN UPON GROWERS OF APRICOTS

Directors Say They Must Have Greater Percentage of Acreage

Plans are rapidly being whipped into shape, according to announcement made here by the organization department of the California Prune and Apricot Growers, Inc., for the drive for increased acreage to be made this fall following the challenge sent out to fruit growers of the state by the board of directors at its last meeting.

The Association, which was organized on a basis controlling seventy-five per cent of the prune and apricot acreage in the state, has demanded in a resolution passed by the board of directors that additional acreage be added to its holdings before it will agree to exercise its options on the purchase of crops for 1920 and 1921.

If a large part of the growers now outside of the association refuse to join the combination of fruit producers, which was organized two years ago to put an end to manipulation of market conditions by the independent packers, the association has threatened to go out of business and throw overboard the benefits of co-operative packing and selling, which has been built up under its direction.

Orange county, which is strongly organized in associations in most of the fruit industries, has not been well organized under the California Prune and Apricot Growers, Inc., but under the impetus of the new movement, apricot growers here may sign up. there are few prunes here.

The campaign, as far as it concerns this county, concerns apricot growers only.

Thirteen representatives of the association's organization department are already in the field soliciting growers to sign contracts with the company. It was announced that additional solicitors were to be sent out immediately who will build up local organizations in every prune and apricot county in the state, preparatory to the launching of the membership drive late this fall.

The acreage campaign to be undertaken by the California Prune and Apricot Growers, Inc., is to be very similar in all respects to the one waged in 1917, under exactly parallel circumstances, by the raisin growers of the state, who under a bitter storm of attack by the independent packers, obtained control of approximately ninety-six per cent of the state's tonnage.

Commentin gon the ultimatum sent out to the growers, H. C. Dunlap, organization manager for the association, said:

"The contract with the growers now in force depends for its continuance beyond the season of 1919 on the management's exercise of an option on the deliveries of the crops to be produced during the years 1920 and 1921.

"Our plans in this matter can be best understood by reference to the raisin grower's action under similar conditions. At the end of their first three years of operation on a contract identical in form to ours they made their further activity contingent on the securing of an additional 15,000 acres. From a resulting campaign they secured practically three times this acreage.

One hundred per cent of the growers of the state approve of the prune and apricot growers' association, believe in the association, and would not see it discontinued under any circumstances. When they realize that absolutely and positively the association will not continue in business and in the good support of the markets without their overwhelming support, numbers of them, I am sure, will sign up and insure the future to which the industry is entitled."

Newport Hotel, on ocean front.

COME AND SCREAM AT THE

Scream Club's

ANNUAL OPENING AT

Seal Beach

SATURDAY, JUNE 28.

Come and see your scream favorite at play. Actors, actresses, scenario writers, newspaper folk and a host of others from moving picture circles will be there.

OWN YOUR OWN HOME

BUILD NOW!

WHAT joy it would be to have a home all your own, built as a home should be built, arranged as you've always wanted your house, everything ordered as you want it, when you want it—your own yard and a cottage garden!

There's nothing like owning a home to make a man realize that he's a substantial citizen, or to give people the confidence in him he deserves.

You can't measure the value of owning your home on a dollars and cents basis alone—and yet with rents still on the increase and the price of building stabilized, probably for years to come, home building and home owning never was a better investment.

Just add to that the satisfaction and contentment for your wife, a better place for the babies to grow up, a more "liveable" environment—

A safe investment? Your house and lot are as safe as a bond. There is an unprecedented market now for improved property—you can "cash in" at once if you wish. Five years hence, even though building prices slowly settle to a lower level, the tremendous building activity that must come in the meantime will give your investment a substantial increase in value.

Prices will hold steady for years! You'll surely build some day and you'll never find a more opportune time than now
